MANY KILLED IN BULGARIAN CATHEDRAL BY BOMB; PLOT CHARGED TO COMMUNISTS

[BY CABLE AND ASSOCIATED PRESS]

SOFIA (Bulgaria) April 16.—The ancient Cathedral of Sveti Kral (the Saint King) was the scene of a terrible outrage this afternoon. The members of the Bulgarian Cabinet, hundreds of leading political personalities and citizens and many military officers were assembled at the funeral of Gen. Georghieff, who was assassinated in the streets of Sofia, Tuesday night. In the course of the services a bomb, or bombs exploded, causing widespread death and destruction and partly wrecking the old building.

How many persons were killed is not known, but rescuing parties have already taken numerous bodies out of the ruins. None of the ministers was killed, although several were wounded. It is the general belief that this outrage, the attack on King Boris, and the murder of Gen. Georghieff constitute an attempt to provoke a Communist revolution. It is expected martial law will be proclaimed tonight.

VEIL OF MYSTERY CLOAKS ATTACK PLAN FOR FLEET

Admiral Robison Guards Secret as Personnel Awaits Command to Engage the "Enemy"

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 16.—The method of attack to be used by Admiral S. S. Robison, commander-in-chief of the battle fleet, in the attempt to recapture the Hawaiian Islands from the "enemy" who theoretically holds them, was the foremost topic of speculation among the personnel of the United States Grand Fleet as it entered its second night of steaming toward the western outpost of the nation's defense.

Although it has been made known that the Navy and War departments and the senior officers of both services consider the matter of "who wins the war" as minor in comparison with the greater purpose of disclosing defects in the country's defense, both the "Black" force, which holds the islands, and the "Blue" force, which is the fleet, are anxious to be returned victor because of the natural desire not to be beaten in anything.

AVENUES OF ACTION

Several avenues of action are open to Admiral Robison. Any one or all of them may be utilized in the attack, which will be as much like actual warfare as it is possible to make the game.

It may be decided to attempt to land a party of the marines, who are traveling aboard the United States transport Henderson with the fleet, reinforced by the regular marine detachments of the various vessels, and a landing party of sailors.

This landing would be made on Oahu, "the Gibraltar of the Pacific," and the objective of the fleet, preferably near the Pearl Harbor Navy Yard. It will be necessary to make this landing attempt at night under cover of darkness as it will be impossible to escape the vigilance of the "Black" scouts during the day.

If the landing is effected, it will necessitate an overland march to Pearl Harbor, which theoretically will be "blown up" if the "Blue" forces are successful. A short journey by water also will be necessary before the fleet forces can put the naval air base on Ford island, in Pearl Harbor, out of action.

ATTACK IN AIR

Another possible angle of attack is by the use of the airplanes on the U.S.S. Langley and the scout planes carried aboard the battleships and launched from catapults.

It is considered unlikely that this aerial attack could be made directly upon Oahu from sea by the Navy planes, because of the presence in the air of the "Black" planes defending the island. The island army and navy air forces have been reinforced during the past month by a squadron of the fleet planes which were taken to the islands by the U.S.S. Jason and U.S.S. Wright, airplane carriers converted from colliers, and the tenders Teal and Sandpiper.

A better plan in the opinion of military and naval strategists will contemplate the seizure by the "Blue" force of one of the other islands of the group, which are not fortified and would fall easily, it is believed, before the attack of the fleet. From this island an air attack could be launched against Oahu.

MAUI BEST BASE

For the purpose of the attack, Maui is considered the best island from a strategical standpoint for the establishment of a base. Maui is only seventy-five miles from Oahu, within easy cruising distance of the fleet's airplanes, whereas the island of Hawaii is 192 miles from Honolulu and Kauai is ninety-five miles from the fleet's objective.

The Island of Molokai, because of the distance from Oahu and because of its mountainous contour, is considered out of the question. The Island of Hawaii has a landing field near Kilauea Volcano, but that is more than 200 miles from Honolulu and an aerial attack could be launched more effectively, it is believed, from Maui, which has landing fields.

Several other methods of attack are open to Admiral Robison, as the fleet which steams tonight over the Pacific has in its components every element of naval offensive warfare known to man.

GUN EPISODE MARS VISIT OF ROYALTY

Sister of Queen Mary's Lady-in-Waiting Victim; Attempt to Die Intimated

[BY CABLE—EXCLUSIVE DISPATCH]

ROME, April 16. — The Queen and King of England, who are on a convalescent trip to Italy, got a considerable shock yesterday afternoon when, shortly after a visit to Villa Igea at Palermo, Lady Marion Hastings, daughter of Lord Huntington and sister of the Queen's lady-in-waiting, was found shot. She had a bullet in her left lung and it is intimated she attempted to commit suicide. King George sent for a physician, who believes he can save the patient.

The Sicilian press, with its usual Latin frankness, hints at a secret romance behind the shooting and believes it may have been a rebuke from Queen Mary which prompted the attempted suicide. Lady Hastings is the wife of Capt. Patrick. She had been residing at Villa Igea before the British King and Queen came to visit.

DAWES TO HELP CELEBRATE

Vice-President and Wife Off to Boston to Take Part in Revolution Sesquicentennial

[EXCLUSIVE DISPATCH]

CHICAGO, April 16.—Vice-President Charles G. Dawes and Mrs. Dawes left Chicago on the Twentieth Century Limited this afternoon for Boston, where on Saturday, Sunday and Monday the Vice-President will represent the United States government and be the central distinguished figure in a series of sesquicentennial celebrations of the battles opening the Revolutionary War.

Although appearing at as many of the celebrations as he can encompass physically, Gen. Dawes will make only one speech, that on Saturday night at Old North Church, the one hundred and fiftieth anniversary of the hanging of two lanterns in the church belfry as signal that the British were moving upon Lexington. Those lanterns started the famous rides of Paul Revere and of William Dawes, Jr., who covered the northern road from Boston to Lexington, while Revere rode south, collecting the little army that met the British the next day at Lexington and Concord. Mrs. Paulina Thayer Revere of Boston, a direct descendant of Paul Revere, is to introduce Gen. Dawes at the church exercises. Gen. Dawes is a direct descendant of William Dawes, Jr.

Exercises at Boston on Sunday rededicating Faneuil Hall, where Gen. Pershing is to be the speaker, and celebration of the battles of Lexington and Concord on Monday will be attended by the Vice-President. He leaves Boston Monday night for New York, where on Tuesday he addresses the annual luncheon of the Associated Press, then goes to Washington to be a guest with President Coolidge at the annual dinner of the Gridiron Club on Thursday.

BRANCH BONDS APPROVED

Westwood Campus Gets $3,000,000 and Los Angeles $1,250,000 in Bond Issue Voted by Senate

[EXCLUSIVE DISPATCH]

SACRAMENTO, April 16.—Approval was given today by the plan worked out by Gov. Richardson and the regents of the University of California for an $8,500,000 bond issue to erect State and university buildings in Los Angeles, Sacramento and Berkeley.

The two measures in the scheme, one a bill and another a constitutional amendment, both introduced by Senator Charles Lyon of Venice, were passed by the upper house with scarcely any opposition. The bill was passed by a vote of 32 to 6, and the constitutional amendment by a vote of 31 to 2.

FUND ALLOCATION

The $8,500,000 proposed in the bond measure will be allocated as follows:

Building for the southern branch, University of California in Los Angeles, $3,000,000.

State office building in Los Angeles, $1,250,000.

New buildings at the University of California, $3,000,000.

Completion of the capitol extension building in Sacramento, $1,250,000.

The constitutional amendment, if approved by the Legislature, will be submitted to the people at the general election in November, 1926 and will validate the $5,500,000 in buildings bonds voted by the Legislature.

The only opposition to the building program came from a half dozen Senators who while favoring the erection of the proposed buildings believed the money should be taken from the surplus in the general fund of the State treasury rather than by voting of bonds. Senator H. C. Nelson, Eureka, declared it was unsound economically to borrow money and pay interest by the bond method when there was a surplus of $22,000,000 in the treasury.

AMENDMENTS LOST

Senator Chester Kline of Riverside county made two attempts to amend the bond bill to include $1,000,000 for a building at the citrus experiment station in Riverside. The first amendment lost when the Senate split, 20 to 20, and Senator Ingram, who was presiding in the absence of Lieut.-Gov. C. C. Young, who was called to Berkeley due to critical illness of his mother, declared the motion to amend lost.

An effort to have the vote rescinded by appealing from the decision of the chair was defeated, and then Kline submitted another amendment for $99,000. This move also failed by a vote of 21 to 16.

The Senate today adopted without opposition the resolution by Senator Ralph Swing of San Bernardino county, authorizing the appointment of a State commission to confer with like commissions from Arizona and Nevada to determine the rights of the lower basin States to the waters of the Colorado River under the Colorado River compact.

GOES TO ASSEMBLY

Swing's resolution, which now goes to the Assembly, provides for the appointment of one member of the commission by the president of the Senate, a second by the Speaker of the Assembly and the third by the Governor.

BRITISH AIR RUNAWAY IN STORM, SAFE

Public Fears Allayed With Message That Dirigible Weathers Gale

[BY CABLE AND ASSOCIATED PRESS]

LONDON, April 17.—The Air Ministry announced that the Pulham air station received a message at 3:44 o'clock this morning from the R-33 saying she was making fifteen knots for Lowestoft with a destroyer escort.

At 4:40 the airship asked the sloop Godetia, which is following to close in on her.

LONDON, April 16.—Relief came tonight to an overwrought British public, which had been fearful throughout the day as to the fate of some score of officers and men who were borne away early this morning in the dirigible R-33, which was torn from its mooring mast at Pulham by a fierce gale and driven across the North Sea.

The relief came with a report which reached the Air Ministry that the dirigible had successfully ridden out the storm and was starting on her homeward journey to Pulham from Holland. She was making from five to ten knots an hour, the reports said, and expected to reach the airdrome some time tomorrow morning.

The wind which, during the day had averaged seventy-five miles an hour, had greatly moderated.

PAINLEVE FORMS CABINET; TAKES WAR PORTFOLIO

New French Premier's Efforts Are Successful After Series of Arduous Negotiations

[BY CABLE AND ASSOCIATED PRESS]

PARIS, April 16.—After arduous negotiations Paul Painleve completed his Cabinet about midnight and sent notification to President Doumergue that he had succeeded in constituting a ministry, where Briand had failed. So difficult were the last hours of the task that hope had almost been abandoned of reaching an agreement. But, in addition to forming the ministry, an accord also was found on the ministerial program.

M. Painleve himself takes the post of Minister of War as well as President of the Council, while M. Briand assumes the portfolio of foreign affairs. Joseph Caillaux, whose political career was thought to have ended when, in 1920, he was sentenced to imprisonment and ordered expatriated, will have the guiding hand over France's finances.

The only member of M. Herriot's Cabinet who remains is the former Finance Minister, Anatole De Monzie, to whom is attributed in a measure the downfall of the Herriot administration. He becomes Minister of Public Instruction.

NEW CABINET

The new Cabinet as officially announced is as follows:

Premier and Minister of War, Paul Painleve.

Foreign Affairs, Aristide Briand.

Finance, Joseph Caillaux.

Justice and Vice-President of the Cabinet, Jules Steeg.

Public Instruction, Anatole De Monzie.

Interior, Senator A. Schrameck.

Commerce, Charles Chaumet.

Marine, Emile Borel.

Colonies, Andre Hesse.

Agriculture, Jean Durand.

Public Works, Pierre Lavel.

Labor, Antoine Durafour.

Devastated Regions, Pierre Deyris.

Pensions, Louis Anteriou.

DECLINES POST

M. Loucheur at the last moment declined to accept a post in the Cabinet and the ministry was rearranged. M. Chaumet had been slated for the colonial post.

The ministerial crisis occupied the leading statesmen and bankers throughout the day and night, and slates of all descriptions were suggested and put aside until the final combination was decided upon. It is reported that M. Briand's hesitancy to accept the portfolio of foreign affairs held up the final decision, as his program was said to be greatly at variance with that of Caillaux.

Briand's role, although less spectacular than during the first four days of the crisis, was the point around which the entire situation revolved. Upon his acceptance or refusal to enter the Cabinet hinged M. Painleve's chances of success or failure. One parliamentarian expressed it thus:

"Briand can torpedo Painleve's Cabinet before it is actually afloat."

HERRIOT ECLIPSED

The complete eclipse of Edouard Herriot, the retiring Premier, from the councils of the leading statesmen conferring with M. Painleve, marked the proceedings of the day. M. Herriot paid a short visit to the prospective Premier, but somewhat naively volunteered the information that he had "come without being sent for."

This heightened the impression in parliamentary circles that the late Premier had been systematically omitted from the negotiations of the parties from which the Cabinet was eventually chosen. Herriot announced that he was leaving for Lyons Friday.

Parliamentarians described the Cabinet formed by M. Painleve as composed of the safer and saner elements of the left groups, as compared with the Herriot government and with pronounced leanings toward the center and right parties. The new ministry will continue the policy of conciliation toward former enemy countries, relying entirely on the operation of the Dawes plan for the collection of reparations and, it is declared, will make an earnest attempt to reach some agreement with Great Britain and the United States on inter-Allied debs.

LEVY ABANDONED

So far as internal affairs are concerned the idea of a levy on capital has been abandoned and the policy demanding complete enforcement of the law-respecting

WHEELER TRIAL ON

Evidence Heard in Fee Case

Jury Picked in Three Hours Will be Placed Under Special Guard

Surprise Witness for State Expected to Tell of Collusion Offer

[BY A. P. NIGHT WIRE]

GREAT FALLS (Mont.) April 16.—Progressing swiftly, a jury was completed and taking of evidence begun today at the opening session of the trial of Senator Burton K. Wheeler of Montana in Federal District Court here. The Senator is charged with accepting a $4000 fee after he was elected in 1922 for prosecuting oil and gas prospecting permits before the Department of Interior for Gordon Campbell, Montana oil operator.

Announcement that the government had a surprise witness, a lawyer, who will play an important part in the prosecution of the case, was made by Dist.-Atty. John L. Slattery in his opening argument to the jury.

W. E. Bennett, Registrar of the Land Office here, was the first witness called. He identified records from his office relating to permits involved in the case. The books were admitted as evidence over the protest of Senator Thomas J. Walsh, chief of defense counsel, who interposed technical objections.

The jury was selected in the space of three hours. The defense exercised but six of its ten peremptory challenges.

JURY TO BE GUARDED

The jury was put under surveillance tonight on orders by Federal Judge Frank S. Dietrich, who is presiding. Two special officers under United States Marshal Rollo Duncan, were assigned to be with the jurymen continually. The deputy marshals were put under a special oath to allow no one to communicate with the jury.

Telling the jury about his surprise witness, Mr. Slattery declared the unnamed lawyer will be called to show that he has been approached by Senator Wheeler in Washington and asked to appear before the Interior Department for Gordon Campbell, Montana oil operator, to prosecute Campbell's oil prospecting applications.

Mr. Slattery said he will show that the Senator had asked the lawyer to appear in the Campbell cases in his place.

Mr. Slattery said his witness will testify that Wheeler declared the value of permits mentioned in the conversation involved millions of dollars and that any fees due as a result of the appearance before the Interior Department will be divided between Wheeler and the lawyer.

The Montana Senator is accused of accepting $4000 from Campbell for appearing for Campbell before the Interior Department after his election in 1922.

of the proposal to change the state's constitution. As the constitution now stands, reapportionment would be lawful only on a population basis.

The constitutional amendment would give the three larger counties fifteen Senators and would give thirty-five Senators to the remaining fifty-five counties. However, there would be a proviso that three of the fifteen Senators would be elected from the three counties outside of the city. As the city of San Francisco comprises the county, the three votes, therefore, would go to towns or rural sections of Los Angeles and Alameda counties. Thus San Francisco would have four Senators as against seven now; Alameda would have four, or the same number as at present, and Los Angeles county would have seven Senators as against five now. In all, four Senators would be lost to the State north of the Tehachapi and given to the south. San Francisco would lose, probably, one Assemblyman, while Alameda would gain one or two.

There would be changes here and there in the Assembly with the probability that one or two members now incumbent would be redistricted out of office.

TODAY'S TEST VOTE

The test vote today came on Senator Roy Fellom's motion to bring constitutional amendment resolution to a roll call ahead of the bill relating to reapportionment. The motion was staunchly supported by the San Francisco delegation as it was believed that with the amendment coming before the Senate for passage first it could be defeated, as it required a two-thirds vote in which case there would be no opportunity to pass the reapportionment bill as the agreement to which Senator Jones alluded would have been nullified. The vote on the Fellom motion was 19 for and 21 against, coming after a call of the Senate, which lasted nearly an hour and was marked by considerable confusion and parliamentary skirmishing.

Senators Dennett, Modesto, and M. B. Johnson, Montara, blighted the hopes of the San Francisco delegation by casting negative votes after they had been brought in by the sergeant-at-arms.

Measures to Re-establish Sonoma Institution for Women Warmly Debated

[EXCLUSIVE DISPATCH]

SACRAMENTO, April 16.—Despite the opposition of the State administration to the plan for re-establishment of the home for delinquent women in Sonoma county, which was abolished two years ago after the main building had been destroyed by fire, the Assembly today passed two bills by Assemblyman Frank C. Weller of Glendale to reopen the institution.

One bill appropriating $100,000 for construction of a new building at the home or prison farm, as it is called, was approved by a vote of 53 to 20. The other measure appropriating $50,000 for salaries and support of the institution, was passed 53 to 21.

The bills were introduced at the request of the club women of California and charges were made during the debate on the measures, which was spirited and rather prolonged, that many of the Assemblymen were voting against their honest convictions through fear of losing the votes of the women.

When the bills were before the Ways and Means Committee, from which they were drawn by resolution adopted on the floor, they were vigorously opposed by H. R. Braden, of the State Board of Control and the Governor's budget maker.

LAWMAKERS PROPOSE TEACHERS' FUND QUERY

ITS SOURCES OF REVENUE MAY BE INVESTIGATED BY COMMITTEE

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 16.—Conflicting statements regarding the solvency of the teachers' retirement fund brought about passage in the Assembly today of the Dillinger bill, which provides for the appointment of a committee to make an investigation into the fund with special reference to the sources of revenue.

The bill now goes to the Senate.

In the early days of the session Gov. Richardson issued a statement pointing out that the fund was insolvent. A few days later Will C. Wood, Superintendent of Public Instruction, declared that the retirement fund was in a sound condition.

The committee would be required to make a report to the next Legislature.

This will be possible owing to the practical elimination of the Socialist party from the councils of the new government and the loss of prestige and authority by the Socialists after their refusal to collaborate in the Cabinet.

After conferring for three hours with the financiers, Caillaux said:

CAILLAUX TALKS

"It is not my habit to ask financial advice from financiers and I do not intend to acquire such a habit," when he emerged from a five-hour session with the politicians he remarked:

"Patience has never been one of my outstanding qualities, but I think I am learning it."

Caillaux declared that the situation of the French treasury appeared "very serious" but he hoped, if he took charge of the Ministry of Finance, to "make it normal by various appropriate measures, notably the absolute separation of the question of the treasury and monetary situation from budget considerations."

The return of M. Caillaux to public affairs is received without bitter criticism by even those sections of the press and politicians which have been most instrumental in the past in attacking his policies. No reference whatever has been made to his activities during the war.

Assembly Will Act on Gas Tax Boost Monday

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 16.—No action will be taken on the Breed bill to increase the gasoline tax from 2 to 3 cents by the Assembly Revenue and Taxation Committee until Monday evening, Assemblyman Graves of Los Angeles stated today. With adjournment definitely set for next Friday, hasty action will have to be taken in the lower house on the proposal, as it will not reach the floor of the Assembly until Tuesday, in the event favorable consideration of the committee is given the bill. The Senate voted the increase Tuesday.

HOSPITAL SCHOOL TO GIVE MINSTREL SHOW

Pupils and alumni of the Orthopedic Hospital School, 2400 South Flower street, will be the players in a minstrel show to be given tomorrow afternoon on the school lawn. Invitations to attend the affair have been accepted by 500 Los Angeles people who have aided in the maintenance of the school. Hostesses from the Crippled Children's Guild, in charge of Mrs. Benjamin F. Bledsoe, president of the guild, will greet the guests and serve refreshments. Mrs. Harry Rhodes is chairman of a committee on arrangements. The guests will include several screen celebrities and prominent members of the city's social circles. The show will be given by sixteen talented young men and women patients of the hospital-school. Some of these are bound in casts, wear braces or are restricted to the use of wheel chairs. They will present a varied musical and comedy program after the most approved minstrel fashion.

COURT MAY TAKE SON OF MRS. WAYNE

Petition Filed as Aftermath of Conviction of Mother on Delinquency Charge

Coming as an aftermath to the conviction of Mrs. Reta Wayne on two charges of contributing to the delinquency of her two children, a petition was filed in Judge Archbald's Juvenile Court yesterday asking that Howard Ogden, 3 years of age, said to be a son of Mrs. Wayne and her asserted lover, George Ogden, be declared a ward of Juvenile Court.

Ogden is now a fugitive from justice on the complaint on which Mrs. Wayne was convicted, he having been named a defendant. Mrs. Wayne was asserted to have lived with Ogden in her apartment in Ocean Park, in the presence of her two children, by her legal husband.

The case was brought to the attention of the juvenile authorities by Mrs. Ella Edwards of 3779 Princeton avenue, this city, who said she was given the child by Mrs. Wayne when the infant was nine days of age.

Judge Archbald granted an order temporarily detaining the child at the home of Mrs. Edwards, who said she planned to adopt the boy as soon as court proceedings on the petition filed yesterday were completed.

SENATE PASSES BRANCH BONDS

(Continued from First Page)

the Governor. The Governor also would designate the time and place for the meeting of the commission.

The Assembly at a session early this morning adopted a resolution by Assemblyman Harry Sewell of Whittier, ratifying the charter amendments of the city of Long Beach.

A bill by Senator Inman, Sacramento, to make it legal for the city of Los Angeles to reimburse the property owners of Owens Valley for asserted damages resulting from the appropriation of water for domestic use, was voted out of the Assembly Judicial Committee early this morning with a "do pass" recommendation and later this action was rescinded as the members decided the matter should be given more consideration. Amendments probably will be offered when the bill is heard again tomorrow night.

The Senate today passed by a vote of 21 to 19, a bill transferring the control of the San Francisco Harbor from the State to the city. Practically all the Los Angeles representatives voted for the measure.

Gov. Richardson vetoed Assembly bills 950 and 375, increasing salaries in Riverside county, for the reason that the bills were not approved by the Supervisors and that petitions had been signed protesting against the bills.

To date the Governor has vetoed fifty and signed sixty-six bills and now has a clean slate as all measures hereafter received will be subject to the thirty days' rule, commonly known as the pocket veto.

CHAMBER INDORSES BRANCH-SITE BONDS

The proposition to vote $700,000 for the acquisition of property upon which to erect buildings for the University of California, Southern Branch, was unanimously indorsed by the directors of the Los Angeles Chamber of Commerce at their regular meeting yesterday, according to Secretary Arnoll.

The proposition prohibiting the sale, lease or disposition of beach frontage belonging to the city, also received the indorsement of the chamber at yesterday's meeting.

MAY VOTE ROAD BONDS

[EXCLUSIVE DISPATCH]

WAURIKA (Okla.) April 16.—It is likely that the county commissioners of Jefferson county will call an election soon to submit the proposition of voting bonds for State highway purposes. At a recent roads conference in Waurika business men from various sections of the county favored the call. The primary object would be hard surfacing the Meridian Highway from the north line of the county to Red River.

DOG STORY HIS UNDOING

DETROIT, April 16.—Out of a heap of trash which he loaded in his ash wagon for removal to the city dump William McAllister, 55 years of age, a negro, filched a dilapidated copy of Conan Doyle's "Hound of the Baskervilles," and began to read.

Although McAllister isn't much of a reader the book fascinated him, and he literally read himself into Police Court. McAllister was so busy finding out about the hound in the book and comparing it with the houn' dawgs of Missouri, where he came from, that he forgot all about going to the city dump with his load of trash until after dark.

"'At book made me creepy," McAllister told Magistrate White in Police Court, Thursday. "Ah didn't know but maybe the same kinda animals strayin' round 'at dump. So I gets me that gat the officers took offen me, and goes on down to the dump. Nothin' happens, so I put my hoss away and I'm takin' the gat back home when I sees the officers and I tries to git away. 'Tain't no use, though, 'cause they got me spotted, and here I is."

Magistrate White fined McAllister $25 and costs, but remitted the fine on payment of the costs. He admonished the negro to steer clear of the hound books, leave his gun at home and attend to business. McAllister promised, paid $2.50 and left Police Court.

GOVERNOR KILLS SALARIES BILLS

Riverside County Increases Strongly Protested

Richardson Refuses to Add to Taxpayers' Burden

Executive Signs Measure on Labeling of Oil

[EXCLUSIVE DISPATCH]

SACRAMENTO, April 16.—Gov. Richardson vetoed Assembly bills Nos. 950 and 375, increasing salaries in Riverside county, for the reason that the bills were not approved by the Supervisors and that there had been petitions signed by 1211 people filed protesting against the bills. In vetoing the bills the Governor said:

"Taxpayers from all parts of Riverside county have petitioned me to withhold my approval of the bills and help them to maintain economy. The opposition to increasing the salaries is general and widespread. Petitions have been received from every town and village in Riverside county, protesting against the bills. In view of the protests I do not feel that I can add to the burden of the taxpayers of Riverside county in this matter."

Gov. Richardson has up to date vetoed fifty and signed sixty-six bills and has a clean slate as all bills hereafter received will be subject to thirty days' scrutiny. The Governor is far ahead with his work and ready for all bills that may come down. The Governor said:

"My desk is clear of all bills requiring immediate action. The remaining bills received will be subjected to careful scrutiny and each bill must have its worth approved. The burden of proof will be upon the advocates of bills."

The Governor signed Senate bill 713 providing that lubricating oil containers shall have printed on them a statement of the kind of oil it contains. This bill is intended to prevent fraud. In signing the bill the Governor said:

"There has long been need of legislation to prevent rascals from selling cheap lubricating oil under trade names and pretending that the oil is of a different quality than it is. This measure should be of great worth, especially to the automobile public."

MATE KICKS AT PAYING WIFE'S FEES

Husband Trys to Bargain With Court But 'Hizzoner' Proves Adamant

Arthur E. Roberts made a kick in Judge Gates's court yesterday against paying attorney's fee in the divorce action brought by his wife, Mrs. Marion McLean Roberts.

"You are getting off light," the court informed him. "Your wife is not asking for alimony."

"Well," bargained Roberts, "I'll pay half of the fee."

Judge Gates, however, took another view and ordered Roberts to pay all of the fee of $115 to Attorney Roy A. Linn.

Roberts was still in the bargaining mood, and finally obtained permission of the court to pay the fee in twelve monthly installments.

In her complaint Mrs. Roberts charged nonsupport. She did not ask for alimony, she said, because she felt that if she was unable to get support while she was married her chances of collecting alimony after a divorce were doubly lessened.

Senate Passes Bill on Bay City Harbor Control

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 16.—Without a vote to spare, the Senate today passed a bill transferring control of San Francisco Harbor from the State to the city. The bill now goes to the Assembly.

Senator Murphy, San Francisco, was the only one to talk on the bill. It has been introduced in numerous legislative sessions, but has never reached the Governor's office.

Lineberger Suit in Quick Change Stunt in Court

In rapid succession, the proceedings for an injunction restraining Congressman Walter F. Lineberger and others from entering into a lease for the drilling of an oil well in the Los Cerritos district, near Long Beach, were thrown out of court, then reinstated yesterday.

The case came before Judge Shaw in the morning and a temporary restraining order was dissolved on the ground the petitioners had failed to file points and authorities within the legal time period. During the afternoon session, attorneys for the petitioners appeared before Judge Craig and renewed the action, in accordance with Judge Shaw's order. The injunction is sought by W. L. Taylor and other residents of the exclusive residential district on the ground it was agreed when the property was originally subdivided that no oil wells were to be drilled in the district.

BANDITS HOLD UP TWO

Parked Motorist and Poker Player Forced to Pay Toll

John A. Grine, a broker, of 866 South Crenshaw Boulevard, and Sam Fletcher, 1140½ East Thirty-second street, were victims of two highly variant robberies, according to reports yesterday to the police. Grine declared that while he was sitting with a young woman in a parked car at 687 South Ireio street, a limousine stopped and disgorged three bandits, who assured his companion she would not be harmed if she kept quiet. They took from Grine $15 in cash and a $60 watch. Fletcher said he was playing poker with two men at Central avenue and Twenty-seventh street and broke the game. As he prepared to leave one of his fellow-players smashed the electric light with a chair and both then set upon him and stripped his pockets, getting $35.

RIVER DATA IS ASKED BY HUNT

Attorney-General is Told to Fix Legal Status

Result to be Submitted to Federal Committee

Governor Hints at Parleys With Other States

[EXCLUSIVE DISPATCH]

PHOENIX, April 16.—Gov. Hunt today asked Atty.-Gen. Murphy to detail Asst. Atty.-Gen. Lynch to ascertain the legal status of Arizona with reference to the Colorado River, with an occasional report to the Governor of the progress made and of questions that may be found for solution.

The Governor is calling upon the Attorney-General, he says, because the late Legislature refused to appropriate to him $100,000 for securing additional legal, engineering and economic data with reference to the development of the Colorado River. There was an appropriation of funds to be used in co-operation with the United States Geological Survey to supply, in all probability, the necessary engineering information, but not for sustaining the executive position with reference to claims made in regard to the State's legal status.

The results of the study to be made by the Assistant Attorney-General are to be submitted to the Senatorial committee that is to be in Arizona this fall to hold hearings with reference to development on the Colorado.

The Governor adds: "Arizona's interests make it imperative that our legal status be determined some months prior to the coming of the committee, in order that conferences may be had, possibly with other States and particularly with representative men in Arizona, in order to submit a plan to the Senate committee which will conserve the interests of our State."

BELGIAN YOUTH ON WAY TO HOLLYWOOD

[BY CABLE—EXCLUSIVE DISPATCH]

ANTWERP, April 16.—All Belgium is being scoured for Jean Commerman, 13 years of age, a cinema fan, who entered his home while his mother was out, stole 20,000 francs (approximately $2000) and vanished. He was traced to a pegiodical store where he purchased an atlas and asked the proprietor the shortest route to America. The shopkeeper showed him on the map. Since then all trace has been lost.

LOSER GETS CONCESSION

[EXCLUSIVE DISPATCH]

TOMBSTONE (Ariz.) April 16.—J. P. Cummings of Wilcox has been permitted by the Board of Supervisors a reduction of assessment from 11,000 head of sheep to 7000 head. It was shown that he had accepted the estimate of a previous owner concerning the number of animals transferred, but that a count found a shortage of 4000.

SHEPHERD SAYS NOT GUILTY

Chicagoan Charged With Murder of Millionaire Ward Arraigned in Criminal Court

BY J. P. GALLAGHER
"Times" Staff Correspondent
[EXCLUSIVE DISPATCH]

CHICAGO, April 16.—William Darling Shepherd, arraigned before Chief Justice Jacob Hopkins of the Criminal Court today on a charge of murdering his millionaire ward, William Nelson McClintock pleaded "not guilty" in an emphatic tone.

Judge Hopkins previously had overruled a motion by Attorney William Scott Stewart to quash the indictment. In making this motion Mr. Stewart said that he did not care to argue it, and the judge said that he would not consider it under the circumstance.

As soon as the plea had been announced First Assistant State's Attorney George E. Gorman demanded that the trial start at once. Judge Hopkins ruled that the date was a matter for the trial judge to determine.

"This case will follow the regular call," he said. "It will be assigned as soon as State's Attorney Crowe, who is not in the city, returns."

He added that if the prosecution and the defense could agree on some particular judge, the case would be assigned in accordance with their wishes.

Attorney W. W. O'Brien associated as defense counsel with Attorney Stewart, demanded that the State furnish him with a list of witnesses other than those who appeared before the grand jury. Mr. Gorman retorted that this would be given at the proper time. After some argument it was agreed the list would be given the defense.

Shepherd's answer was made as he stood between his attorneys. Led into the nearly filled courtroom by a bailiff he nodded to several friends and conferred briefly with Attorney Stewart. The question concerning his plea was read by Robert Jones, indictment clerk.

"William Darling Shepherd," he said, "on March 18 the grand jury returned an indictment charging you with the murder of William Nelson McClintock. Are you guilty or not guilty?"

Shepherd looked at Judge Hopkins and said in a low tone:

"Not guilty."

The prisoner was wearing the same brown suit he wore when he was arrested. While awaiting arraignment he was visited in the "bull pen" by his sister, Mrs. Amon W. Pedigo of Indianapolis.

Paramount Buys Ancient Home of Paris Thespians

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, April 16. — The well-known vaudeville-house theater, Boulevard Des Capucins in which many French actors made their bid for fame, closed today when the building passed into the hands of the Paramount Film Corporation which will remodel the auditorium into a huge motion-picture theater.

The sale of the structure was reported at 20,000,000 francs and has created a sensation in the theatrical world. For weeks past the French press has been filled with protests against the disappearance of the famous landmark which is steeped in tradition of Paris theaters. The manager of the theater is now endeavoring to obtain another building in order to keep alive the name Theater Boulevard Des Capucins.

KING'S BAY, SPITZBERGEN, April 15.—An examination has disclosed that the parts of the two airplanes lashed to the open deck of the freighter Hobby, one of the two vessels that carried the North Pole flight expedition of the Norwegian Aero Club to King's Bay from Norway, escaped undamaged when the ship was driven off her course by a gale last Thursday.

The half mile of ice that barred the Hobby and her companion ship, the Farm, from mooring here, has been broken as far as the quay. A landing will be made as soon as possible. The planes are expected to be assembled and ready for the first trial flights within two or three weeks. The planes convoyed by the Farm will be flown to Dane's Island, where the permanent base of the expedition will be established.

The hop-off for the North Pole will be made as soon as meteorological reports show that the weather is favorable. Roald Amundsen, discovered of the South Pole, who will be an observer on one of the planes, was jubilant over the safe arrival of the expedition.

"The first great obstacle has been overcome," he said. "Transporting the planes across the sea from Norway always seemed to me to be one of the expedition's chief difficulties."

CHICAGO, April 16.—Air mail will be carried from New Orleans to Chicago tomorrow for the first time, Lieut. Robert Knapp will hop off tomorrow morning from the southern city on the first leg of a test flight that is sponsored by business organizations of Montgomery, Birmingham, Nashville, New Orleans, Louisville and Indianapolis.

Capt. Asa N. Duncan will take the mail from Montgomery to Nashville, where he will turn it over to Lieut. Vincent J. Meloy, who will complete the trip to Chicago, stopping at Louisville and Indianapolis. Here it will connect with the east and west air service.

Plans for a passenger air route between Chicago and New Orleans, with stops at St. Louis and Memphis, with a charge of $50 for the 800-mile trip, also were made public.

The originator of the plan, and the man who will be general manager of the Chicago-New Orleans Air Transportation Company when it is organized, is Herbert H. Welton of London, Eng.

Welton says the company will maintain six planes, each capable of carrying six passengers, the pilot, and 1000 pounds of freight.

Strauss Blames Puritanism for Backward Opera

[BY CABLE AND ASSOCIATED PRESS]

BERLIN, April 16.—Puritan influences have stood in the way of the development of opera in the United States, in the opinion of Richard Strauss, composer.

"There is a marked difference between the level of artistic attainment reached in the concert halls of America and that reached on the operatic stage," he observed. "In Europe, especially the German-speaking countries, every city of note has a well-equipped opera. In America the Metropolitan Opera of New York and the Chicago Opera are rather exceptions."

ARIZONAN ACCUSED OF HIS RIVAL'S MURDER

[EXCLUSIVE DISPATCH]

FLORENCE (Ariz.) April 16.—C. L. Brooks, a merchant at Redrock, charged with having killed his business rival, Postmaster F. D. Haisin, this morning at Casa Grande was formally charged with murder and was held under $10,000 bail. Brooks now is in the County Jail in this city, declaring his innocence. Haisin was shot the night of January 21. The fatal bullet was fired through a window as the postmaster and his daughter were arranging the stock of their little store. Brooks thereafter was made acting postmaster.

No Need to Tolerate Gray Hair any Longer

You Can Restore the Former Shade with Kolor-Bak

The clean, colorless liquid, known as Kolor-Bak, has enabled thousands of men and women to take years from their appearance by restoring the original shade to their gray hair.

The following is a letter typical of many written in praise of this remarkable preparation.

"Only a short time ago my hair was quite gray and becoming grayer. It was falling out. My scalp itched and dandruff appeared.

"Only a few applications of Kolor-Bak stopped the itching and dandruff. My hair soon stopped coming out. Most wonderful of all, however, is that my hair is again its original shade. I look ten years younger. No wonder I'm so thankful for Kolor-Bak."

Authorities state that hair turns gray when for any reason it fails to receive the proper amount of coloring matter from the cells in the scalp. No matter what the cause of the grayness, it is amazing to see how quickly Kolor-Bak brings back the former shade. It is the best known substitute for the natural pigmentation.

Kolor-Bak is not sticky, greasy, mussy or unpleasant to use. It is just a clean, colorless liquid containing ingredients known to be beneficial to hair and scalp—as easy to use as water. Results often appear in a week.

It not only restores the former shade to the hair; it banishes dandruff, prevents itching of the scalp and stops falling of the hair.

No samples of your hair required—no tests necessary—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if desired results do not appear.

CRIME TRIALS ARE SPEEDED

Survey Shows Courts Are Moving Swifter

Elapsed Time to Verdict Cut 50 Per Cent

Advance Made Where Pleas of Guilty Entered

A survey just completed by the Crime Commission of Los Angeles covering the operations of the criminal departments of the Superior Court shows the average time from the filing of an information in felony cases to the rendering of a verdict after jury trial to be 60.3 days. This survey includes all the felony cases entered upon the records of the Superior Court during the first quarter of the year, 1925.

The original quarterly survey made by the Crime Commission two years ago showed that the average time required to dispose of criminal cases demanding jury trial was 110.8 days. In other words, the criminal departments of the Superior Court have reduced the average time required to dispose of jury cases by nearly one-half during the past two years.

PLEAS OF GUILTY

Where the records show that defendants entered pleas of guilty, the survey just completed indicates that the average time from filing of an information to the imposing of sentence is 46.7 days. Two years ago, 64.5 days was required to dispose of such cases.

In the matter of continuance (other than day to day continuances,) the survey made two years ago indicated an average of 1.35 continuances per trial; the quarterly survey just completed shows that this figure has been reduced to .54 continuances per trial.

PER CENT TO PRISON

During the quarter just passed, 338 or 63.8 per cent of all defendants appearing for sentence were sent to prison; forty, or 7.5 per cent were sent to the Preston School of Industry; sixteen, or 2 per cent were fined, and 136, or 35.7 per cent received probation. Two years ago the quarterly survey showed that 50 per cent were sentenced to prison, 15 per cent to the Preston School of Industry, 1 per cent fined and 34 per cent received probation.

The survey shows the average bail in grand larceny cases to be $3201; in burglary cases, $3166, and in robbery cases, $7982.

In the matter of dismissals of felony cases in the Superior Court, the survey just completed shows a material reduction. Two years ago, 27.9 per cent of all the felony cases appearing upon the records of the Superior Court resulted in dismissals. The quarterly survey just completed shows that this figure has been reduced to 12.9 per cent.

SITE LEASED ON FIGUEROA FOR GARAGE

Corner at Seventeenth Taken for Long Term at $1,250,000 Valuation

Indicative of property value increases in the vicinity, a real estate deal was completed yesterday for a ninety-nine-year lease involving a rental of $1,250,000 for the northwest corner of Figueroa and Seventeenth streets.

D. D. Sayer, owner, acquired the property twelve years ago, at which time it sold for $50,000, and on the basis of the rental return from the present lease, it shows an increase in value over the principal purchase price of approximately 400 per cent.

The frontage consists of eighty feet on Figueroa street, and it has a depth of 200 feet on Seventeenth street. On it is a one-story Class C commercial structure.

It is the intention of Lynn C. Buxton, automobile dealer, to improve the property with a four-story Class A commercial building in which to house his business.

Milton P. Mackey of the sales and leasing department of the F. W. Kadletz & Co., represented both parties in the deal.

The improvements that are being planned at present will involve a construction cost of approximately $275,000.

The deal also illustrates the trend of movement among automobile dealers, many of which firms are now located on Figueroa street.

NORTH POLE POSTCARDS ARE LATEST

Arctic Expedition Will Carry 16,000 Over Top of World as Souvenirs

[BY CABLE—EXCLUSIVE DISPATCH]

TROMSO (Norway) April 16.—Sixteen thousand postcards, sent by Americans and Europeans for transmission to the North Pole, will be carried in the two airplanes of the Norwegian Aero Club expedition that will hop off from Spitzbergen for the world's summit next month. Upon the return of the expedition the cards will be mailed to the senders.

Roald Amundsen, discoverer of the South Pole, who will be an observer in one of the planes, said prior to the departure of the expedition from Tromso:

"Everyone who bought the cards may be assured that they will be carried, without exception, across the North Pole. Every precaution is being taken that they receive the pole 'imprint.' They will be unusual souvenirs."

BRYANT WASHBURN, H. L. TIGHE ARE SUED

LEGAL COUNTER-ATTACK BY DEVAUX OUTGROWTH OF FILM TOUR

[BY A. P. NIGHT WIRE]

DES MOINES, April 16.—Attorneys representing H. A. Devaux, vice-president of the Cosmic Production Corporation, instituted a counter-attack yesterday against Harry L. Tighe, former president of the concern, and Bryant Washburn, cinema star, by filing suits for damages totaling $105,000 against them in District Court.

The suits are the outgrowth of asserted slanderous remarks made by Tighe and Washburn shortly after a number of screen stars making a cross-country tour were arrested here and later released in connection with difficulties growing out of upaid hotel bills at Omaha.

While Tighe and Washburn were in Des Moines their lawyers filed suits against Devaux and the Cosmic company for $150,00 damages. The two men asserted that they had been subjected to "unbearable humiliation" as a result of Devaux's failure to take care of "obligations" he previously had agreed to assume.

Among the Shaded Groves *of* Riverside

How would you like to live in the beautiful City of Riverside, in a 5 or 10-acre ORANGE GROVE which may be purchased for less money, per acre, than well-located city lots?

Here some of the most picturesque homesites in Southern California are being offered for sale, at unprecedented low prices—old producing Orange and Lemon Groves located on paved boulevards within the city limits of Riverside, "The City Beautiful," and where every modern convenience is available to the suburban home-builder.

The Arlington Heights Fruit Company

now offers a limited acreage of this extraordinarily beautiful property for Re-sale—*but at original prices*—which are far below the actual cost of bringing these groves to maturity.

These unbelievably low prices also include permanent and ample water rights in one of the finest irrigation systems ever developed in California.

This is purely a liquidation sale by the English owners of the famous Arlington Heights estate—developed and beautified over a period of a quarter of a century at a cost of more than four million dollars.

If this were a subdivision for profit the prices undoubtedly would be several thousand dollars per acre or more, and justly so, because from scenic grandeur, city conveniences and market and transportation facilities it is incomparable.

But for immediate sale these groves will be priced at $1000 per acre, a few lemon groves at $700; sold in units of five acres or more, including two shares of water stock with each acre in the famous Gage Canal, valued at $125 per share.

Liberal Terms Will Be Extended

If you are keen to have a beautiful California suburban home where very best living conditions will be coupled with profitable income, this perhaps is your only opportunity to ever acquire such highly developed property at anywhere near the prices offered.

On account of the limited acreage and the fact that this sale can only last a very short time you should make an immediate investigation.

ARNEIL IS MEDALIST AT OJAI

Local Golfer Shoots 76 in Qualifying Round of Tourney

BY W. C. WISE
[EXCLUSIVE DISPATCH]

OJAI, April 16.—J. M. Arneil of Los Angeles shot a sterling 76 to win medal honors in the qualifying round of the second annual Ojai Valley Country Club invitation tournament today. J. H. Moultin, also of Los Angeles, finished a close second for medal honors with 77. F. J. Frost, straight hitting southpaw, from the home club, won low net with a handicap of 10.

Nearly 100 entrants teed off in the valley classic this morning. The weather was cool and ideal for golf. The success of the tournament was assured when Lou Hamilton, old-time tournament Standby form Santa Barbara, arrived.

C. A. Bachelor was painfully injured when B. H. Williard accidently felled him with an iron club. Bachelor was rushed to the clubhouse and a physician summoned. After three stitches had tied his eyebrow back in place he was able to continue, finishing the eighteen holes with an 86.

Fred Snodgrass, former Giant baseball star, topped the field, starting from the rear and shot a snappy 123. The only thing snappy about the score was Snodgrass' enjoyment of the round. Stanley Hughes of Hollywood came home with an 82, two strokes behind his team-mate, Earl Neitzel, Big Bill Lohman, Hollywood ace, played the wrong fairways, just long enough to recover and get home in 86. Lohman, in the championship flight should be good. Neal Burns, Hollywood, and his cinema rompers added up 87 for the day.

Rival Heavyweights Tangle Early Next Month

Donn Shields Signs Battlers for May 9 Go

Bert Colima Tries Comeback Stunt Tonight

BY PAUL LOWRY

Bartley Madden, who styles himself the Irish heavyweight champion, will be the next opponent of George Godfrey, the "Black Shadow of Leiperville," Jimmy Daugherty, manager of Godfrey, says Madden's invitation for a scrap with the Black Shadow has been accepted and that the Mission Athletic Club of San Francisco will stage the match May 9.

Madden has been firing a lot of challenges Coast-ward, including Tony Fuente and Godfrey in his list, and the powerful colored brother who ruined big Sam Baker at Doyle's Tuesday night has been the first to accept the defi.

As matchmaker for the Mission Athletic Club, Donn Shields has been dickering with Daugherty for Godfrey's services ever since the "Baron of Leiperville" first brought the black shadow to the Coast.

He wanted Godfrey for the charity matches to be staged in San Francisco tomorrow afternoon, but was unable to secure an opponent willing to go on with Jack Dempsey's former sparring partner. Everybody ducked when George's name was mentioned.

In the East Madden is rated as a very tough heavyweight, one whom Gibbons, Wills and others have been unable to put on the floor Daugherty believes that Godfrey's style will bother Madden, and that the Black Shadow will so wear Madden down with short-arm jolts that he can eventually end the fracas with a knockout.

Daugherty goes north tonight on the Lark to complete final arrangements with Shields for the match.

COLIMA FIGHTS TONIGHT

As the opening gun in a campaign to land a match with Harry Greb, the middleweight champion, Bert Colima, the pride of Whittier will fight Battling Ivy, a Bakersfield favorite, in the oil town tonight.

Ivy's chief claim to fame is a verdict over Kid Mexico, a very tough customer who has entertained Vernon fans on numerous and sundry occasions.

Next week Bert goes to Mexico for a fight in the Mexican capital with Melcor, who at one time held the Pacific Coast middleweight title. This will be staged May 5, which is a big holiday date with the Mexicans.

SOCCER FINALS SUNDAY

The champion Los Angeles Athletic Club soccer team is pitted against Hollywood A.C., their old-time and bitter rival, in the final of the Spalding trophy at Loyola Park next Sunday. The game promises to resolve itself into a battle royal.

ANGEL WINNING STREAK IS STOPPED BY PENNER

Seraphs, After Nabbing Eight in a Row, Are Shut Out, 4 to 0, in Third Contest of Series

BY ROBERT E. RAY

With Ken Penner, ace of the Vernon pitching staff last year, hurling brilliant ball, the Tigers shut out the Angels, 4 to 0, and ended the Seraphs' winning streak of eight straight games yesterday at Washington Park. Penner allowed the hard-hitting Krugmen but five scattered singles and was in danger of being scored on but once.

Although Penner was right, Wayne Wright, who made his hurling debut for the Cherubs, was wrong. Wright was touched off for all four Tiger runs in his five-inning stay on the mound. His wildness accounted for the first pair of Vernon markers, while four solid hits gave the Bengals their other brace of scores. Elm Myers and Elmer Phillips hurled the other three innings against the Tigers.

The defeat shoved the Angels down to second place, for the Salt Lake Bees handed the daffy Ducks their daily defeat.

Ed Hemingway continued to play a bang-up game at short for the Tigers and also kept up his good hitting, getting a single, double and two sacrifices in four trips to the plate, giving him a perfect day at bat. Jack Warner also made a couple of good plays at third.

TIGERS GET TWO

After Penner had retired the Angels in order, the Tigers came up in the first and scored two runs, chiefly because of Wright's wildness. Wright put himself in the hole by walking both Moore and Wolfer. Hemingway sacrificed them along, Wright to Grimes. A wild pitch allowed Moore to score and Wolfer to take third. Murphy's single to left brought Wolfer over with the second marker of the inning. Warner forced Murphy at

Injuries Prevent Local Stars from Showing in Pan-American Tourney

[EXCLUSIVE DISPATCH]

BOSTON (Mass.) April 16. The Pan-American amateur boxing tournament, scheduled to take place here May 1, sustained a severe blow today when the Los Angeles team was forced to declare its withdrawal from the competition because of the poor condition of the team's members. Handlers of the team said that the delegation would start back to Los Angeles tomorrow night.

The members who were scheduled to compete were August Gotto, who won the 118-pound championship in the national amateur tournament Tuesday night; Clayton Frye, 160-pound champion, and Joe Wood, heavyweight champion.

The decision is largely due to injuries suffered by Gotto and Wood in the final contests. During his bout with Lassman, Wood landed a hard blow on his opponents elbow, hurting his right hand, which was badly weakened from previous injuries. The hand

Nurmi States Condition is Again Perfect

[EXCLUSIVE DISPATCH]

CHICAGO, April 16.—Paavo Nurmi, the phantom Finn, paused long enough in Chicago to inform Hugo Quist, his manager, and Loyola University authorities that he would be in perfect condition for his effort to break the 3000-meter record when he faces Willie Ritola in the main feature of the Loyola relays Sunday in Grant Park stadium.

He told Quist in rich Finnish that he would follow through on the rest of his campaign and had no intention of canceling any dates. This means that Los Angeles fans will finally see the Helsingfors athlete in action.

DE PAOLO TIES DURAY

Young Driver Whirls Around Culver City Track to Equal Frenchman's Best Trial Time

BY BRAVEN DYER

Peter De Paolo, who has practically taken the place of Ralph De Palma as the idol of Italian racing fans, drove his Duesenberg charger around the Culver City course yesterday afternoon for an average of 132.9 miles per hour. This mark ties that set earlier in the week by Leon Duray, the fiery Frenchman, who led all other pilots in the matter of speed registration in preparation for Sunday's big sprint events at the Culver bowl.

De Paolo, nephew of the famous De Palma, has already beaten his noted uncle in several races, but he has yet to attain that degree of popularity which has for so many years been accorded "Perrenial Ralph." However, the 28-year-old dare-devil looks better in every start, gains more friends every time he wheels his car onto the boards and in due time will undoubtedly supplant De Palma in the hearts of Italy's racing fans.

Peter De Paolo

Railbirds who watched yesterday's workout gasped when they saw De Paolo drive his No. 12 Duesenberg into the arena. Pete has stolen some of De Palma's stuff, having painted his car cream color, which has been Ralph's favorite hue and even has his number done in the black which has usually graced his uncle's mount. It looks like "Smilin' Ralph" would have to look to his laurels. He is not entered in Sunday's race, being in Denver.

Local fans have been treated to a pair of long races here recently and the sprint events will undoubtedly meet with much favor. Much has been said concerning the five big events, but very few racing bugs seem to know what they actually are. Yesterday we button-holed the incomparable Al G. Waddell and he unburdened his soul. When Al does that there's plenty to write about.

There will be four races of twenty-five miles each. Five drivers will start in each of the first two events, while six will go to the line in the third. The first three men in each heat will qualify for the final big race of the day—the fifty-mile grind. Before the fifty-mile event is staged there will be a fourth heat of twenty-five miles to give the drivers who failed to place either one, two or three in the other heats a chance to get in on the big sprint. Twelve pilots will qualify for the fifty-mile feature.

Speed will be the keynote of

PREPS SET FOR CITY MEET

Hollywood, Manual Arts Clash for Title Again; McKinnon, Ennisman, Miller Injured

All will be quiet in the local high school track sector this afternoon, but that doesn't mean that the battle for the city cinder championship is all over. Today's silence is just the lull before the storm that's coming. The city meet is on tomorrow afternoon at the Coliseum, and so everybody is to have a nice quiet day getting ready for it.

Trial heats at the Coliseum Wednesday failed to throw any light on the probable winner of tomorrow's free-for-all. All the favorites qualified without any trouble, taking their time about doing so, and everything went as was expected, all the stars qualified in the field events and no casualties were reported, so everything should be all set for the big clash.

EDDIE SULLIVAN

Unofficial reports from the various training camps yesterday have it that Capt. Alex McKinnon of Polytechnic, and Paul Ennisman and Al Miller of Manual Arts are very much under the weather and may not compete tomorrow. McKinnon has been suffering from a bad cold and a strained tendon for several weeks. He took fourth in a slow 440 heat Wednesday, and Coach Eddie Leahy says he won't run tomorrow if he hasn't improved.

Ennisman is reported to have wrenched his back and can't do over twenty-five feet with the eight-pound shot. Miller has the same cold that he had when he clicked off a half-mile in 2m. 1 5-10s., against L. A. High a week ago.

Unless something very drastic happens, either Manual Arts or Hollywood will win the meet. The Toilers handed Coach Bill Paige's outfit a close beating in a dual meet and are slightly favored to win again. Lincoln will cut into Hollywood's points and L. A. High will take some of Manual's, so it looks even.

DAUBENSPECK WINS RACE

Phil Daubenspeck of the Venice Plunge Swimming Association won the 100-yard dash for the C. A. Grey trophy, at the Hollywood Athletic Club last night. Lee Jarvis, Hollywood swimmer, was second. The time was 55 8-10s. Daubenspeck and Jarvis had a hard tussle before the experienced Venetian came out ahead. Leland Tipton of the Hollywood Athletic Club won the Southern California A.A.U. diving championship, defeating Cleve Morrison of Hollywood and Paul Kistler of Pasadena.

Paul Nelson, unattached, won the 220-yard breast-stroke event. Al Erickson of Club Casa Del Mar, was second and Thorton of Venice finished third. The time was 2m, 12s. Wally O'Connor of Venice broke the tape in the 500-yard free-style event. Jerry Witt of the Hollywood Athletic Club was second and Lee Jarvis of Hollywood was third. The time was 6m. 29 6-10s.

ED LEWIS TRIUMPHS

[BY A. P. NIGHT WIRE]

BOSTON, April 16.—Ed "Strangler" Lewis of Chicago, former world's heavyweight wrestling champion, won two out of three falls from Alex Lunden, Pacific Coast wrestler, in the Boston Arena tonight. Lewis was a substitute for Wayne "Big" Munn, now ill in Philadelphia, and who last night lost his world's title to Stanislaus Zbyszko.

Loss of Alderette Bitter Blow to Bear Team in Card Meet

STAR HURDLER IS RULED OUT

Faculty Takes Action Against California Man

Hartranft May Break Record in Discus Toss

Richardson and Boyden Due for Big Battle

[EXCLUSIVE DISPATCH]

STANFORD UNIVERSITY, April 16.—Art Alderette, star University of California hurdler, was today declared ineligible for Saturday's "big meet" with Stanford. The Golden Bear athlete has completed his three years of varsity competition, according to California authorities.

Alderette was given a good chance to beat Swede Leistner, Stanford hurdler, in the Iowa Saturday. His absence may swing the meet to the Cardinals as experts had doped the score at 60 to 60, with the result depending on the relay.

In four events California is favored to win first places. Stanford is just as definitely favored in four events, and the remaining seven are considered a toss up. In all event third, and in many second places are very much in doubt.

Capt. Glenn Hartranft of Stanford is naturally favored to win shot and discus, and to break the California-Stanford records, which are now held by himself. The shot mark is 49ft. 8½in., and the discus 145ft. 11 1-4in. The Card skipper is now in his best form of the present season in both events, and he may get a world's record in one or the other. He threw the discus 155 feet against Oregon last Saturday.

Ted Miller, star Card quarter-miler, is favored to beat Johnson of California, former U.S.C. colored flyer, and to beat the California-Stanford mark of 49⅘s. now held by himself.

Stanford's third definite favorite is Bill Richardson, believed capable of winning the half-mile and of beating the California-Stanford record of 1m. 54 3-5s. held since 1914 by Mort Bonnett. In the race Richardson will be opposed by Elmer Boyden of the Bears who beat him in a sensational encounter two seasons ago.

Balancing up this advantage of the Cardinals the Bears hold forth as the favored men in sprints, pole vault, and two-mile. Jim Barber's timmen have been excellent in the dashes, and he is at present favored to beat Campbell, last season's winner, twice. Many figure Hartranft to be the dark horse in the 100-yard dash.

Garner, Hill and Upson of California all have beaten the marks of the Card pole-vaulter, Scofield. Jensen and Schwobeda of California are the two-mile favorites. Charles, Stanford entry, has been ill in bed for almost a week. Before his illness Charles, who had been finishing with a quarter-miler's sprint, was the favorite. Charles may be able to run though he is very weak.

Nurmi Example for Distance Runners Here

William May Garland, member of the International Olympic Commission, the man credited with securing for Los Angeles the 1932 Olympiad, is out with a statement that every trainer, coach and well-wisher of the amateur athletic sport in the United States should bend every effort to aid in the development of distance runners before the next Olympiad in 1928.

The coming of the mighty Paavo Nurmi to the Los Angeles, on Saturday, the 25th inst., says Mr. Garland is of great importance to the athletic enthusiasts. "We can develop, within a few years, just as great distance runners in America as they have in any part of the world," is the emphatic declaration of the man who has devoted much time to making Los Angeles a potent factor in international sports.

"Nurmi, by his announcement of his ambition to win the 1932 marathon here, shows that he is looking a long ways ahead. That is what we should do, and I am hopeful that Nurmi's appearance here on the 25th inst. will be appreciated and taken advantage of by our athletic coaches and trainers."

Jimmy Connolly Sends Name for Coliseum Meet

Jimmy Connolly, the Georgetown University star, yesterday afternoon wired his entry for the Nurmi meet at the Coliseum on the 25th inst. Connolly is considered as the best American middle-distance runner by many of the eastern critics.

The receipt of his name on the list of competitors by Chad Calhoun, president of the Rainbow Division Veterans, is gratifying to the officials of the meet. Although Connolly has several times ran against Nurmi he comes here chiefly to compete against Lloyd Hahn, the Boston Tech star.

UNIVERSITY NINES MEET ON CARD DIAMOND

UNIVERSITY OF CALIFORNIA, April 16.—California's varsity baseball squad takes the road next Saturday, journeying to Palo Alto to meet Stanford in the second game of the Bruin-Cardinal series.

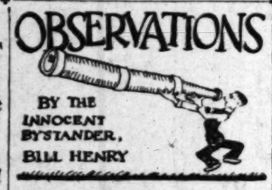
Considering California's 27-5 slaughter of the Cards last Saturday in the opener, the Bears are booked to win this next game and with it the series.

LOCAL FENCERS WIN COAST CHAMPIONSHIP

In the team contest in foil for the Pacific Coast championship, held at Sacramento the 11th and 12th inst., the L.A.A.C. team, consisting of C. C. Shears, H. C. Berls, C. D. Cathcart and A. R. Jaquith, manager, was an easy winner.

In addition to the Pacific Coast championship event, the Los Angeles Athletic Club and Olympic Club met, the score being 7-2 for L.A.A.C.

OBSERVATIONS



BY THE INNOCENT BYSTANDER, BILL HENRY

DROPPED down to Compton on Tuesday to see the preliminaries of the Bay League track and field meet and listen to Pete Poole rave about his new track. Pete is one of the original trainers and coaches of the country and started in at the game over in England about the time of William the Conqueror. Previous to that Pete was in his native country, Scotland, learning the Scottish brogue which even at present makes it practically impossible for anybody to understand anything that Pete says.

Well, after training Occidental's track men for several years, Pete was yanked down to Compton by Bill Edwards and Bill Ramsaur and spent most of last summer putting in a quarter-mile track with a furlong straightaway. It is one of the finest high school athletic plants in the Southwest and, incidentally, while building a track Pete also built up a track team which seems to have a fair chance of capturing the bay title.

* * *

Pete's description of the track sounds like the pedegree of a nondescript cur which licked every other dog on the street. He got the gravel from some place or other in Hollywood and some clay from some place else and several other ingredients from other portions of Southern California. He then dug a track two feet deep and put in a drainage system and filled the elliptical gully up with his mixture and now claims that it is just about the finest track in the South.

Anyhow, Pete's athletes seemed to be very much at home on the oval on Tuesday and did very well, qualifying heavily in practically every event on the program and sharing honors with Inglewood, Huntington Park and Santa Monica in popular choice to capture the event. Pete thinks that he has in Cecil Howard, a sprinter, one of the very best on the Coast. Howard ran a good second in the century and ripped off a furlong in 22.5, which is exceedingly respectable time.

* * *

Poole also vouchsafed a little information regarding Johnny Powers, the ex-Occidental quarter-miler, who was one of Pete's particular prides and joys during his college days. Johnny went down to Compton with Pete after his graduation and assisted him in the building of his now celebrated track. After that Johnny decided that there wasn't enough work to keep him warm, so he departed for Yuma, Ariz., where he has been getting close to the soil for about six or eight months.

According to Pete, Powers never has been satisfied that he had done all that he could as a runner, and in his last letter he mentioned in a casual sort of way that he had been doing some training down there and that he might be up in Los Angeles next month for the A.A.U. meet. That, according to Pete, means that Powers is going to run the quarter in the A.A.U., and that he thinks he is in good enough shape to make a showing. He has run the one lap event in better than 49s.

* * *

One C. E. Wilson, who confesses to being a reader of this column, drops us a line as follows: "Several times recently you (as well as others) have referred to Harvey Snodgrass as Southern California's leading tennis player. I am not taking exception to this statement, but it seems to me that Walter Wesbrook isn't given credit for being the tennis player that he really is. Perhaps I am prejudiced, having known Walter for a good many years, but I really think he should be rated right up with Snodgrass.

"Perhaps Wesbrook will never rise to the heights that Snodgrass will—but he is a good deal more consistent. You surely will agree with me that Wesbrook has been the making of Snodgrass as a doubles player. Much of their success is due to his steadiness.

* * *

"True, Wesbrook didn't show up very well on his eastern trip last year. He had the misfortune to meet the Kinseys, Johnston, or Tilden in practically every tournament in the east, and was eliminated in the early rounds. If he had been fortunate enough to meet players like George Lott and Johnny Hennessey (both of whom he beat with great regularity before he came to California) his ranking would have been much higher.

"Then, recently he beat Cranston Holman, who had beaten Snodgrass a few days before, and has beaten Ray Casey every time they have met. I honestly believe that Wesbrook deserves much more credit than he has been getting from the newspapers. Don't you think there is a little truth in this?"

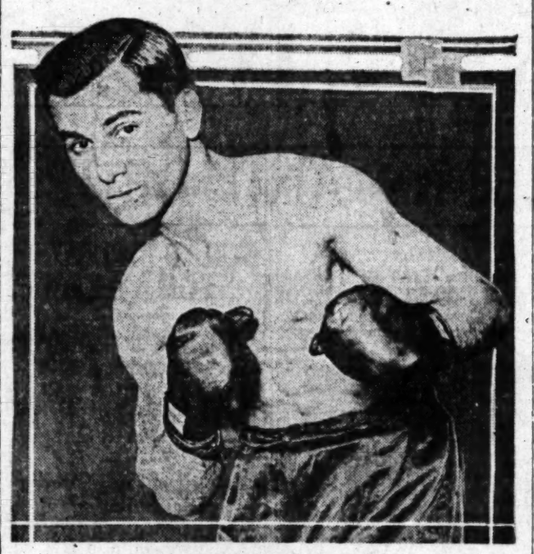
TWILIGHT LEAGUE TO START PLAY TOMORROW

The Hollywood Twilight Baseball League will open in a blaze of glory tomorrow afternoon at the Hancock Ball Park, when the Hollywood Athletic Club and the Hollywood Postoffice cross bats.

A seven-inning game is played each night. The games start at 5 p.m. and ten clubs are in the league. Such well-known former baseball stars as Art Tillet, Shafferm, Get L. Eastman, Bill Thompson, Dana Bennett, George Yardley and Jack Smith will play with the movie city club. Pinkie Crosby will have one of the most powerful teams in the league when he leads his Postoffice stars out.

MEETS LA BARBA TONIGHT

Newsboy Brown hopes to follow in the footsteps of Ace Hudkins and Mushy Callahan, ex-paper peddlers who upset the dope recently in trimming Joe Benjamin and Dode Bercot. Brown battles Fidel La Barba in the main event at Hollywood tonight.



LA BARBA FIGHTS BROWN

Victory Over Newsboy May Get Fidel a Bout With Pancho Villa

If Fidel La Barba can get over Newsboy Brown in the ten-round main event at the Hollywood American Legion stadium tonight, he may get a bout with Pancho Villa, flyweight champion of the world. La Barba is one of the best fighters of his weight in the country and it is pretty certain that if he can trim the clever newsboy, efforts will be made to date him up with Pancho Villa. La Barba's name has already become well known in the East and if he can win over a man like Brown, he will be rated among the top-notchers there.

Because of the fact that Newsboy Brown is breaking into the California boxing ring without much notoriety, it is thought by some that he will be a set-up for George Blake's classy boy. But, Brown has never lost a fight, he is managed by one of the most successful managers in the country and he more than held his own against Kid Kaplan when the champ was training here.

Jimmy Marcus hurt his hand yesterday afternoon and the Legion semi-wind-up has been changed. Mickey Gill and Young Polo will box the semi-wind-up. The card:

Fidel La Barba vs. Newsboy Brown, 118 pounds, ten rounds, main event.
Mickey Gill vs. Young Polo, six rounds.
Joe Salas vs. Joe Piminthal, 126 pounds, six rounds.
Johnny Gerardea vs. Ralph Downs, 147 pounds, four rounds.

Fair Rowena is Winner of Tia Juana Feature

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 16.—Fair Rowena copped honors in the feature race at Tia Juana today, getting the verdict by a head in a tight squeeze. Hyanpom got the place by a neck over Lizette. The top-heavy favorite, Rock Heather could do no better than fourth. The distance was at a mile and seventy yards and Fair Rowena, after a slow start, closed stoutly and got down to win in a stirring stretch battle with Hyanpom and Lizette.

Favorites were much in evidence today and nary an outsider got within hailing distance of the wire. Summaries:

First race, five furlongs: Sunny Maid (Johnson) won; Miss Oakland (Griffin,) second; Santa Tuna (Hooper,) third. Time 1:02.

Second race, five furlongs: Baron Wing (Pendergrass) won; Cuba (Johnson,) second; Shasta Rapids (Hooper,) third. Time 1:02.

Third race, five furlongs: Doland (Melter) won; Wild Thoughts (Johnson,) second; Dan Arvi (Schaefer,) third. Time 1:01 4-5.

Fourth race, one mile and one-eighth: Katinka (Melter) won; Whipsaw (Griffin,) second; Mrs. Pat (Pendergrass,) third. Time 1:57 2-5.

Fifth race, five and one-half furlongs: Great Finisher (Johnson) won; Serena (Schaefer,) second; Letter F (Buntaner,) third. Time 1:08 4-5.

Sixth race, six furlongs: Thistlewood (Schaefer) won; Coffield (Johnson,) second; Bear Shot (Hoagland,) third. Time 1:12 2-5.

Seventh race, one mile and seventy yards: Fair Rowena (Mortensen) won; Hyanpom (McHugh,) second; Lizette (Edwards,) third. Time 1:43 3-5.

Eighth race, five and one-half furlongs: My Friend Pat (Pendergrass) won; Dr. McArthur (Syria,) second; Zorro (Elston,) third. Time 1:07 3-5.

Ninth race, one mile and seventy yards: Bosh (Mortensen) won; Bosh's Memory (Buntaner,) second; Ruddy (Schaefer,) third. Time 1:45.

SEALS TROUNCE OAKS IN THIRD OF SERIES

[BY A. P. NIGHT WIRE]

OAKLAND (Cal.) April 16.—The Seals and Oaks battled in their usual nip-and-tuck fashion today, the visitors winning a close game, 5-4. Oakland made two in the very first inning only to have San Francisco retaliate with four in the second. The home team tied things up with two more in the fourth and the Seals managed to shove over the winning marker in the sixth, giving them a 2-1 lead in the series. The score:

ARNEIL AHEAD IN OJAI TOURNEY

(Continued from First Page)

ued fair and cool weather, prospects for the success of the present tournament seem unlimited as special ball match play against par has been added for Sunday and will top off the present cards. There will be two eighteen-hole rounds, of match play tomorrow and Friday in all four flights.

Finals in the championship flight will be played Saturday, over the eighteen-hole route. Tournament officials, under the skillful direction of Oscar Brown, secretary of Ojai, have arranged the tournament time of play so as to give members and friends not entered in the tournament the use of the links. This play has been so arranged as to not interfere with the tournament play, and is a welcome diversion to local members. All entrants and friends have been cared for in one of the several near-by hotels.

BAY LEAGUE TENNIS TEAMS CLASH TODAY

Racqueters of the Bay League are scheduled for several matches this afternoon. Inglewood is billed to play at Venice, Compton at Santa Monica, Huntington Park at San Pedro, Torrance at Gardena and Wilmington and Lomita, while Redondo draws a bye.

Inglewood, prominent in winter tennis tournament play, makes the Samohians powerful, while Steve Genter and Thomas Wilson, winner of the boys' double title last year, are considered strong for Venice.

BRUINS FAVORED TO WIN IN NET MATCHES

UNIVERSITY OF CALIFORNIA, April 16.—The Blue and Gold of California is the overwhelming favorite to wave supreme over the Cardinal of Stanford University tomorrow morning at 10 o'clock on the Palo Alto courts in the annual tennis tournament between the rival institutions.

Reports from the farm indicate that the presence of Cranston Holman is the only redeeming feature of the squad. The majority of the Card players are not rated nearly so high as the corresponding men of the Bruin aggregation.

OCCIDENTAL AND BRANCH NINES PLAY

Teachout and Brock Are Mound Opponents for Game at Moore Field

What promises to be one of the best baseball games to be played in the southern conference this year is on tap for tomorrow, when Occidental journeys over to Moore Field to meet the local University of California nine.

The Tigers are rated slight favorites in the encounter, their showing so far this season having been an excellent one. In their recent trip to Arizona they won four out of five games, taking two of a three-game series from the University of Arizona, and administering the first series defeat that team has had for five years. The fact they were able to whip Stanford twice while the latter team was south, whereas the Cards took a brace of games from the Grizzlies, also speaks for a Tiger victory. However, Coach Caddy Works has molded together a nine that has shown well in their practice games, and if the Tigers dine on Grizzly steak it is certain that they will show the scars of battle.

Coach Wilkie Clark, Oxy mentor, has built up a scrappy outfit that looks like a bunch of veterans when Capt. Zukie Tanaka, who is a mighty sweet performer around the hot corner, with Hazerot, De Mandel and Mishkin at first, form a smooth-working infield, while Beaver, Hammersley and Hazeltine look fine in the gardening positions. Their fielding ability coupled with a real strength at bat, featuring Mishkin and Tanaka, make the Tigers a much feared outfit, and they should give a good account of themselves tomorrow.

Against this aggregation Caddy Works will throw an outfit that has proven itself to be one of the strongest in the conference. Peake at first, McDougal on second, Wagner at third and Patz playing shortstop form the Grizzly infield, while three veterans hold down the outfield positions.

Much as to the outcome of the game will rely on the two southpaws that will face each other on the mound. Bud Teachout, who is heaving for the Tigers, hurled Franklin High to a city championship two years ago, and is good enough to have been offered a chance with the Angels. Opposed to him will be George Brock, a youngster who, though short on experience, is long on class. It is not improbable that the game will result in a pitchers' battle.

"Rats" Brobst, who has worked with Teachout since his high school days, will complete the Oxy lineup, while Art Hodges is scheduled to work behind the plate for California.

SOLONS ANNEX THIRD IN ROW FROM INDIANS

[BY A. P. NIGHT WIRE]

SACRAMENTO, April 16.—Carroll Canfield pitched the Senators to their third straight win of the series over Seattle, here today, 5 to 2. Canfield had one bad inning, the sixth, when four hits netted the Indians a pair of runs.

Ace Elliott, Seattle first-sacker, received a badly wrenched leg in a collision with Watson in a play at home plate in the third and will be out of the game for several days.

Seven errors tossed away the contest for Seattle. The score:

Miss Richards in Semifinals at San Francisco

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, April 16.—Miss Dorothy Richards of Cleveland, O., Mrs. Louis Lengfeld of Beresford, Mrs. Frank Sheedy, San Francisco city champion, and Mrs. Alfred Swinerton of the San Francisco Golf and Country Club are the semifinalists in the California women's championship, as a result of the second-round matches played at the San Francisco Golf and Country Club.

Miss Richards, whose delightfully easy and graceful swing and all-round golfing ability, had won a rather fearful respect in the medal and first rounds, had a day in the tiger country, as far as the latter half of her match with Mrs. Joe Mayo, the Del Monte woman's champion, was concerned. The Cleveland girl reached the turn with a fairly steady 45 and was 4 up on her opponent who equally had an off day.

LUIS FIRPO NOT TO FIGHT SWEDE CHAMP

STOCKHOLM, April 16. — Because Stockholm police prohibit public professional boxing matches, the proposed match here between Luis Angel Firpo, Argentine heavyweight, and Harry Persson, Swedish heavyweight champion, probably will be abandoned, it was said today.

DEMPSEY OFF FOR NEW YORK

Dormant Champ and Wife to Leave Today

Jack and Photographer Have Warm Battle

To See Tex Rickard About September Scrap

Jack Dempsey, holder of the dormant heavyweight championship of the world, leaves for the East this morning accompanied by Mrs. Estelle Taylor Dempsey and some of his "yes" men. He will travel by way of Salt Lake, stopping over there a couple of days to visit his mother.

Before departing Dempsey had a conference with Jack Kearns, his manager, yesterday afternoon at the Barbara at which time a proposal by a Los Angeles business man to buy the Barbara Hotel was taken up.

"Everything is in your hands," Dempsey told Kearns when he left. "If you get a good price for the property go ahead and sell it. It is entirely up to you."

Earlier in the day Dempsey had a pitched batle with a newspaper service photographer who camped on his doorstep and refused to budge when a "yes" man informed him that Dempsey was not at home.

The photographer heard Dempsey at the telephone and waited. The "yes" man asked him to make himself scarce.

"What's the idea of high hatting me?" was the retort. "Dempsey's only a movie actor. He's no longer a champion."

Whereat the door flew open, nearly tearing itself from the hinges as Dempsey came hurtling forward with his face aflame.

"Who said I was a movie actor and not a champ," as the Dempsey face glowered into the countenance of the photographer.

"Well, you are a movie actor, aren't you?

"Y-e-e-s, but I'm going to see Tex Rickard in New York about a fight next September."

DE PAOLO SETS SPEEDY PACE

(Continued from First Page)

Sunday's program. With not more than six men in any heat the cars will come thundering past Starter Fred Wagner at a terrific pace. When they go into that first curve it will be a battle royal, inasmuch as every man will be fighting for the pole over the short distance. Those who get left behind at the satrt may just as well shut off the gas as nothing but wide-open blinding speed will be in order and the leaders will be giving no quarter.

All of the great pilots of today—Tommy Milton, Benny Hill, Pietro Bordino, Jerry Wonderlich and others—are entered, sixteen in all signing up. The first race starts at 2:30 p.m.

BEES BEAT DUCKS AND GO INTO LEAGUE LEAD

[BY A. P. NIGHT WIRE]

SALT LAKE CITY, April 16.—An old-fashioned slugging match in which each side was credited with an even twenty hits, went to the Bees, 18 to 9, in the third game of the Salt Lake-Portland series today. Tony Lazerre hit two home runs, one with the bases full, and knocked in six runs. None of the Portland pitchers was effective, and McCabe who started for the Bees, had to be taken out, Hulvey completing the game. The defeat of Los Angeles today enabled Salt Lake to take the league leadership. Score:

RED SOX FAIL

PHILADELPHIA, April 16.—Boston Red Sox again failed to hit the win column today when they bowed to Philadelphia's straight defeat, by the score of 7 to 3. Kallio, former league hurler, started his game for Boston and until the seventh, held a one-run lead. Two hits and an error by Ira Flagstead allowed Philadelphia to forge ahead with the tying run. Rommel hit a home run with two men on base in the fifth. Score:

COUNTRY GAINS FOREIGN TRADE

Fear of Loss Unfounded is Official's Report

United States Draws Ahead of Other Nations

World Living Better These Days, Figures Show

BY FREDERIC J. HASKIN
[EXCLUSIVE DISPATCH]

WASHINGTON, April 16.—Business men who have been fearful that the United States would get the worst of it in the fight for the markets of the world, which is the feature of post-war economic and commercial readjustments, will be reassured by a review of the situation made by Julius Klein, director of the Bureau of Foreign and Domestic Commerce of the Department of Commerce. There is a great struggle on, with England and Germany as our chief rivals, but there is every reason to believe that America will not come out second or third best, and there is no real occasion for the panicky feeling that has been evidenced in some quarters.

In the first place a casual summary of recent German and British trade papers and trade-association reports, says Mr. Klein, reveals any number of signs of a precisely comparable fear on the part of our European rivals as to their prospects in the face of increasing American competitive effort. They cannot understand our continued success in bidding for overeas markets in spite of the six years which Europe has had in which to regain its foreign trade.

NOTHING NEW

Also, it is to be remembered that this is not the first time the United States has encountered vigorous competition in going after export trade. During the years immediately preceding the war, from 1910 to 1913, we were up against a notably stiff fight, and we not only held our own, but in such highly competitive areas as the "A.B.C." countries of South America we were rapidly overtaking England and Germany.

"If we examine carefully the more alarming prophecies as to the dangers to our export trade from intensified European competition," continues Mr. Klein, "we find that they proceed in almost every case from the assumption that the trade of the competitive area has already reached a point of nearly complete saturation and that the issue is simply one of the relative strength of the three leading contestants as to which will gain a predominate position.

ERRONEOUS DEDUCTION

"This totally erroneous deduction presumes a rigidity of the standards of living in these economically new lands overseas which is so profoundly at variance with the actual conditions as to be almost absurd.

"If any one outstanding economic or social phenomenon has been demonstrated with irrefutable conviction throughout the world since 1918 it has been the astounding capacity of the human animal not only for recovery from the greatest shocks, but for improvements and aspirations toward higher levels of comfort and well-being entirely beyond any expectations of a decade or two ago."

In other words this trade expert finds that no matter what conclusions may be reached as to whether the world is growing better, the world is unquestionably living better. Last year the import purchases of Latin America, Asia, Oceania and Africa were well above $6,000,000,000, which was more than double the annual average of 1910-13.

Thus we have constantly growing markets to fight for, and the significant feature from our point of view of this stimulated and greatly expanded purchasing power of the buyer nations is the fact that their requirements are largely for those newer products of industrial ingenuity which have been the peculiar forte of American manufacturers—moderately priced automobiles, motion-picture films, labor-saving machinery, ready-made clothing, electrical specialties, office equipment and the like.

NO DISCOURAGEMENT

And the actual figures of the relative status of the three leading trade rivals in representative competitive markets prove that the situation is anything but discouraging for our exporters. In 1913, for instance, England supplied 29.7 per cent of the imports of the three most important South American countries, while Germany supplied 19.7 per cent and the United States came third with 13.5. Ten years late the United States and England were on practically even terms with 24 per cent each, with perhaps a slight advantage to England because of her large interests in Argentina, while Germany had fallen far behind with about 13 per cent as her share.

Similarly in the Far East our share of the trade shows increases. Our percentage of Japan's imports rose from 16 in 1913 to 26 in 1924, whereas Great Britain's dropped from 16 to 12 per cent and Germany's declined from 9 to 6 per cent.

In China, according to Mr. Klein's data, the American gain was even more impressive during the same period, rising from 6 to 16 per cent, while England's share fell from 16 to 13 per cent and Germany's from 5 to 3 per cent. Even in India, a supposedly impregnable stronghold of British trade, though still dominated by her mechants, the American portion of imports, though small, is on the increase, having risen from about 2.5 per cent to nearly 6 per cent.

ELECTORS WILL NAME CORPS OF BOY RULERS

The boy who will rule Los Angeles as Mayor, both in fact and in name for one day on the 28th inst., will be selected this afternoon when 300 juvenile delegates to the electoral college assemble at the Chamber of Commerce to name not only a Mayor for the one day, but also a president of the City Council, a fire and Police Chief, a juvenile judge, Sheriff and chairman of the Board of Supervisors.

The successful candidates will take over the reins of the city and county government on the morning of the 28th inst., and will relinquish them that night. There are more than a dozen juvenile candidates for each office and the electoral college will choose from among them. The convention was arranged by a special committee of the Council for the promotion of Boys' Week in Los Angeles, which is to be observed from the 26th inst. to May 2.

Finnegan, daughter of Mrs. Hereford, was severely injured.

CHICAGO BANKER TO ADDRESS BANQUETERS

By a "Times" Staff Correspondent

PASADENA, April 16.—Three hundred members of the Pasadena Chamber of Commerce will attend the annual banquet to be given in the Hotel Huntington tomorrow evening. George M. Reynolds, prominent Chicago banker, is scheduled to make the principal address.

James A. Williams, retiring president, and Harold B. Landreth, newly elected president, will also make short addresses. The number of reservations for this banquet is said to be the largest in the history of the local organization.

SAVANTS STUDY MANNISH FAD

Every Day in Every Way Girls Are Dolling Up More After Man Fashion

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, April 16.—The amazing development of mannish styles for women is eliciting statements from savants and psychologists studying the underlying motives for the feverish rush for masculinity by the fair Parisiennes.

After bobbing their heads, adopting men's tailors, men's stiff collars, necktiles, flat-heeled slippers, and even woolen sox, the women are now wearing watch fobs, carrying time pieces in their pockets, abandoning wrist watches and the newest wrinkle is a mannish, double-breasted waistcoat.

Colorado Senate Votes to Abolish Direct Primaries

[BY A. P. NIGHT WIRE]

DENVER, April 16.—The upper house of the General Assembly late today passed on final reading a bill repealing the direct primary law and providing for a return to the old party convention system of nominations.

The direct primary has been in effect in Colorado since 1910. The bill becomes a law immediately upon signature by the Governor.

PHILIPPINE SENATE OPPOSES SHIP SALE

WILL CREATE MONOPOLY OF AMERICAN BOTTOMS, PLAINT CHARGES

[BY A. P. NIGHT WIRE]

WASHINGTON, April 16.—Manuel Quezon, President of the Philippine Senate, has protested to the War Department against the sale by the United States Shipping Board of the five President ships of the trans-Pacific fleet to the Dollar Steamship Company.

In the absence of Secretary Weeks the exact nature of the protest was withheld, but it was said to have been based upon the ground that the removal of the Pacific Mail Company would create a monopoly of American transportation to the Philippine Islands.

The protest was transmitted to the Shipping Board without comment.

UNIVERSITY DAY IS FOOD-SHOW FEATURE

With crowds increasing in attendance and free sampling voted a favorite sport, the second annual food and household show in the Ambassador auditorium will celebrate University Day today. The exposition closes Sunday night. Already it has been declared outstandingly constructive and a precedent for affairs of the kind.

Waldo T. Tupper, managing director, announced yesterday that the concluding day of the show will be a climax of surprises and entertainment. The Mexican Trade Bureau, aided by the Matildita Dance Academy, will supply an entire company of Spanish dancers, singers and musicians to make the exposition Sunday take on a distinct Mexican atmosphere.

ARE WE SOON TO BECOME A RACE OF BALDHEADED MEN?
PROF. JOHN H. AUSTIN

Hair and Scalp Specialist, Who Has Been With the May Co. the Past Ten Years, Talks Most Interestingly About the Hair

He says baldness is increasing rapidly among men and points out some of the reasons. Prof. Austin is probably right in saying that only about one man in every hundred ever thinks about his hair at all, except to comb it two or three times a day.

A man will give the utmost attention to his teeth, because he knows that when trouble arises he will have more trouble and probably lose his teeth if he doesn't go to a dentist promptly. But his hair doesn't ache, it just gradually dies, and when it is nearly gone, and the roots are dead, he anxiously tries a dozen different remedies at once and then resigns himself to baldness.

Prof. Austin says the use of dandruff cures, mange cures and hair tonics without proper advice is like taking medicine without knowing what you are trying to cure. Prof. Austin examines the roots of your hair with powerful microscope. He finds out just what is the trouble with YOUR HAIR and then he tells you what to do for the trouble.

LOS ANGELES GETS A GREAT MERCANTILE ESTABLISHMENT

The general public is not aware that this spring season has been one of the most disastrous in the history of Men's Wearing Apparel—as the backward season in the East and touch of dull times caused millions of dollars' worth of countermand orders, especially in men's finest grade clothing. Panic prices to the public through retail avenues, is the only sure salvation for manufacturers and wholesalers to realize quickly. The most noted brands of high-grade tailor-made suits, trousers, top coats, overcoats and cravenettes, in almost endless variety, will be found in this gigantic stock of over one hundred thousand dollars' worth of all new, spring, full-fashion for men and young men.

The following national brands of clothing will be sold for quick cash realization, at about one-half its value, and in some cases even less. The character of this elegant stock appeals to the discretional dresser; a man who is particular about his clothes, especially the Merchant Tailor man. Daniel Boone Woolen Co.—Vanity clothes. Manhattan Brand—Em-Ess, Excelsior, Harley Trim, The Great Sennett—clothes, Soljain and Suitall brands—and others of the highest standard makes in America.

Two carloads—12,000 of the latest styles, straw hats, right out of the original cases, fresh from the manufacturer, will be sold at 25c on the dollar of value. Nothing like it ever occurred in America at any time—East, West, North or South.

The fire-proof store rooms and balconies, representing over 20,000 feet of selling space, known as 734 South Spring Street, has been leased, and a sale will begin next Saturday morning—at 9 o'clock—that will bring every thrifty man and young man to this store, as its equal has never occurred in the United States west of Chicago.

Watch Friday morning's Times for full particulars. No other paper.

Desperate Clothing Sacrifice!
Tomorrow, Saturday Morning, at 9:00
Panic Prices—½ Value

Will open its doors to the public. A sale of magnitude—of real bona fide sacrifice, of fine, new Spring wearing apparel for men and young men. Without an equal since the great panic of years ago.

$100,000 worth of the world's best in materials, full hand-tailored and fashioned to the minute. Cold water shrunk, real Hair Cloth and Linen Canvas fronts, full tape-stays, with silk or satin bound seams throughout. In every weave, color, pattern or design, to be found in the most classy stores of America, at your mercy, for a fraction of its worth.

"SEA FOR YOURSELF"

Of Interest to Women

Many years ago Mrs. Lydia E. Pinkham, of Lynn, Mass., originated her now famous Vegetable Compound for women, by steeping roots and herbs on her kitchen stove. The fame of its success for overcoming some of the most stubborn ailments of women spread far and wide until today the Lydia E. Pinkham Medicine Co., of Lynn, Mass., is said to be the largest user of roots and herbs in the world. It operates a large laboratory at Lynn, Mass., others at Cobourg, Canada; Mexico City, Mexico; Barcelona, Spain, and Paris, France.—[Advertisement.

DODGE'S WIDOW TO WED IN JUNE

Expects to Spend Honeymoon in Europe

Met Her Fiance in Work for Church

May Settle Down on Farm in Michigan

[EXCLUSIVE DISPATCH]

DETROIT, April 16.—Mrs. Matilda R. Dodge, widow of the late John F. Dodge, automobile magnate, and Alfred C. Wilson, whose engagement became known yesterday, probably will be married in June and will spend their honeymoon in Europe.

Mrs. Dodge said today, "I have known Mr. Wilson four or five years. We first met through our interest in the First Presbyterian Church. From the very start I have admired him for his serious attitude toward life, for his kindliness toward his mother and father and for his interest in my children.

CHILDREN FOND OF HIM

"It was not until last Christmas that we really got to know each other well. We were invited to several Christmas affairs and were thrown together frequently. The better we came to know each other the more we realized we had much in common. Above all, he did attract me by his love for the better, although not necessarily, the material things in life.

"And then, when my little girl was hurt a couple of months ago, Mr. Wilson was a great comfort both to her and to me. The children became very fond of him. Slowly, I realized that they needed him as much as I did. It was not until Easter, however, that we decided to announce our engagement.

MAY LIVE ON FARM

"We thought of marriage? Well I guess it just came on us suddenly. That's the way it always happens when two people love each other. We probably will be married in June and very likely will spend our honeymoon in Europe. What our plans are when we return I cannot say. They are now quite uncertain."

Mrs. Dodge is already the owner of several acres near Rochester, Mich., known as the "Meadowbrook Farms." In discussing her plans to marry, Mrs. Dodge gave hesitant confirmation to the report that she might never complete the $4,000,000 mansion on the lake front which the late automobile magnate intended as an ideal home for his family, intimating she would rather live on her farm.

(SPECIAL DISPATCH)
WASHINGTON, April 16.—At ...ate at which American investors are lending money abroad it ...ported by the Department of ...merce in a statement made ...day by the end of this ...ar will be drawing interest ...ayments at the rate of $3,000,000,000 a year or ...ore than $250,000,000 a month. ...ording to the government estimates, that these private lendings ...ow will aggregate ...ore than $10,000,000,000. To... ...ayments show that since the ...d of the year $238,000,000 of new ...ivate money has been added ...ereto, a total of $10,000,000,000. It is considered ...ghly probable that this year's lendings will aggregate ...ore than $5,000,000,000. Actually, foreign ...ans being floated here in the ...st quarter of 1925, but of this ...ount $279,000,000 consisted of refunding ...ans only.

PRIVATE LOANS ONLY

...ese figures refer solely ...private loans and do not include any of the war and post-war lendings by the United States government. The British government is obligated to pay this year on its war debt $24,000,000.

This country in March bought goods to the value of $385,000,000 in foreign countries and exported goods to the value of $452,000,000. The extent of foreign capital loaned in this country is now down to about $3,000,000,000. Thus as against the $83,000,000 a month American investors presently will be receiving from foreign borrowers, American borrowers are paying only $15,000,000 a month.

Practically all of the $10,250,000,000 of American money loaned to foreign governments and foreign corporations by American lenders draws more than 6 per cent interest.

PLENTY AT HOME

In the face of the huge shipment of capital abroad there is nothing to indicate that there is not enough money left at home to finance every legitimate undertaking. The rapidity with which the new Dodge Brothers securities were absorbed so recently is in point. Also in point is the remarkable showing made by the Federal Reserve Board recently when it presented the figures showing deposits were increasing remarkably.

Of the $279,000,000 loaned this year, $129,000,000 went to Europe. German industry alone taking $65,000,000. Poland borrowed $35,000,000 and Finland $10,000,000.

Japan has been the only Asiatic borrower this year, floating $125,000,000 in bonds. Canada has taken since January $67,000,000, or almost twice as much as she took in all of last year. London is no longer Canada's chief banker.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudien esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla atertitorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

Noticias de Washington

WASHINGTON, Abril 16. — El ministerio de justicia ha anunciado una reorganización de sus fuerzas de campo.

Ante la comisión del comercio entre estados ha continuado la audencia relativa a la fusión "Nickel Plate".

Los funcionarios de hacienda dijeron que han llegado a la conclusión de que este país tiene demasiadas variedades de moneda.

El señor Machado, Presidente electo de Cuba, estuvo invitado a almorzar en la Casa Blanca y después dió una vuelta por la capital.

El ministerio de comercio ha publicado una compilación, por la que puede verse que los valores extranjeros, en cantidades crecientes, han sido absorbidos por el mercado americano en el primer trimestre de 1925.

Ha protestado ante el ministerio de la guerra el presidente Quezon, del senado filipino, contra la venta a la linea transatlántica "Dollar" de los buques tipo "Presidente" de la Pacific Mail Company.

Los ministros suizo y polaco han inquirido si el Presidente Coolidge estaría dispuesto a nombrar presidentes de comisiones para arbitraje en las posibles futuras diferencias entre los dos países.

Bomba que Mata a Veinte en la Catedral de Sofía

VIENA, Abril 16.—Hoy se recibió de Sofía la noticia de que, mientras se celebraban en la catedral las honras fúnebres del General Costa Georgieff, el líder conservador que fue asesinado, estalló una bomba en el sagrado recinto y mató como a veinte personas. Las lesionadas son numerosas.

El general Georgieff fue asesinado el lunes último, durante el actual reinado del terror.

¿Se Trataba de Matar al Rey en el Atentado del Otro Dia?

SOFIA, (Bulgaria) Abril 16.—Todavía no se sabe de modo definitivo si la emboscada en que iba a perder la vida el último martes el Rey Boris de Bulgaria, iba dirigida contra él, o se vió envuelto en ella el monarca por mera casualidad. Sea de ello lo que fuere, la circunstancia de que haya salido indemne es bastante para dejar satisfecha a la mayor parte del pueblo.

Nada se ha encontrado aún que pueda dar indicios de quién sean los de la emboscada. No hay más que la noticia de que se ha hallado un documento que indica que los salteadores eran más bien políticos que vulgares criminales. Todo lo que llevaban consigo los dos miembros muertos de la comitiva del Rey fue tomado por los emboscadores, en cuya búsqueda andan las tropas, la policía y la población civil.

Novelista Nombrado Tutor del Hermanito de la Niña Ricksen

A pesar de que Rupert Hughes, novelista y productor de vistas, fue calificado ayer en el juzgado de ateo e inadecuado para gobernar la educación de un menor, el juez J. Perry Wood lo nombró tutor mancomunado de Marshall Ericksen, muchacho de 16 años. Marshall es hermano de Lucille Ericksen, estrellita de cine conocida más bien por el nombre de Lucille Ricksen, que murió hace un mes en muy patéticas circunstancias, cuando se hallaba en el dintel de la fama cinematográfica.

Para apoyar su oposición al nombramiento de Hughes, los abogados Griffith Jones y John J. Craig citaron un cuento de revista que escribió Hughes, según propia confesión. En dicho cuento, que se publicó en Octubre próximo pasado, afirma el escritor que "quienquiera que declare creer en la biblia, o miente, o no sabe lo que dice".

El artículo se intitula: "Por qué dejé de ir a la Iglesia". De él han recogido los citados letrados otras afirmaciones que les parecen profundamente heréticas y reveladoras de ateismo.

Jones y Craig, que comparecieron en nombre de Sempel Ericksen, padre de Marshall, alegaron que un hombre como Hughes no tenía derecho de tomar a su cargo la dirección de la mente de un menor, y menos cuando éste está en la edad en que se afirman los credos y las creencias de la vida. En vista de que Ericksen estaba divorciado de su esposa desde 1917, los abogados pidieron la descalificación de Hughes, aun en el caso de que no se nombrara tutor al padre.

Pronunció el juez Wood su decisión en favor de Hughes a las cuantas horas de que el padre había sido nombrado administrador de los bienes de su hija en la sala del juez Willis. Conrad Nagel, actor de cine, fue nombrado tutor mancomunadamente con Hughes.

Charlas Infantiles para Chiquillos de Escuela

Número 14

Rosita, tengo muchas ganas de saber lo que pasó con Leif el Dichoso y sus treinta y cinco compañeros (I have a great wish to know what happened to Leif the Lucky and his 35 companions).

El libro que tiene mi papá dice que uno de los hombres de Leif caminó tierra adentro (traveled inland) y encontró un extenso territorio (found an extensive territory), donde había gran cantidad (where there was a great amount) de cepas silvestres (wild vines), que daban abundantes y exquisitas uvas (which gave plentiful and exquisite grapes). Por esta razón (for this reason) le dieron a esa tierra el nombre de Vinlandia, o sea la "tierra de las viñas".

¿En qué parte de los Estados Unidos se encuentra ese lugar, Rosita? (In what part of the United States is that place?). No se sabe exactamente (It is not known exactly), porque no se ha encontrado ninguna reliquia de aquellos hombres en nuestras costas (because no relic of those men has been found on our coasts); pero se cree que está cerca de Plymouth, en la costa de la habla de Massachusetts.

COOLIDGE INVITED TO VISIT BOULDER DAM

(BY A. P. NIGHT WIRE)

SACRAMENTO, April 16.—The Assembly today adopted a resolution inviting President Coolidge to visit the site of the proposed Boulder Canyon dam and the Imperial Valley. The measure now goes to the Senate for concurrence.

NEW ENGLAND FLOODED

BOSTON, April 16.—Damage running into scores of thousands of dollars has been caused in Vermont and New Hampshire by recent floods. Rivers, swollen by more than twenty-four hours of rainfall, left their banks, swept buildings away, covered railroad tracks, caused washouts on railroads and highways and flooded lowlands.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.—[Advertisement.

Mr. Harry Goble Tells How Cuticura Healed Eruptions

"My back began to itch and burn and a rash of small pimples broke out across my shoulders. The pimples were hard and red and scaled over, and would break and scale over again. They itched and burned causing me to scratch until my back was covered with sore eruptions. The eruptions were so sore that when I lay down I could not get a bit of sleep.

"I read an advertisement for Cuticura Soap and Ointment and purchased some. In a few days I got relief, and after using three cakes of Soap and one and a half boxes of Ointment I was healed." (Signed) Harry Goble, Lexington, Nebr., July 5, 1924.

These fragrant emollients are all you need for all toilet purposes. Soap to cleanse and purify, Ointment to soothe and heal, Talcum to powder and sweeten.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. M, Malden, Mass." Cuticura Shaving Stick 25c.

MITCHELL'S SUCCESSOR LIKE SPHINX

Col. Fechet Shows Trait When Quizzed on Arrival at Washington

[EXCLUSIVE DISPATCH]

WASHINGTON, April 16.—Immediately on his arrival in Washington today to take up his duties as assistant chief of the Army Air Service, Lieut.-Col. James E. Fechet gave an impressive exhibition of the trait that his friends believe is responsible for his being named to succeed Brig.-Gen. Mitchell, the stormy protagonist of a separate air service.

He refused to talk.

Talking too much undoubtedly cost Gen. Mitchell his job and Col. Fechet is not going to make the same mistake. Reporters bombarded the colonel, who, on the 28th inst., will take the rank of brigadier-general, with leading questions about the air service.

Col. Fechet smiled and told them he had a wonderful trip from San Antonio, coming overland by automobile.

"What do you think of the idea of a separate air service?" a reporter broke in.

"We made the trip here in just eight and one-half days' driving time," answered the flying colonel, who, in his day, has trained more flying cadets than any other officer in the United States Army. "Why we came so fast that we burned out the generator in the first 100 miles. If it had not been for that we would have made the trip in eight days of driving."

At that the reporters gave it up.

Secretary Visits Site of Spanish Springs Project; Takes Up Squatters' Case

[BY A. P. NIGHT WIRE]

RENO (Nev.) April 16.—Secretary of the Interior Work, who arrived at Reno this morning with Elwood Mead, Commissioner of Reclamation, went immediately to the proposed site of the Spanish Springs reservoir, which is to furnish water for an extension of the Newlands project, the first reclamation project undertaken by the United States government.

The Secretary on returning to Reno held conferences with State officials and others in regard to government suits to determine water rights on the Carson River and also in regard to the rights of squatters on the Pyramid Lake Indian reservation.

Congress passed a bill giving the squatters, many of whom have lived on the land for fifty years, the right to redeem their land, but the Department of the Interior has decided that they must redeem it at the present value of land, $75 to $150 an acre, instead of $2 or $3 as they expected. They protested to Secretary Work, who took the matter under advisement.

CHAMPIONS SUCKERS

FERGUS FALLS (Minn.) April 16.—J. H. Jones, deputy game warden, has received instructions from the State Game and Fish Commission to give away no suckers this year. At times these fish have been given away in wagon loads. It is claimed that the destruction of the rough fish is doing more harm than good.

REUNION IN HEAVEN, AIM OF BORGIA

Widow Cunningham Tells How She Intended Taking Loved Ones Into Eternity

[BY A. P. NIGHT WIRE]

CROWN POINT (Ind.) April 16. Mrs. Anna Cunningham, 49-year-old widow of Gary, Ind., who collapsed today after confessing the killing by poison of three of five members of her family who have died in the last six years and the poisoning of another son who is ill in a Chicago hospital had recovered her composure tonight. The middle-aged widow said she killed those she loved best in order to take them with her to Heaven.

Mrs. Cunningham was to have been arraigned today on a charge of having murdered her son, Walter, but after she collapsed, the hearing was postponed indefinitely.

Mrs. Cunningham's astounding plan for reuniting her family after the death of her husband cost only 25 cents, she said. She purchased the arsenic and because she liked Isabelle best, she gave her the arsenic first.

After Isabelle's death she gave it to her other children, she said, in the order of her affection for them, each time taking some herself and once adding iodine to it, but she said she quickly recovered after a short illness, while they died.

Many Jobless Are Injured in Moscow Riots

[BY CABLE—EXCLUSIVE DISPATCH]

BERLIN, April 16. — Serious rioting followed a meeting of Moscow's jobless in the textile trade when their former leader, exiled to Siberia by the Cheka, returned secretly to the meeting, and suddenly appearing on the platform, read a document to the spellbound audience showing that the soviet government spent 270,000,000 gold rubles for propaganda here and abroad in January, while millions of hungry and jobless in Russia received a total of 385,000 rubles as doles for the same four weeks. The documents were examined by the chairmen of the meeting and found to be authentic.

Pandemonium broke out in the assembly hall, spreading throughout the city as the news reached the laboring classes. Before troops were able to subdue the demonstrators, who were demanding that the money be kept at home to provide bread for their families, many were severely injured.

Distant Earth Shock Recorded at Washington

[BY A. P. NIGHT WIRE]

WASHINGTON, April 16.—A heavy earthquake about 6300 miles from Washington was recorded between 3:12 and 5 p.m., today on the seismographs at Georgetown University.

Father Tondorf, in charge of the laboratory, described the shocks, which reached maximum intensity at 3:54 p.m., as "rather severe," but was unable to calculate their approximate location.

Los Angeles is Delayed in New Bermuda Flight

[BY A. P. NIGHT WIRE]

WASHINGTON, April 16.—The dirigible Los Angeles will be unable to leave for her second trip to Bermuda before tomorrow night, the Navy Department was advised tonight in a message from her base at Lakehurst, N. J. It was expected she would leave tonight.

Examination and adjustment of water recovery condensers on the craft after her trial flight today will require twenty-four hours, her commander reported.

NEWS OF SOUTHERN COUNTIES

DEATH REMAINS GREAT MYSTERY

Kings County Grand Jury Through With Case

Investigations Fail to Show Evidence of Crime

Foster Mother Did Not Tell Her Story

[EXCLUSIVE DISPATCH]

HANFORD, April 16.—The curtain was probably rung down this forenoon on the last act of the celebrated and mysterious Lee Camp case, which for a time seemed likely to hold as much public interest as the McClintock case in Chicago. The Kings county grand jury, which has been intermittently in session since the middle of last November and has had the Camp case under consideration since February, adjourned today after handing in its report to Superior Judge Van Seante. The report contained no reference to the case.

The jury found one indictment which was placed on the secret file, with instructions from the judge that a bench warrant be issued on the indictment whenever the District Attorney asks for it. Dist.-Atty. W. R. McKay has spent a great deal of time on the Camp case ever since the death of the young victim.

Lee Camp met with supposedly accidental death on December 14, last, at the ranch home of his foster parents, Mr. and Mrs. W. Stanton Brown, near this city, through a fall from a windmill tower. Soon after Camp's death attorneys for Mrs. Brown filed in the Superior Court deeds to Mrs. Brown to all of Camp's ranch and other property, estimated to be worth $150,000, and it was learned that $120,000 of life insurance in Camp's name was all made payable to his foster mother, Mrs. Brown. Camp's sister was practically cut off.

Investigations of the case by the District Attorney and other officers has been going on for some months, with many sensational phases of the case being inquired into and individuals interrogated. Mrs. Brown, the foster mother, was ill and refused to testify before the grand jury when summoned, her physicians asserting that she was too ill to stand the ordeal. She was charged with contempt of court, but Judge Van Seante dismissed the charge. Mrs. Brown was removed to her home last Sunday, after being a month in a Hanford sanatorium.

DONATES TO LEGION

Mayor of Riverside Presents Site For Clubhouse

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 16.—Nearly half an acre of land adjoining Fairmount Park, offered by Mayor S. C. Evans, was accepted by the American Legion last night for the site of its proposed clubhouse. The planning committee was instructed to start work immediately on plans for the building and to report at the next regular meeting of the ex-service men's organization May 13.

A large number attended a special meeting of the Legion held last night for the purpose of choosing one of three lots offered for the clubhouse. Two of these both west of Lake Evans were offered by Mayor Evans. The third was proffered by Arthur H. Brown, on property owned by him also on the border of the land, but on the northern end.

The lot accepted by the Legion is almost immediately across the highway from the pergola on the western side of the lake. It comprises nearly half an acre of land. There are no restrictions to Mayor Evans's offer. Members of the planning committee are James Wheeler, Nestor N. Brule, William Evans, Alvin D. White, G. Albert, Mills, William Louis Carlson, J. B. Lamar and Mrs. E. W. Tucker.

GLENDALE FISHERMEN JOIN WALTON LEAGUE

[LOCAL CORRESPONDENCE]

GLENDALE, April 16.—The Glendale chapter of the Izaak Walton League of America, meeting at a banquet in the Oakmont Country Club last night received and signed its charter and elected the following officers:

Dr. T. C. Young, president; H. E. Hall, vice-president, W. G. Bode, secretary; A. L. Baird, treasurer, and C. L. Smith, Emil Keifer and Wayne Tracy, who with the officers, will fill the positions of directors.

George Isaac, former fish commissioner of Idaho and now connected with the Garnsey trout farm at Redlands and Pete Peterson, well known Los Angeles sportsman, were present and spoke, the former describing trout propagation, and the latter stressing the necessity for the preservation and protection of wild game and the destruction of predatory animals.

DEATH CALLS WELL KNOWN CALIFORNIAN

[LOCAL CORRESPONDENCE]

SAN GABRIEL, April 16.—John Price Cuddeback, one of the most prominent citizens of San Gabriel, where he had lived for nineteen years, is dead at his home, 819 Hermosa Drive, after a lingering illness. He was a native son of California, having been born in Kern county fifty-nine years ago, and spent practically all his life in this State. For many years he lived at Tehachapi where he had extensive cattle interests. He had been a member of the San Gabriel Country Club for a long time and had many friends throughout the San Gabriel Valley.

Funeral services will be held Friday at 3 p.m. from the Church of Our Savior, San Gabriel, with Rev. John R. Atwill officiating. Interment will be in San Gabriel Cemetery.

FLOWERS ON DISPLAY

Annual Show at Redlands More Gorgeous Than Any Former Event

[EXCLUSIVE DISPATCH]

REDLANDS, April 16.—Redlands' spring flower show was opened this afternoon with the most gorgeous feature any show has ever had, a children's flower parade staged by the school children of Redlands under the direction of Miss M. Louise Arnold of the art department of the high school and the school-teachers. It was by far the most elaborate event of the kind ever held here, every grade school in the city being represented and there being more than fifty entries.

The parade was from the A. K. Smiley Library to the great vaulted Arcade of the Santa Fe station where the flower show is being held. Featured in the parade were Dutch milk carts with the children in Dutch costumes and all decorated with tulips, Spanish donkeys with paniers filled with children, Japanese rickshas with their coolies, kings and queens galore, lovely little colonial maids, all sorts of flowers being used in the decoration of the floats.

The show is by far the largest ever held, being divided into three groups and with entries sufficient to fill all the tables in the arcade which is a block in length. The judges were H. Ross and W. W. Felgate of Los Angeles.

The grand prize for the most perfect exhibit went to Mrs. C. G. White for an entry of an Avalon Iris. The seventh grade of Junior High School won the junior high competition, and the group of Kingsbury, Franklin and Lincoln, the grammar school prize.

Mrs. A. E. Grow won the sweepstakes in amateur roses, Miss D. Hinckley, the Irish amateur sweepstakes. Mrs. A. E. Grow won the sweepstakes cup in the open class for annuals, Miss Hester Leaverton, the Ross class, and Mrs. C. G. White the iris class. Mrs. Clarence White won the society rose cup, Mrs. E. S. Pohl, the Querth cup, and Mrs. Willis Craig, the king trophy.

The show was timed right for there were few classes in which there was not a complete entry list. This was true of the three divisions, one for amateur exhibits, one for open class and one for the schools.

Roses predominate, but there are all sorts of spring flowers in great profusion, iris, callas, freesias, verbena, pansies, violets, flowering trees and shrubs, ranunculas, narcissus, dianthus, cyclamen and many wild flowers.

Shoe Pitching Champions Due for Exhibition

[LOCAL CORRESPONDENCE]

VAN NUYS, April 16.—Plans are about completed for the big spring horseshoe pitching tournament that has been scheduled for Van Nuys and other San Fernando towns for the last of the month, in the announcement today that as one of the feature events, the State champions of Somis in Ventura county are coming to give an exhibition. The team is composed of ten players, all "double-ringers," and have never been defeated.

Negotiations to bring the team to Van Nuys and San Fernando Valley is being conducted by C. F. Walker, director of the Bank of Van Nuys, and one of the leading horseshoe-pitching devotees here.

After the exhibition game is finished, it is stated, an effort will be made to match the team against the ten best horseshoe tossers in San Fernando Valley, the ten players to be drafted from the teams of Van Nuys, Lankershim, Owensmouth, Reseda, San Fernando, Zelzah and Chatsworth.

The Somis team has such unrivaled reputation as players that it is not believed locally that any valley team matched against them will have a ghost of a show in any number of games played.

FOIL KIDNAPING

Strange Woman Attempts to Lure Little Girls

[LOCAL CORRESPONDENCE]

ALHAMBRA, April 16.—What the police believe to have been an attempted kidnaping was foiled today when a 4-year-old boy, Jack Russell, rushed to the home of his aunt, Mrs. Louise De Mond, 1004 East Beacon Drive, crying that a strange woman was leading away two little girls with whom he had been playing.

Running quickly to a wash near her home, where the children had been playing in the sand, Mrs. De Mond was just in time to see an elderly woman walking rapidly away, leading by the hand Eva Risch, 6, daughter of Mrs. Eva T. Risch, of 918 East Beacon, and her own daughter, Priscilla De Mond, 5. The strange woman, frightened by the screams of Mrs. De Mond, relinquished the two tots. The woman disappeared and in the excitement of the neighborhood no one saw where she went nor obtained a good description.

The two little girls said that the woman had promised to take them "for a ride" and "to give us candy."

DEPOSITS INCREASE IN POMONA BANKS

By a "Times" Staff Correspondent

POMONA, April 16.—Showing an increase in deposits of 18 per cent over the same time a year ago, the annual reports of the five local banks have been a source of gratification to financiers here. Deposits increased $1,073,210 since last year, while the resources of the two building and loan associations have increased $1,302,020. Citrus returns of $1,500,000 estimated for the present month for the San Antonio Exchange, comprising seven associations covering acreage adjacent to Pomona has been made, while during March $1,312,200 worth of citrus was sold through this exchange.

Eisteddfod is Popular With Patrons of Art

[EXCLUSIVE DISPATCH]

OXNARD, April 16. — With two different programs being given here tonight, one in the Oxnard High School Auditorium, and the other in the American Beet Sugar Company warehouse, Oxnarders enjoyed two interesting events in connection with the second annual Ventura County Eisteddfod.

Oratory, glee club contests, orchestral competitions and the appearance of winners in previous events were the attraction at the auditorium of the high school. Mrs. James O. Westervelt presided here, and Charles Donlon presided at the American beet sugar warehouse.

Benjamin F. Pearson, chairman of the California Eisteddfod Association, was scheduled as the speaker of the evening at the warehouse to follow the contests. In the drama contests last night, the one-act comedy "Fourteen," produced by the drama department of the Oxnard Monday Club, won first prize. On this Mrs. J. Diefnbach, Mrs. Frank Catron and Mrs. W. D. Bannister, all of Oxnard, scored a hit. Santa Paula's entry, "To the Ladies," won second place.

AUTHORITY ON RESORTS SAYS PASADENA BEST

EXPERT ON TRAVEL SELECTS CROWN CITY FOR HIS OWN VACATION

By a "Times" Staff Correspondent

PASADENA, April 16.—Where does the vacation information bureau man go when he takes his own vacation? William Brant of New York, who lays claim to the "illustrated circular reading championship," as he is in charge of the information bureau in the great Pennsylvania terminal in Manhattan, answers the question for himself by saying—Pasadena.

Mr. Brant advises thousands of people every year where the delightful vacation resorts are located throughout the United States. He knows exactly where every hot, cold and luke-warm springs, where all the beaches, mountain camps and even Andy Gump's Shady Rest, is located, but when vacation for Mr. Brant comes around he comes to Pasadena.

"I have been telling people how beautiful Pasadena and the rest of Southern California is, years before I ever saw the place, and I have found that I have just half told the story," said Mr. Brant today.

ANNOUNCE FUNERAL

Bakersfield to Pay Tribute to Memory of Pioneer

[EXCLUSIVE DISPATCH]

BAKERSFIELD, April 16.—The body of P. A. Jastro, regent of the University of California, and pioneer resident and official of Kern county, who died in San Francisco yesterday, arrived here this evening and was met by a committee from the Masonic and Elks lodges.

The body will lie in state Saturday morning from 10 o'clock until 2 p.m., the time of the funeral, at the Masonic Temple with an honor guard of twelve men from the American Legion in attendance.

The Masonic order will conduct the funeral services at the temple and the Elks will hold ritualistic services at the cemetery.

Flags will fly at half mast in Bakersfield for ten days in honor of the memory of the deceased pioneer.

PHYSICIAN'S WIFE DIES AT WHITTIER

[LOCAL CORRESPONDENCE]

WHITTIER, April 16.—After a lingering illness of six months, Mrs. Nora West Stokes, 36 years of age, died at the Murphy Memorial Hospital this morning.

Mrs. Stokes, who was the wife of Dr. W. H. Stokes, Jr., was a member of a well-known pioneer family, both her husband and his father having been identified with the city administration as health officer, and both having practiced here for many years.

Funeral arrangements are incomplete, but will probably be conducted at St. Matthias's Episcopal Church, Whittier, Saturday afternoon at 2:30 with Rev. E. T. Lewis, resident pastor, in charge. Interment will be in the Whittier Heights Memorial Cemetery.

ACTOR TO PAY FINE OR SERVE SENTENCE

By a "Times" Staff Correspondent

VENICE, April 16.—J. Wycoff, motion-picture actor, who appeared before Police Judge Walter Rennie this morning, charged with having inflicted personal injury to Gus Marchesi, Winward avenue business man, when he beat him with a heavy cane and broke his leg, was fined $100 or the alternative of spending fifty days in the City Jail.

The quarrel which resulted in a fistic encounter is said to have originated when Marchesi asked Wycoff about a sum of money which he had loaned him some weeks previously. Marchesi told the court, and his testimony was supported by several witnesses, that the defendant had struck him with a cane and broken one of the showcases in his store. Wycoff is making arrangements to pay the amount of the fine.

DIES AT MOTHER'S GRAVE

Man Hunted for Shooting of Benefactor Kills Self After All Night Vigil in Cemetery

[EXCLUSIVE DISPATCH]

SAN DIEGO, April 16.—Stretched beside his mother's grave in a lonely spot in the hills near Escondido, the body of Herman Quade, who yesterday shot and probably fatally injured his lifelong friend and benefactor, Leo Richardson, was found today by deputy sheriffs.

Finding of the body ended a man hunt which started late yesterday when Richardson with a bullet in his head gasped out that Quade was the man who had attacked him. Throughout the night deputy sheriffs combed the brush-covered hills and canyons around Miramar. This morning one of the deputies suggested visiting the mother's grave, and there, clutching the rifle with which he had shot Richardson, and which had ended his own life, Quade's body was found.

Marks on the ground at the grave indicated Quade had knelt as though in prayer and then, laying beside the little mound of earth, had committed suicide. The belief was expressed that Quade, after shooting Richardson in a fit of madness, had gone directly to his mother's grave, and there had maintained a solitary vigil through the night, ending his life some time after daybreak.

Richardson, who conducted an oil station at Miramar, apparently was shot down without warning by Quade. For several days, it was said, Quade had been acting queerly, and had vaguely threatened to kill imaginary enemies and then to commit suicide.

He was 30 years of age, a veteran of the World War and for most of his life had lived with John Slasey, postmaster and general store-keeper at Miramar, and father-in-law of Richardson.

The latter was reported at the County Hospital to be holding gamely to a slender thread of life. One bullet from Quade's gun is imbedded in the brain, and another bullet passed through his head about the temple.

Highwaymen Rob Young Autoist and Companion

[LOCAL CORRESPONDENCE]

GLENDALE, April 16.—Held up at the point of guns in the hands of two bandits, Merrill A. Cellar, 601 Fortieth street, Los Angeles, and his companion, Miss Betty Webb, 16-year-old daughter of Dr. and Mrs. C. A. Webb, 347 North Brand Boulevard, were robbed of $30 which the bandits took from Mr. Cellar.

Miss Webb, on the approach of the robbers and their order to stick up their hands, slipped a valuable ring behind the seat of the automobile in which the couple were riding. A wrist watch, which was hidden by the young woman's furs, also escaped notice of the hold-up men.

The robbery took place on Alameda avenue, Burbank, at 9:30 at night, and within a few minutes the Burbank and Lankershim police were scouring the district for the thieves, but have been unable to locate them.

Miss Webb states that one of the bandits was slender and clean shaven, while the other was a big man, also clean shaven, and that both of them carried pistols which they flourished in the faces of their victims.

The scene of the robbery is a secluded place, a short distance south of the San Fernando road.

SHEIKS DANGEROUS SAYS WOMAN HIKER

TRAMPS ARE GENTLEMEN COMPARED TO OTHERS IN WALKER'S OPINION

[EXCLUSIVE DISPATCH]

RIVERSIDE, April 16.—"The average hobo is a perfect gentleman. It is not the tramp, but the slick-haired, stylishly dressed sheik whom the lone woman traveler must fear." This was the statement today of Beatrice L. Barrett, transcontinental hiker, whose feat of walking from Los Angeles to New York City is said never to have been equaled by one of the fair sex.

Mrs. Barrett is in Riverside on her return trip to Los Angeles after completing her lengthy walk and winning a prize of $10,000. "I never shall say another unfavorable word against tramps," she said. "In every instance I found them thoroughly good fellows ready to lend a helping hand when it was needed. I met far more discourtesy and ungentlemanliness among men of a supposedly higher station in life than the weary Willies I constantly came upon while walking to New York.

Mrs. Barrett left Los Angeles in March, 1923. She was a casting director at one of the motion-picture studios at the time and started the tour as a result of a bet made with a member of the firm. She was to leave Los Angeles with $1 in cash and to return with $100. All her expenses, as well as the $100, were to be earned. She made the trip successfully, accompanied only by a collie dog and a six shooter. New York was reached on October 1, 1924. All the conditions have been fulfilled except earning the $100, and Mrs. Barrett hopes to manage this before returning to Los Angeles.

CHINO SCHOOL MAN HEADS STATE FAIR

[EXCLUSIVE DISPATCH]

POMONA, April 16.—Robert A. Condee, principal of the California Junior Republic High School, near this city, international authority on stock breeding and vice-president of the State Board of Agriculture, became president of the California State Fair and the State Agricultural Board yesterday, as a result of the death of H. A. Jastro, pioneer Californian, who had held that position for the last twenty years.

Condee is a resident of Chino and has been a member of the State farming board for several years, serving as vice-president the last two years.

RADIO RASH THE LATEST

Ailment of Skin Near Ears Caused by Constant Use of Rubber Headpieces

[LOCAL CORRESPONDENCE]

VAN NUYS, April 16.—Joe Lithicum, who resides between here and Reseda on a ranch, came to town today bringing his radio ear-listeners which he exchanged for a loud speaker.

"I'm off ear-listeners for life," Lithicum said. "Not long ago the skin around both of my ears began to tingle and sting, and when I made a closer examination I found I was suffering a severe form of rash.

"I went to a Van Nuys doctor and he corroborated my diagnosis. Radio rash is what I've got, and probably I'm the first in this part of the world to be so afflicted. Fame comes to a fellow in various ways, and this is my time to take the spotlight."

Lithicum asserts the doctor here says the rash was caused by his excessive use of his radio rubber headpieces, the constant pressure against the skin of the ears causing the eruption.

A part of the remedy given to Lithicum to cure his radio rash, was a recommendation from the doctor that Lithicum swap his rubber headpieces for a loud speaker.

GLENDORA TO PROVIDE PLAYGROUND

Private Ranches Open to Public for Various Kinds of Outdoor Frolics

[LOCAL CORRESPONDENCE]

GLENDORA, April 16. — The opening of two of California's famous scenic ranches to the general public as recreational centers was announced here today by the Glendora Chamber of Commerce. Edwin D. Peterson, owner of the Blue Bird ranch, more than 1500 feet high in the Sierra Madre Mountains, and Gordon F. Blackwood, owner of the Blackwood ranch in the San Jose Hills, have sponsored such a movement.

As an initial gesture to attract organizations and individuals to this community, formal invitations went out today calling attention to the fact that picnics, open-air meetings, concerts and similar events will be held from time to time on both locations for the benefit of the public.

Back of the move is an Old-World custom of maintaining a high-cultural standard for communities through contact with artistic endeavor. On the Blue Bird ranch, famous for its view of the orange belt and the sea, classes later will be held, for which no charge is to be made, in various phases of painting. Open-air concerts will be patterned after those of the wandering minstrels of Europe, the players rendering American Indian and Spanish folk songs.

Other famous orange groves and ranches here are expected also to open their gates to the public in such a manner, the various meetings being sponsored by the Chamber of Commerce.

MANY TO COMPETE

More Than 200 Names in Glendale Contest Entry List

[LOCAL CORRESPONDENCE]

GLENDALE, April 16.—Tabulation of the entries from the Glendale district, in the Eisteddfod to be held from the 26th inst. to May 2, show that more than 200 have already been made, according to R. Ernest Tucker, community service secretary, who declares that many more will be in his hands before the closing date, the 18th inst.

The entries represent the participation of more than 500 persons, as many of them are from service clubs, choirs, bands, choruses, dancing groups, glee clubs, and those who will present short plays and scenes from various plays.

Programs will be presented every afternoon and night, with morning programs on Saturday, May 2. Sale of season tickets has already assumed large proportions.

Presbyterians Deny Use of Weed to Students

By a "Times" Staff Correspondent

PASADENA, April 16.—Tobacco and the users of tobacco were scored by the Los Angeles Presbytery now holding its annual sessions in the Pasadena Presbyterian Church. By overwhelming action, the body of 500 Presbyterian ministers and elders decided that ministerial students who smoke will be denied financial aid from this organization.

All students attending San Anselmo College will be affected by this resolution. Tom Holden, young Pasadena student, who is a graduate of Occidental College and of San Anselmo College, introduced the motion to curb the practice of smoking. When the resolution was brought to a vote, there was but one dissenting voice registered.

TOO MUCH PROTEST

Trustees Revoke Parking Law in South Pasadena

[LOCAL CORRESPONDENCE]

SOUTH PASADENA, April 16. Citizens of South Pasadena want to park their cars on the city streets and they don't want to be arrested for it, either. This sentiment was contained in a petition signed by hundreds of property owners protesting against the newly enforced two-hour parking ordinance.

It was revealed that the parking ordinance recently put into effect met with instant disapproval when a score or more citizens were haled into court for parking longer than the time permitted. The protest petition was filed and as a result the City Trustees have decided to revoke the ordinance.

BRANCH POSTAL STATIONS

[LOCAL CORRESPONDENCE]

ALHAMBRA, April 16.—This city is to have five branch postal stations, it was announced today by Acting Postmaster G. O. Squire. Definite arrangements have been completed for the establishment of the first two branches and the others will be installed as soon as suitable locations are found.

One station will be opened in a drug store at 1810 West Main street and another at 2026 South Garfield avenue. These will be ready for operation on May 1, according to Mr. Squire. It is the intention of the postoffice here to locate branches also near Fremont and Main, in Granada Park and on East Main street.

DROP SHOWN IN LABOR SURPLUS

Building Trades Account for Employment Gain

Brighter Tone is Evident in Los Angeles Market

Exchange Clubs Plan Tour of Port District

Gradual resumption of greater activities in agriculture, lumbering and construction is tending toward a diminution in the existing oversupply of labor throughout California, as the situation is surveyed in the March report of the United States Department of Labor. In the Los Angeles district the report indicates that the many large structures under way promise a cheerful outlook for future building and a further reduction in the labor surplus.

In general the improvement is traced to such developments as the beginning of the orange harvest in Tulare and Orange counties. Spring work in vineyards, orchards and truck gardens, and extensive cotton planting and cultivation is progressing steadily. The resumption of activity in the logging and construction camps is drawing on the labor supply, and the quickened note of activity in the lumber mills is also a favorable development. Some of the mills are running on full time at capacity rates, while others are still maintaining five-day-week schedules.

BUILDING ACTIVE

Building operations on a large scale are appreciably reducing the surplus of building craftsmen, except in certain sections. Railroad repair shops generally are working at capacity. Miners are coming in from Arizona, Idaho and Montana and are having difficulty in finding employment.

Of the San Francisco industrial district the report offers this comment:

"The existing surplus of labor is due not so much to curtailment of activities as to the large influx of people from the southern part of the State. The leather, textile, paper products, meat-packing, sugar-refining and glass-manufacturing industries show some improvement and several plants are working at capacity. Although an oversupply of help is still apparent, a noticeable shortage of skilled labor exists in the textile industry. A large automobile-assembling plant and some iron foundries are operating on a part-time basis and a surplus of ironworkers exists. All ship-repair plants are running with reduced forces."

METAL TRADES BUSY

In the Los Angeles area, including Long Beach, Santa Monica, Ocean Park, Venice, Pasadena and Riverside, the Department of Labor finds that there is still a surplus of labor of all classes, but conditions are improving.

"Employment conditions in the metal trades are somewhat improved, especially in foundries, where there has been about 30 per cent gain in the demand for men," according to the report. "A public-utility company closed down a number of steam generating plants, releasing several hundred employees, and has postponed construction work, affecting a like number. Some of the oil wells in the vicinity of Beverly Hills have ceased operating, resulting in a slight surplus of oil workers. An oil plant at El Segundo is working overtime constructing a 4,000,000-barrel tank."

Port Tour Planned

After its regular weekly luncheon at the Biltmore on the 24th inst. the Los Angeles Exchange Club members will go in a body to San Pedro, where they will be taken on a tour of the Los Angeles Harbor along with all other exchange clubs of Southern California. The First National Bank of Los Angeles and the Pacific-Southwest Trust and Savings Bank will be the hosts. The combined parties will be piloted by J. H. Booge, San Pedro, vice-president and manager of the marine branch of the Pacific-Southwest Bank.

After the inspection of the harbor the Long Beach Exchange Club, James A. Lynch, president, will hold its weekly meeting at a dinner in the Hidalgo Room of the Virginia Hotel, to which all of the visiting exchange-club members will be invited. George S. Greene, president of the Los Angeles club, will have charge of the party from Los Angeles.

Added to Directorate

Announcement has just been made by the Commercial Discount Company of the addition of Robert S. Beyer to its board of directors. Mr. Beyer is connected with the Troy Motor Sales, distributors of the Nash car in Southern California and Arizona.

The directorate and officers of the Commercial Discount Company are now as follows: Roy D. Bayly, president; I. B. Newton, vice-president; Harold Bayly, treasurer; T. J. Brant, secretary; H. J. Burkhard, John Morris, T. E. Newlin, E. S. Gosney, R. J. Giles, Robert S. Beyer, directors.

Branch Bank to Open

The Washington and Vermont branch of the Pacific-Southwest Trust and Savings Bank will open in temporary quarters at 1605 West Washington street on May 2. Fred C. Spradling, formerly commercial development manager in Hollywood, has been appointed manager of the new branch bank. Permanent quarters for the Washington and Vermont branch will be located in the new building now under construction on the northeast corner of Washington and Vermont, a lease having been entered into by the bank with Gore Brothers, Inc., covering a long term of years.

Bank in Unique Service

California Bank announces the consummation of arrangements between the Los Angeles Transfer Company and their American Express Travel Bureau, located in the lobby of their Eighth and Broadway office, whereby they will be permitted to check baggage and act as the agent of the transfer company.

This is the only travel bureau anywhere in the country where baggage can be so checked.

Initial Payment is Authorized on Oil Shares

Payment of an initial dividend of 5 cents a share has been ordered by the directors of the Wellington Oil Company, operating in the Huntington Beach field. Notices have been mailed to stockholders by D. S. Setnan, secretary, stating that the dividend is payable May 15, to stock of record May 1. It is hoped to continue the payment on a quarterly basis.

Wellington Oil was organized in 1920, and is producing about 400 barrels daily from its acreage at Huntington Beach. A lease of forty acres recently was acquired at Artesia, in New Mexico.

Officers of the company are: T. B. Marshall, president; H. H. Koons and E. W. Peck, vice-presidents; D. S. Setnan, secretary; W. R. Flood, G. D. Broaded, W. H. Clune, F. A. Hartwell and H. F. Messer, directors.

DOORS OF PACIFIC OPEN

Expansion of Foreign Trade on This Coast Explains Recent Developments; Competition Grows

BY EARLE E. CROWE

More than one fact points to an important transition in the development of the Pacific Slope. An abundance of evidence plainly shows that the large business interests are no longer feeling their way, but are boldly seeking commercial advantages in the territory reaching from the Canadian to the Mexican boundary lines. The days of speculative pioneer development are passing and the business of the Pacific is justifying the seers who forecast the rise of the "Empire of the Pacific."

Lately the decisive actions of several important business interests illustrate the trend. The removal of the executive offices of the Southern Pacific from New York to San Francisco testifies to the importance of the Pacific division in this major transcontinental system, and augurs an era of intense competition for railroad traffic. The transcontinental lines are all improving and building waterfront terminals in the leading ports to care for the volume of business.

TRAFFIC INCREASES

In the bid of the Dollar Steamship lines for the Shipping Board vessels running to the Orient is additional evidence. The water carriers under the American flag have not operated under the most satisfactory conditions since the war, but the Dollar interests seem to have enough faith to increase their investment several-fold. As in the case of the railroads, possibilities in the way of traffic are becoming probabilities, and the probabilities are visible enough to warrant investment expenditures on a large scale.

Not so much publicity attaches to the other phases of growth on the Pacific Slope, although these manifestations unquestionably account for some of the major large-scale developments. The eyes of the industrialists are turning to this Coast, and what they see is resulting in a new sky-line in the large cities. Main factories and branch plants are increasing in astonishing number, and the finished products furnish business for the rail and water carriers, the banks, wholesalers, retailers and a host of other people.

And of perhaps the greatest importance, the population is here. The story of the great westward migration of the last few years is now a familiar one, but it is never boresome to the business man looking for a market. He must have consumers, and after that he must have a product that will sell.

FIVE REASONS LISTED

Facts are plentiful pointing to the existence of both essentials in the Pacific arena. As an instance of the commercial products, the publication of the American Chamber of Commerce of the Philippine Islands states that five of the world's staples produced in Pacific countries constitute five reasons for economic progress. They are hemp, jute, tin, rubber, and cocoanut products.

The hemp of the Philippines and the jute of India supply the farmers of the world with containers for delivering their products to consumers. Tin of Straits Settlements and Java is used in preserving surplus fruits and foodstuffs. Rubber fruits and foodstuffs. The rubber from the same countries supplies the world with its automobile tires. From the cocoanut tree are obtained a variety of products, and one-third of the world's supply is produced in the Philippines.

These products form only five reasons. The total foreign commerce passing through the ports of the Pacific is significant of the intense interest the large business interests are taking in the markets of this empire. A recent survey by the Mercantile Trust Company of California illustrates the relative importance of this commerce.

Between 1913 and 1924, the total foreign trade of the United States increased slightly more than 91 per cent. In the same period the exports from American ports on the Pacific, and imports to those ports, increased 230 per cent.

PROPORTION GAINS

In 1913 the foreign trade of Pacific ports represented 6.44 per cent of the foreign trade of the nation, measured by value. In 1924 the trade of Pacific ports represented 11.27 per cent of the country's total.

In each of the last three years Pacific ports have had more than 10.5 per cent of the country's total trade, more than 12.5 per cent of the import trade, and more than 8 per cent of its export trade.

California is the leader among the Pacific States in total trade and in export trade. In each of the last three years Washington has had more than 50 per cent of the import trade.

These figures clearly explain the reasons motivating the recent actions of the large business interests. They show that the doors of the Pacific empire are swinging wide open to the impatient demands of capital and population.

MARKET FOR STEEL SEEN AS SLACKER

Heavy Supplies on Hand and Price Factor Held Responsible

[EXCLUSIVE DISPATCH]

CLEVELAND, April 16.—After a burst of extraordinary production extending over three months, the iron and steel markets apparently have settled down to a secondary stage of comparatively uneventful trading, says Iron Trade Review. The period of digestion of the heavy tonnage taken by consumers in the first quarter seems at hand. Furthermore, buyers feel under no pressure to order material except as they absolutely need it, because supplies are liberal and, with prices heavy, there is no incentive to speculate against probable future requirements.

For the first time in over three months, shipments are not being replaced by incoming tonnage, this causing a further gradual recession in production. In Chicago, which was the strong point, two blast furnaces have been put out. The Carnegie Steel Company has blown out two additional stacks. A merchant furnace has been banked at Pittsburgh, and a steel works unit at Youngstown, while a New York State merchant stack has gone out. Other furnaces are on the verge of being banked. Steel works operations average 75 per cent.

This drawing in of output stands out sharply against the record-breaking pace set by January, February and March. With March figures complete, it is seen that production in the first quarter was the greatest in history. In steel ingots it was at the annual rate of 48,000,800 tons, and in pig iron 41,200,000 tons. March figures on steel ingots showed a gain of 3.1 per cent over February, and were within 2 per cent of equaling the highest on record. Pig iron has exhibited another week of softness, with prices 50 cents lower at Pittsburgh, Buffalo, Cleveland and St. Louis.

The Iron Trade Review composite of fourteen leading iron and steel products this week is $39.43, as against $39.69 last week, and $42.53 one year ago.

TRADE TONE BRIGHTER IN LOCAL AREA

Tenor of Weekly Report of Bradstreet Office is More Optimistic

Improvement in the tone of business is noted in Bradstreet's weekly survey of conditions in Los Angeles, as made by the local branch of the company. The report follows:

"Wholesalers in dry goods report a material increase in sales during the past five days and improvement in collections. Jobbers of women's ready-to-wear are also encouraged by sales. Silk wholesalers are reporting a good season, due principally to demand for ensemble suits. Shoe dealers have enjoyed a good spring trade and orders are fairly steady, especially for immediate delivery. Building material houses report supplies on hand still exceed demands. April bank call of Comptroller of Currency shows banks in excellent condition, with plenty of available cash to take care of all needs. Crops and agricultural conditions are favorable, prices are holding steady and the receipt of produce at local markets is not beyond demands. Cotton growers expect a good crop with fair prices."

Resources of Van Nuys Bank Over Million

[LOCAL CORRESPONDENCE]

VAN NUYS, April 16.—A statement of the condition of the affairs of the Bank of Van Nuys, just issued by the bank's officers, shows that resources have passed the $1,000,000 mark, with indications of rapid growth further in this direction.

According to new figures, the capital of the bank is $100,000, with a surplus of $21,000, and deposits totaling $880,224.95.

The bank's rapid growth is a feature among the many successful enterprises in this part of San Fernando Valley. There has been a steady gain in resources since its organization, November 21, 1921, by W. P. Whitsett, developer of Van Nuys, and a group of valley business men and ranchers. Present officers of the bank are Mr. Whitsett, president; H. C. Hattersheid, vice-president; F. N. High, cashier, and R. J. Fleming, escrow officer. Leading Van Nuys men form the directorate.

COTTON PRICE OFF SLIGHTLY AT CLOSE

[EXCLUSIVE DISPATCH]

NEW YORK, April 16.—Spot cotton 24.45, down 90 points.

Cotton futures advanced moderately in today's early local trading, only to slide off throughout most of the remainder of the session, due to scattered hedge selling and liquidation of May contracts by commission houses. Spot demand was reported better, and news from trade centers was more cheerful. Final prices down 18 to 30 points net, were near the lowest.

Are Your Bonds Near Their Call Price?
In times like the present, every investor will find it both wise and profitable to make a careful survey of his bond holdings.
During the first three months of 1925, many high interest rate bonds have been redeemed with new issues drawing a lower rate of interest. If the present easy money market continues, it is not unlikely that many other securities now selling at or near their call price will be similarly retired.
When this occurs it will become increasingly difficult to reinvest your funds safely without a marked reduction in income. We believe every investor will find it profitable to switch at once from securities that are selling near their callable price into others whose permanency is more assured and whose possibility of appreciation is less limited.
To this end, we offer you at all times the assistance of our nation-wide organization in the revision of your bond holdings.

NEW YORK BONDS

[BY A. P. NIGHT WIRE]

NEW YORK, April 16. — Renewed institutional buying of investment securities stiffened the bond market today and prices worked into higher ground. The outstanding strong spots were the United States government issues, several of which established 1925 high records, the French obligations and Virginia-Carolina chemical bonds.

Indications that there would be no capital levy under the new Ministry now in process of formation for France, contributed to the strength of French bonds, which moved up 1 to 2¾ points. The advance of these issues imparted a firmer tone to the rest of the foreign list. The new Polish 8s, which have been turned over in large volume for several days, were less active following the extension of the loan syndicate for another sixty days. Prices of these bonds and of the government's 6s improved moderately.

Maintenance of the Federal reserve bank's rediscount rate at 3½ per cent for some time is believed to be assured by the recent easing of money rates. This situation has been a factor in the rise of Liberty Bonds, some of which attained new high levels for the year today.

The recent lull in new financing will be broken tomorrow when Kuhn, Loeb & Co., will make a public offering of $25,000,000 Missouri Pacific Railroad refunding 6 per cent bonds at 99 3-4. Funds derived from the sale will be used to redeem a $9,044,000 issue on August 1, and for additional capital expenditures.

Following are yesterday's high, low and closing prices of bonds on the New York Stock Exchange and the total sales of each bond. These quotations are received over Associated Press wires, and in expedite transmission the closing is omitted when it is the same as the low, and both low and close are omitted when they are the same as the high.

NEW YORK CURB

[BY A. P. NIGHT WIRE]

NEW YORK, April 16.—Uneven price movements characterized today's curb market, but the main tendency was downward in sympathy with the reaction on the "big board."

Oils were heavy in reflection of the large increase in crude production during the week ended the 11th inst., but with the exception of mountain producers, Ohio Oil and Galena Signal, which fell back 1 or 2 points, the net losses were limited to fractions.

Chief interest in the public utility section centered in Electric Power and Light, which was bid up nearly 2 points to a new high record at 12⅝ on a very heavy turnover. Adirondack Power and Light, American Light and Traction, Lehigh Power Securities and National Power fell back a point or so on realizing sales.

Heavy oversubscription of the Nizer A issue resulted in the stock selling at a premium of 3.50 a share above the offering price of $35. Other electrical refrigerator issues also developed activity and strength, Kelvinator advancing 1¾ points, and Car Lighting and Power improving fractional.

Radios continued to show a firm tone, De Forest rising a point to 22½, but the other industrials were heavy, Dur breaking 2¾ points to 20⅜, Gillette Safety Razor slipping 1¾ to 68¾ and Durant yielding a point to 18¾.

Chief interest in the mining group centered in a few penny issues, such as Jib, Kay and Hawthorne, the last approaching within a cent of the year's high.

Nash Issues Bid Up to High Mark for Year

[BY A. P. NIGHT WIRE]

NEW YORK, April 16.—Stock prices turned reactionary today on selling inspired largely by the easing tendency of the commodity markets, although independent strength was shown by the Maxwell, Willys-Overland and Nash Motor issues, all of which attained new peak prices for the year. Trading was on a broader scale, the day's sales running in excess of 1,400,000 shares.

Standard industrials worked upward in the early part of the session, but turned heavy toward the close when Cast Iron Pipe broke nearly 14 points to 1.53, or 95 points below the year's high. Selling of this issue followed reports that dividends on the common stock would not be considered before the June meeting and that current earnings were running below those of last year, due to the competition provided by French pipe manufacturers.

STEEL GAINS

United States Steel common touched a new high on the movement at 117 7-8 and then dropped back to 116 3-8 for a net loss of more than 1 point on the day. American Can closed fractionally lower at 172 5-8, after having sold as high as 174. Baldwin sagged from 114 3-4 to 113 1-8, off 1-4.

Butte and Superior was hammered down nearly 4 points to a new low record at 10 3-4 in reflection of the sharp depletion of its zinc ore reserve. Most of the copper lost ground in reflection of the establishment of a new low price for the year for the red metal at 13 3-8 cents a pound. American Smelting closed 1 1-4 lower at 94, recessions in most of the others being limited to fractions.

Magma improved fractionally on the declaration of a dividend of 75 cents, the first since January, 1919, when 50 cents was paid.

MOTORS FEATURE

Motor shares were under heavy accumulation throughout the day, transactions in the Maxwell and Willys-Overland issues combined providing nearly one-fifth of the day's entire business. Maxwell "A" was lifted to a new high record at 106 1-4 and then eased to 105, up 1 7-8, while the "B" soared 6 points to a new peak at 79 5-8 and then slipped back to 77 7-8. Willys-Overland common and preferred attained new tops at 16 5-8 and 94 1-4, respectively. Nash closed 5 points higher at 361, also a new maximum.

Oil shares were sold freely on reports that the daily average of crude oil output increased over 62,000 barrels in the week ended the 11th inst.

United States Realty soared 6 points to a new high record at 135 5-8, and Western Union touched a new top at 129 3-4. Independent strength also was shown by Radio Corporation, Virginia-Carolina Chemical preferred, Southern Railway, Texas Gulf Sulphur, Famous and Otis Elevator.

Call money held at 3½ per cent. Time money and commercial paper rates were unchanged.

The foreign exchanges held relatively firm. Demand sterling sold around $4.78 1-4, and French francs were again quoted above 5.20 cents. Danish exchange advanced 12 points to 18.49 cents. Japanese yen touched another 1925 high at 42 5-16 cents.

DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

[EXCLUSIVE DISPATCH]

NEW YORK, April 16.—Traders today seemed to see, in the not far distant future, a decided improvement in all dried fruits. While admitting that the early January purchases loaded the local market with prunes and other varieties, much of these stocks have gone into consumption and, while not large, jobbers are actually buying again. With quotations cheaper in the East than they are in the West, some sizeable export orders have helped the local situation along nicely. The general prune movement is slow in starting, but, with stocks low as reported, there is every reason to look for an early betterment. Retail distributors report sales as progressing each week and some of the big chain units are purchasing freely from week to week. Sunsweet carton goods are moving comfortably, and this is having an indirect effect on the market, as these orders take more and more from the 50 size Californias.

Currants are rather weak with no particular market. Apricots and peaches are pretty well sold out on spot. California limas, scarce and high, are being offset wherever possible by Madagascar limas, a couple of cents cheaper.

CANNED GOODS

The canned food line is picking up and on its way for the spring movement. Peas are going out at a lively rate. Large chain-store systems have been steady buyers and are still in the market.

With the disappearance of standard grades of corn, jobbers and chains centralized on fancy goods, and these are now at low ebb. Pineapple is selling very well. The absence of California fruits of extreme prices has put pineapple in a strong selling position, although some dealers took heavy business based on the publication of new opening prices. Spinach shipments from California are somewhat delayed. Goods are being offered by numerous canners without reservation in straight lots at $1.40 for 2 1-2s and $4.75 for 10s at the factory.

The coffee market was unusually quiet and trading featureless today. The option market opened more steady and unchanged to slightly higher. Cost and freight offers were slightly higher, but declining exchange rates offset the advance and buyers in the c.a.f. and the spot market showed no inclination to make purchases in excess of actual requirements. Trading at the close was fairly active. Final prices were: May, 15.41; June, 17.80; July, 17.25; September, 16.45; October, 16.30; December, 15.95; January, 15.80; March, 15.37.

Spots were in moderate demand at slightly irregular prices.

SUGAR WEAKER

Sugar prices broke the year's previous low record in raw, refined and raw futures. Despite the drop of 1-16 cent in raws, only one sale was disclosed. The National is reported to have purchased 15,000 bags Cubas for prompt shipment to 2 5-8 cents, and at the close of the market the offerings were very light and steady at 2 11-16 cents, with refiners bidding 2 5-8 cents. The American, Federal, National, and Warner refining companies again announced a downward revision of prices, Federal cutting to 5.70 cents for prompt shipment and the others quoting 5.75 cents for prompt and 5.80 cents for contracts. Refined brokers reported that new buying had not increased, despite the lower prices.

The option market was feverish and easily influenced throughout the day, and the list closed at 10 points lower for June, July, August and September and 6 to 9 points lower for the other options. Final prices were May, 2.67; June, 2.75; July, 2.85; August, 2.82; September, 3.02; December, 3.10; January, 3.01; March, 2.97.

Sales for the day were estimated at 45,000 bags.

TEA STEADY

The tea market is quiet pending the reopening of the public auctions in foreign markets on Monday, but several sales have been reported at very steady prices. Dealers here are seeking cheap lots of desirable teas in anticipation of higher prices when the other markets resume trading.

Little actual change is reported in the rice situation either here or in the South, but underlying tone of the market is much stronger. Communications from Texas and Louisiana report that most of the mills have closed for the season.

In view of unchanged conditions, little scope is offered for an interesting review in the bean market. Trade in all lines is drifting along in about the same manner as last week, but, strange as it may appear, there have been no radical changes in prices.

The butter market is easier, but prices were not materially changed. Fresh extra creamery sold quite generally in a range of 43 1-2@44 cents.

Eggs were firm and 1-2 cent higher for all grades. April eggs are now wanted freely for storage purposes. Two cars storage firsts seller November went at 34 1-4 cents, two cars at 34 3-8 cents; one car at 34 1-2; three cars s.p. firsts seller May 31 1-4 cents; eighteen cars storage firsts seller December at 34 5-8 cents, and eight cars at 34 3-4 cents per dozen.

COPPER LOWER

Copper prices dropped again, the decline amounting to 1-8 cent and the level established was 13 3-8 cents for electrolytic, delivered. Heavy selling again made its appearance in London and cables reported standard as declining 5s, with spot closing at £60 2s 6d and futures £6s 2s 6d, while electrolytic dropped 10s to £63 10s for spot, and £64 for futures.

Lead is quotable at 8 cents, New York, and 7.85 cents a pound, St. Louis. In London spot rallied for a gain of 5s, closing at £32 7s 6d, but futures sunk 2s 6d lower to £31 15s.

Zinc declined to 6.95 cents, St. Louis, and to 7.30 cents a pound, New York. In London spot was unchanged at £34 15s, but futures declined 5s to £33 ,5s.

In the tin market earlier deliveries of Straits and Straits shipments held firm and unchanged at 50 1-2 cents, and futures eased off 1-8 cent. The standard and 99 per cent grades were nominal at 50 3-8 cents and 50 cents, respectively. London cables a reaction in the market, standard spot declining 15s to £229, futures £1 5s to £232 and Straits 15s to £235. Straits in Singapore rose £1 to £236 15s c.i.f. London.

The Gulf Refining Company and the Humble Oil and Refining Company reduced the price of gasoline throughout Texas today 1 cent a gallon. Gasoline has advanced ½ cent in the Mid-Continent field, due to the Standard of New Jersey inquiry for 16,000,000 gallons of 58 gravity for export. The market today was 10½ cents a gallon wholesale. The inquiry carries a bid of 9 3-4 cents, it is reported, f.o.b. Group 3, Mid-Continent, and it is thought that the purchase will be made this week.

FIVE-STORY FALL KILLS CARPENTER

Trio Near Death as Ton of Stone Drops at New Jonathan Club

One workman was killed and three others narrowly escaped death yesterday in two accidents at buildings under construction, one of which was caused by more than a ton of stone being loosed from the third floor of the new Jonathan Club, creating a near panic that brought six ambulances to the scene on the strength of early reports that the building had collapsed. None of the workmen in the Jonathan Club accident was injured seriously.

A. Moyse, 45 years of age, a carpenter, fell five stories to his death at a building under construction at Eighth and Alameda streets. He was dead when fellow-workmen examined the body. He lost his balance while working on the fifth story, according to statements of workers to police.

Six stones, weighing more than a ton, were dislodged on the third floor of the new Jonathan Club Building at Sixth and Figueroa streets, and struck a scaffold on which Joe Farquher, 48, a stone mason and his helper, Cecil Lilly, were standing, and hurtled to the ground.

Farquher fell part of the distance to the ground with the wrecked scaffold but managed to cling to a ledge and Lilly grabbed a rope ranging from a scaffold above him and pulled himself to safety.

One of the stones struck a glancing blow on the shoulder of R. Entwhistle, 39, superintendent of construction, who was standing on the ground underneath the scaffold.

Farquher and Entwhistle were taken to the Receiving Hospital where it was found both are suffering from bruises and cuts. Farquher lives at 612 East Seventy-eighth street and Entwhistle at 124 West Avenue Thirty.

CIVIC BODY TO AID IN WELFARE PROGRAM

National Child Welfare Week, which will be observed from the 27th inst. to May 2, by the Public Health Department under the direction of Dr. George M. Parrish, City Health Commissioner, received the official indorsement of the Los Angeles Chamber of Commerce at a meeting of its board of directors yesterday. The program in observance of Child Welfare Week will be given on the eighth floor of the Broadway Department Store under the direction of Dr. J. D. Dunahee, director of the Division of Child Welfare of the Los Angeles City Health Department. Assisting him will be an advisory committee from the Southwestern Federatic Society consisting of Dr. Henry Deitrich and Oscar Rejas.

COURT HOLDS DIESEL OIL TO BE EXPLOSIVE

Diesel engine fuel is an explosive and trucks carrying it must stop at railroad crossings, Justice Russell ruled yesterday when he fined L. G. Anderson and H. R. Strickland, drivers for the Seaboard Petroleum Company, $50 each. They were arrested by Motorcycle Officer Swearingen and pleaded not guilty, asserting that only trucks loaded with the lighter oil products are required to make railroad crossing stops. Justice Russell had County Chemist Walker test some of the oil and the latter reported that the stuff is explosive.

TAX DODGERS SOUGHT

Squads of Agents Start Income Delinquent Round-Up

Squads of internal revenue investigators yesterday were assigned to ferret out all those who have failed to file income tax reports on their 1924 income. Collector Rex B. Goodcell announced that those who voluntarily filed their reports immediately would be given nominal penalties, providing their delinquency was due to misinterpretation of the law. Wherever the investigators are forced to bring them to the law's requirements, severe fines will be imposed, he said.

"Why I Resigned"

For the information of some 40,000 shareholders of the **"JULIAN PETROLEUM CORPORATION,"** as well as the general public of this Community, I am going to tell you in my own way just why I resigned as President of the above named Company.

Most every citizen of Southern California is more or less familiar with the wrath of the **"GREAT OIL COMPANIES"** against the **"JULIAN PETROLEUM CORPORATION"** since the day of its inception, and all because we dared to enter this field with a program of producing to marketing, in competition with the **"SUPREME OCTOPUS"** of the Oil industry.

Well do I remember the first day, some two years ago, when I offered the first share of **"JULIAN PETE"** for sale in Los Angeles. At the instigation of the same hidden forces, I was arrested, taken to jail on a trumped up charge, tried and acquitted by the trial Judge, and ever since that time, over a period of some two years, myself and the Company that bears my name, have been subjected to every kind of harassment and obstruction of progress known today to the **"wily Powers that be."**

Over a period of 24 months, our Company has been investigated so many times and from so many angles, that the word investigation actually makes me dizzy.

Our books have been audited so many times and by so many different sources, including Federal, State and Civic Authorities, that the pages of our ledgers are actually worn through from fingering.

During these two years, I believe I have averaged fifteen hours a day on the job, but for the life of me, I can't figure where more than 15% of this time has been devoted to constructive work for our Company, it having taken 85% of my time warding off different attacks.

I have often sat and pondered and tried to figure out a feasible method of acquainting the whole American public with the despicable tactics generally used by **"CAPITALISTIC POWERS"** in suppressing competition, and this does not only apply to the oil industry, but it applies to every **"BIG BUSINESS"** walk of life in our Country, but I haven't doped it out yet, and probably if I ever did, they would job me or bump me off before I ever got my story over. But one thing you can be sure of and that is **"THEY HAVE CONVERTED ME,"** and God help the young fellow that ever tries to honestly build a big oil company single handedly, because he's up against the toughest gang in the world, and they will break many a heart for those that try it.

"WELL COMING BACK TO THE REASON WHY."

The program of the **"JULIAN PETROLEUM CORPORATION"** was originally predicated in July, 1923, on an expenditure of Ten Million Dollars, Six Million of this amount for operating facilities, with Four Million Dollars working capital. The Corporation Commissioner of this State, after a three month battle, granted us a permit to offer for sale, Five Million Dollars worth of our security, with the promise that as quickly as we disposed of that amount, he would immediately grant us a second permit to offer the balance of our capitalization for sale. The first Five million we disposed of in 56 days in Los Angeles, and proceeded on our construction program. The permit to offer the balance of our stock for sale, was flatly refused, and our first investigation started by the State on December 11, 1923. This procedure left us in terrible shape for finances, as well as leaving in the public's mind the thought that everything must be wrong in our Company.

Simultaneously with this action, there was a pool formed in Los Angeles to beat down the price of our stock on the market, and Oh! how I would love to tell you the names of the three Companies that put in five hundred thousand dollars each for this purpose, but I dare not, because the papers could not print my copy if I did.

At this stage we had several months of marking time from a financing standpoint, with a thousand employees working, securing rights of way, franchises, laying pipe lines, building steel storage, drilling wells, buying production, erecting service stations, building an outlet at Los Angeles Harbor, purchasing refinery sites, tank farm sites, distributing sites and a thousand other things, with myself aways trying to make one dollar do the work of two on account of our shortage of money, and right here, in March, 1924, out of a clear sky, came another long investigation of our Company by the **"CITIZENS COMMITTEE"** that was appointed. Nine long weeks of auditing and appraising our assets, with our finances getting shorter every minute, and then the eventual endorsement of our project by said **"COMMITTEE"** and a permit issued by the Corporation Commissioner to offer the balance of our security for sale.

By this time, they had beaten the stock I had originally sold at $100 a unit, down to $50 on the open market, and you can imagine what a fat chance I had at this time to dispose of our second issue here.

We must have additional capital to carry on, but where or how to get it, I did not know.

Our assets had just been appraised at something over Eight Million dollars. I jumped on a train and went to New York, Boston, Philadelphia, Pittsburgh, Detroit and a dozen other Eastern Cities, in hopes of getting a bond issue for a couple of million underwritten against our assets, and on three distinct occasions, was about to have this amount handed over to me, when the ax of the Octopus swung in and blocked my deal. I jumped so fast from place to place in the East that it took an army of sleuths to keep tab on me, but they were always right at my heels, reporting every move I made to headquarters on Broadway.

I couldn't do a thing in the East, so I came on home and made a desperate attempt to get a loan from several of our largest Los Angeles Banks.

Now get this, with eight million dollars worth of apprai assets, and all practically clear of incumbrance, do you t could borrow a dime from the Banks I called on? Not so you notice it.

This was about the end of September, 1924, at which time we had some Four hundred people working, with our bank roll practically down to nothing, and the bear growling plenty loud. Personally I had put in every dollar I possessed to keep the Company running up to this time, as well as having my house and furniture mortgaged to the hilt and that also in.

Folks, you have got to sit in that kind of seat to appreciate the responsibility of having 40,000 people with their money invested in your project, depending on you to carry it through, and find yourself hog-tied and butting your head into a stone wall on every new move you make.

I called on twenty different men in Los Angeles, San Francisco and Oakland, and offered to allow them to write their own ticket if they would put in enough money to carry the Company over the top, but the pressure against me proved too great in each instance.

I had one chance to save our Company from going into the hands of a receiver, and while it was a long shot, I played it.

While in New York, I met Mr. S. C. Lewis, who is today President and General Manager of the **"JULIAN PETROLEUM CORPORATION,"** and who has been identified in the oil industry more or less all his life. I knew Mr. Lewis and some wealthy associates were connected up with several substantial Independent Oil Companies of the Mid-Continent fields, and that he was familiar with the **"JULIAN PETROLEUM CORPORATION"** in California. I wired him to come to California and bring his associates with him, and if they could see their way clear to supply the necessary finances for our Company, that they could write their own ticket on the deal they made. A dozen wires passed between us, before I got word that they were on their way here. On arrival I proceeded to show them the **"JULIAN PETROLEUM CORPORATION"** and all its ramifications. They spent three weeks digging into every phase of the situation, and I can tell the world that that three weeks was longer to me than any three years I ever spent, because I just had to get them in or acknowledge defeat of the greatest ambition of my life, namely—the success of the **"JULIAN PETROLEUM CORPORATION."**

Most of these Gentlemen are oil men and recognized the great possibilities of our Company with such complete facilities for operating in every phase of the oil business in the greatest oil fields in the world, but they are also hard headed business men and naturally enough had to have control of any proposition they put any worthwhile money into. I have since heard it said that the men who came into our Corporation are Standard Oil interests, and that I sold control of our Company to them, but both these statements are entirely false.

The Board of Directors of the **"JULIAN PETROLEUM CORPORATION"** today, is made up of as fine a set of Gentlemen as I ever hope to meet, and had it not been for the fact that some 40,000 people who could not afford to lose, had their money invested, I really don't believe they would have ever put in the money they have to help carry our Corporation on to success.

True enough, the deal necessitated my turning over to these Gentlemen, the 51% of the Common stock, which I owned and which is control of our Company, without one dollar of consideration to me, as well as my resignation as President, but that was only good business on their part, and anyway I was in no position to quibble nor could I afford to think of myself, with some 40,000 people trusting me, and depending entirely on me to protect their interests. I felt a couple of million dollars would put our Corporation over the top, and that was all I could see, hear or think, because I knew these men could put it in.

Since the re-organization of the **"JULIAN PETROLEUM CORPORATION"** and while I hold no official position with the Company, I have given every moment of my time, without compensation, to assisting the present Board of Directors in carrying on our operations, and I am glad to say our combined efforts are having their marked effect.

Instead of having one lonely well drilling as was the case before our re-organization, today we have ten wells drilling. Nine of these in the cream of the territory at Athens on the Hill, and one in 1200-barrel territory at Huntington Beach, with five more anticipated very shortly.

Our retail gasoline sales that were running around 15,000 gallons, are running close to 60,000 gallons today, with 75 new independent stations added since the first of the year, and an expansion program of service stations from San Diego, where we just opened eight new ones, on to San Francisco and Oakland.

In 90 days from now we should be running twenty thousand barrels of crude through our pipe line system, and making heavy shipments to Eastern purchasers, with whom we have contracted.

So all in all, the prospects for the **"JULIAN PETROLEUM CORPORATION,"** any way you look at it, never before were half as bright as they are at this very moment.

A newspaper article a few days ago, stated that I did not own one share of voting stock in our Corporation. That statement was incorrect, because I not only own considerable common stock that I have purchased on the market, but I am also one of the largest owners of Preferred Stock in the Company, and every share I own I purchased for cash and am still buying it at the present market price, because I firmly believe in the future of the **"JULIAN PETROLEUM CORPORATION."**

POTATO QUARANTINE AGAINST NORTHWEST

[BY A. P. NIGHT WIRE]

OLYMPIA (Wash.) April 16.—To prevent possible importation of the Colorado potato beetle pest in shipments of potatoes from Washington, Oregon and Idaho, the State of California has effected a virtual quarantine, Charles L. Robinson, State Supervisor of Horticulture, has been advised. During April and September potatoes from the Pacific Northwest States must bear certificates of inspection by the State Departments of Agriculture in order to be shipped into California.

BOOKS FOR YOUNG MEN SOUGHT BY LIBRARY

A campaign for fresh, interesting books of action and adventure and other books on subjects of interest to young men will be started by the Los Angeles Public Library Monday and will continue for a week. The books will be distributed to sailors in the merchant marine. Persons desiring to contribute books of this type are asked to leave them at any of the branch libraries or the main library at Fifth street and Broadway.

FLAXSEED MARKET

[EXCLUSIVE DISPATCH]

DULUTH (Minn.) April 16.—Flaxseed was lifeless during the greater part of the session today. Nobody seemed at all interested in the offerings, but near the close there was urgent selling pressure, and as prices began to fall, stop-loss orders were uncovered, which carried the market down 4¾@5¾c on the day. Close: April-May, 2.69¾; July, 2.69½; September, 2.50; track, 2.69¾@2.75¾; arrive, 2.69¾.

Minneapolis dispatch: demand fair to good; No. 1 cond on spot, 2.73¾@2.83; to arrive, 2.73½@2.81; receipts, 8 cars.

May Futures Keep Up Drop in Wheat Pit

[EXCLUSIVE DISPATCH]

CHICAGO, April 16.—Liquidation was on in the May delivery of all grains today, with May wheat at the low point, showing 17¼c under the high on Wednesday. May corn was 9¾c, oats 3¼c and rye 13c under the best figure of the previous day. Numerous stop-loss orders were caught in all grains and the decline was easily attained. At the close wheat was 2¼@6¾c lower, with May 1.45@1.44¾, July 1.38@1.37¾ and September 1.33@1.31¾. Corn was 3¼@4c lower, with May 1.02@1.01¾, July 1.05¾@1.04 and September 1.04¾@1.04¾. Oats were off ¾@1¼c and rye 4¾@5¼c.

To some traders the selling of the May deliveries looked to be an effort to force liquidation so that hedges could be taken in to advantage. The May-July wheat spread narrowed to 7c at the last, against 8c on Wednesday and 14c on Tuesday. There was buying of Chicago May against sales at Minneapolis at 7c difference at one time, but at the last it had widened to 8¼c.

Houses with eastern connections were aggressive sellers of May, and offerings increased materially on all minor upturns. Commission houses were on the buying side of the July and the September, but the break in the May offset everything of a bullish character, and the unfavorable crop reports had little effect. The forecast was for showers over part of the belt, and there were some claims of an improvement in parts of Kansas since the rain earlier in the month. It would be no surprise if a private report giving the condition in the leading States was given to the trade tomorrow.

Indications are for relatively small world's shipments again this week, as Argentine clearances were estimated at only 2,035,000 bushels, against 7,025,000 bushels last year. Little attention was paid to the Canadian government estimate on farm reserves, although both the local and the Winnipeg trade construed it as indicating that the crop in the three northwestern provinces had been underestimated. It is figured that Canada has still around 70,000,000 bushels for export, the balance of the season in all positions. Buenos Aires closed 2¼@2½c lower, with Liverpool off 5¼@6d lower.

A leading local cash house was a persistent seller of May corn and has been for several days. Support was lacking on the way down and came largely from shorts and on resting orders. Eastern cash demand was better, with sales of 144,000 bushels, a Michigan industry paying 3½c over May for No. 2 white. Plowing for the new crop is progressing rapidly, due to favorable weather, and much planting has been done in Kansas and Oklahoma and is well along in some parts of Missouri. Export sales of 1,100,000 bushels of oats were reported at the seaboard, but had little effect on values, due to the liquidation in the May.

May rye broke 10½c from the early high point on liquidation and stop order selling. Export sales were estimated at 300,000 bushels at the seaboard.

Provisions were dull, and while somewhat firmer early, eased later with grains and closed about the bottom, with lard 13¾@35c lower, while ribs were 15@25c and bellies 2¼@25c lower.

Reynold Blight, Masonic Editor, Returns to City

Reynold E. Blight, editor-in-chief for the last two years of the various Scottish Rite publications, with headquarters in Washington, returned to Los Angeles with his family yesterday to take charge of the local offices of the Leo G. McLaughlin Company bond brokers.

Mr. Blight predicted that the prosperity being enjoyed by the nation at present will continue for a long time to come and declared that bankers and business executives in the East are preparing for a banner business period.

The phenomenal growth of Los Angeles and Southern California, he said, has caught the imagination of the East and the Atlantic Coast is keenly watching the development here. It is now recognized in the East, he declared, that California no longer depends on climate and tourists, but that the prosperity here is based on a safe and sure economic basis.

Treasury Envoy Seeking Status of Foreign Debt

[BY CABLE AND ASSOCIATED PRESS]

LONDON, April 16.—There is much interest here in the visit of G. B. Winston, Assistant Secretary of the Treasury of the United States, who arrived here today. Although his visit is understood to be purely unofficial, it is understood he will have conversations with Chancellor of the Exchequer Churchill, treasury officials and financial experts.

It is stated the object of these talks will be to inform Mr. Winston of the positions and intentions of countries owing money to the United States.

Smackover Oil Price Reduced Twenty Cents

[BY A. P. NIGHT WIRE]

SHREVEPORT (La.) April 16. Every oil company buying Smackover below 24 deg. gravity today reduced the price to 60 cents from 80 cents, the price posted Tuesday. The Standard Oil Company maintained its same schedule except it announced it will pay only 50 cents for oil below 25 deg. gravity which is run through its lines in excess of the present runs. It will make no new connections, it was announced, due to the flush productions caused by a series of big gusher wells in the deep sand of the Smackover.

WORM DESTROYS FORESTS

AMHERST (Mass.) April 16.—Forty per cent of Maine's spruce and fir forests, amounting to 20,000,000 cords, has been destroyed by the spruce bud worm since 1910, Henry B. Pierson, forest entomologist of the State said in a report to the Northeastern Forest Experiment Station. The report stated that the loss of timber by fires during that period was far less than the damage caused by the insects.

ABORIGINES ENROLL AS PIONEERS

Arizona Indians Join Organization of Early Settlers Now Meeting

[EXCLUSIVE DISPATCH]

PHOENIX, April 16.—In Phoenix tomorrow and Saturday will be held the fifth reunion of the Arizona Pioneers' Association, to which the Arizona Republican annually is host. Membership is limited to persons of not less than thirty-five years' residence in Arizona. Especially are honored the veterans of early territorial days, who heretofore have formed about a tenth of the usual assemblage of 1500 members.

This year President Charles M. Clark of Globe will add a new feature, an exhibit of pioneer relics that starts back in the days of the Spanish conquest. The main feature of the annual meeting is the gathering at Riverside Park, where the barbecue dinner is preceded and followed by a meeting at which the elders are called upon for reminiscent addresses. While the tales largely deal with the horrors of Indian warfare, interested auditors are the members of the Indian school band, whose fathers in many instances contested occupation of the land by the whites.

Notable also is the fact that a considerable number of intelligent Indians from the Pima, Maricopa and Apache tribes lately have been availing themselves of the privilege of being enrolled as Arizona pioneers.

British Royal Barber Since 1901 Succumbs

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, April 16.—Charles Jaschke, barber to British royalty and most of the aristocracy since 1901, died in London today. He was discovered by King Edward at Nice and brought to London, and afterward trimmed King Edward's beard daily. He continued as barber to King George and his sons and his shop in Regent street was a resort for all fashionable men in London.

EDUCATOR TO RETIRE

[EXCLUSIVE DISPATCH]

NEW ORLEANS, April 16.—Dr. Charles M. Melden, for fourteen years president of New Orleans College, has tendered his resignation and will take the retired relation at the forthcoming session of the New England Southern Conference, Methodist Episcopal Church. Previous to serving here Dr. Melden was for six years head of Clark University, so that his services in the South cover a period of twenty years. Because of the condition of Mrs. Melden's health, Dr. Melden will locate in California.

4 out of 5
Dental statistics show that four out of every five over 40—and thousands younger, too—are victims of dreaded Pyorrhea. Will you escape?

Pyorrhea is a disease of the gums—*not* the teeth

That's one outstanding fact everybody should know. And if everybody did know it, the number of Pyorrhea's victims would soon be greatly reduced.

You may take splendid care of your teeth—brush them several times a day—and still get Pyorrhea. Once Pyorrhea secures a firm hold, pus pockets form, gums become weak and flabby, the teeth loosen and fall out no matter how white and sound they may be.

Forhan's means healthy gums

It contains the right proportion of Forhan's Astringent, as used by the dental profession in the treatment of Pyorrhea. Forhan's protects and preserves the gums, keeping them in a firm, pink, healthy condition, cleans and whitens the teeth, and keeps the mouth sweet, fresh and wholesome. If you don't care to discontinue the tooth paste you are now using, at least brush your teeth and gums once a day with Forhan's. Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

XLIV. FRIDAY MORNING, APRIL 17, 1925.—PART II. 20 PAGES. POPULATION {By the Federal Census—(1920)— 576,673 By the City Directory—(1925)—1,186,946

WHENCE THESE FEARS?

At increasingly frequent intervals the suggestion is repeated by supporters of the Parrot-Kinney-Cryer machine that some one is about to "blacken the name" of Los Angeles by making known details of sordid crime and vice in this city.

What weight of private knowledge on the part of Mr. Parrot, Mr. Kinney or Mr. Cryer prompts these inspired and anticipatory shudders of self-righteousness?

There is plainly an effort, and a well-organized one, to intimidate any individual or institution contemplating a recital of evil conditions during the Cryer-Parrot regime. There is plainly a fear that conditions under Mr. Parrot and Mr. Cryer have been sufficiently undesirable to furnish material for comment.

Los Angeles citizens are being assured that "vice and crime always exist in great cities." The community is informed that any one uncovering or calling attention to such sordidness and viciousness will injure "the fair name" of Los Angeles.

Now, as a matter of sober fact, Messrs. Kinney, Parrot and Cryer have confused the fair name of Los Angeles with the fair name of Kinney, Parrot and Cryer.

The people of this city know, the people of the nation know, that Los Angeles is no worse, and possibly is even better, than other great cities in the United States. This favorable condition is due to the people, however, and not to Kinney, Parrot and Cryer.

There is a criminal element and much violent crime in Los Angeles. Vice does exist here. Both evils existed before Mayor Cryer was elected. Both will continue after Mayor Cryer is retired from office. The difference will be that Mayor Cryer's successor is apt to be one who will recognize and combat these conditions instead of denying their existence and seeking a subject for official activity 250 miles away.

It is no reflection upon the people of Los Angeles if a political clique, temporarily in power, makes an alliance with the criminal element. It is no reflection upon the people of Los Angeles if political schemers take advantage of a public official himself free from corruption, but so temperamentally constituted as to be wholly unable to cope with the tricksters who surround him and manipulate him and dominate him.

The reproach lies upon the individuals responsible for conditions.

It is not those who may expose evil conditions, but those creating or permitting such conditions, who "blacken the name" of Los Angeles.

Far better for Los Angeles if the truth, all of it, becomes known, even if the community is shocked by what it hears. Far better for this community to learn the facts and to provide a remedy than to permit existing evils to continue and become worse.

In this campaign for Mayor of Los Angeles the issue is not the danger of the criminal element dominating this community—a preposterous assumption—but there is a very real issue as to the danger of the Farmer Pages, the bootleggers, the confidence men and others of this vicious ilk dominating the city administration of Los Angeles.

There is real danger in a situation that affords opportunity for the lawless element to make its peace with constituted authority. There can be no compromise between the official charged with the duty of enforcing the law and the man or woman engaged in consistent and calculated breaking of the law. Where such an agreement does exist public authority is avoided and public confidence is betrayed.

There is menace to the community whose highest executives ignore crime conditions and deny their existence to a point where such indifference constitutes a standing invitation to bandits, thugs and attackers of women and children.

For a period of four years in Los Angeles this city has had an indifferent administration of its public affairs by Mayor Cryer and the Mayor's insufficiency has encouraged and permitted the development by Parrot, Kinney and two or three others of a strong political machine built on the basis of patronage and other considerations.

All departments of the city have, necessarily, suffered by reason of this condition.

An opportunity presents itself whereby the citizenship of Los Angeles can rid itself of those hampering good government in this city. This opportunity is found in the candidacy of Benjamin F. Bledsoe for Mayor.

Judge Bledsoe is a forceful man. He is capable of giving this community an administration in keeping with the city's needs and the city's destiny. He has proven himself during more than twenty-five years of notable service to the public.

Under Bledsoe there can be no Parrot, nor any Parrot over Bledsoe, either. Secretary Kinney could not hector Bledsoe, nor could a band of selfish politicians flourish under a regime such as Bledsoe will inaugurate.

Mr. Cryer's vulnerability to charges of inefficiency, weakness and no accomplishments is shown in no better fashion than by the manufactured issues upon which he seeks a third term. The sudden show of zeal on the part of Mr. Parrot and Mr. Kinney to protect Los Angeles from "unfavorable publicity" likewise furnishes food for thought.

So far as Los Angeles is concerned, The Times believes Messrs. Kinney and Parrot have no cause for worry in connection with the effect of past or future published accounts of crime conditions here. With respect to the possible effect upon the political plans, friends and interests of Mr. Parrot and Mr. Kinney, however, The Times does not entertain so certain a conviction.

NEW RECORD SET FOR BULL?

Six Men Assert Fine Animal Brought $110,000, But One Who Should Know Says No and Woman Giggles About It in Telephone Conversation

Six men in Los Angeles stated yesterday a bull had been sold for $110,000. One man in Oxnard, supposed to be an original part owner of the bull, denied that six men had sold his bull. One woman in Oxnard giggled over the telephone, admitted her husband plays valet to the bull in question but said she didn't know at the moment the location of either her husband or the bull. A man in Glendale, an authority on bulls, recited the bull's pedigree, said the bull was worth $110,000—and hung up the telephone receiver. The entire story, however, appears to have a basis of fact, although it is all about bull.

J. W. Snodgrass, manager of the Berylwood Stock Farm at Hueneme Beach, and E. H. Agee, secretary of the California Live Stock Breeders' Association, are reported to be two of the men who first circulated the rumor that some one with tears in his eyes had reluctantly accepted $110,000 for a bull. A second rumor identified the bull as Prince Aagie of Berylwood, chief herd bull of the Berylwood Farm, grand champion of California in 1922 at every fair shown, and the highest yearly record bull in the world—some bull, without a doubt.

WOMAN TALKS

But Snodgrass and Agee disappeared in the wilds of Hollywood last evening after the rumor gained circulation. Mrs. Snodgrass answered the telephone at the Berylwood Farm. Mrs. Snodgrass laughed nervously.

"My husband handles the bull here," she admitted. What is, he's manager of the farm, you understand. But Richard Bard is the owner. Perhaps he can tell you who bought the bull—Oh, but I didn't say the bull was sold, did I?"

Another long-distance telephone call:

"Yes, this is Mr. Bard. The bull? What's that? I can't hear you—you say some one in Los Angeles throws the—Oh, some one KNOWS the bull is sold? Well, I don't know it. I'm part owner of the bull, but I don't know whether the

SUBTUNNEL AT SECOND IS ASSURED

Council Instructs City Attorney to Proceed With Franchise for Bore

A subtunnel under the present Second-street tube, with a pedestrian runway and a unique moving sidewalk to carry passengers through the bore at 2 1-2-cent fare, was virtually assured yesterday by the action of the City Council.

The Council voted to instruct the City Attorney to draw up a franchise granting the Tunnels Transportation Company the right to construct the subtunnel and to place in it the pedestrian runway and the sidewalk escalator.

The cost of the subtunnel will be borne entirely by the company and work on the project, under the supervision of the City Engineer, will probably begin in about thirty days.

The agreement for the franchise will provide that the construction of the lower bore shall not interfere with traffic through the upper tunnel while the work is in progress and that the safety of the upper tube shall not be endangered.

Pedestrians will be taken through the subtube at the rate of two rides for 5 cents. They can also walk through the lower tube as the plans call for a wide pedestrian runway.

NEW BRIDGE TO OPEN

Avenue 26 Span Will Be Dedicated Tomorrow Afternoon

The new Avenue 26 bridge will be thrown open to traffic and formally dedicated tomorrow at 3 p.m. To mark the event, Avenue 26 has been decorated from Pasadena to Dayton avenues and arrangements completed for a parade which will form on Pasadena avenue and proceed to the bridge prior to the dedication ceremonies.

Mayor Cryer, the Board of Public Works and members of the City Council will aid in the ceremonies, which are sponsored by the Lincoln Heights Commercial and Industrial Association.

PICKS LEMONS IN LIGHT SOCKETS

Musician Takes One Drink of Extract, Proceeds to Harvest Crop

One long drink of lemon extract and he thought he was picking lemons—thus Clifford Morgan accounted for being caught unscrewing electric light bulbs from the South Pasadena Christian Science Church.

Morgan, who says he is a traveling musician, was arrested by South Pasadena officers recently and charged with burglary. During the arrest the light bulbs were smashed it is said.

The man was found guilty and is now waiting the outcome of his plea for probation.

WITH a baby examined every two minutes the Mother's Educational Center at the Hollywood Woman's Club under the direction of Dr. Maud Wilde, had a busy day yesterday weighing and measuring young citizens who gave lusty tongue to their displeasure.

The mothers ranged in age from 19 to 25 years of age and seemed eager to get the best instruction to help them keep their babies at the highest point of mental and physical fitness.

During the day lectures were given in the auditorium by some of the leading pediatricians in the city, and mothers had an opportunity to hear Dr. P. V. K. Johnson, Dr. William Noble Carter, Dr. Everett C. Beach and others. Miss Clara Joselyn of the Public Library staff, talked with the mothers on child psychology and suggested two books a year on the formation of character.

"Every child is given a thorough mental and physical test, and the scores are then sent to the mother so that she may know the defects that need correction," said Dr. Maud Wilde.

"We cannot stress too strongly the importance of suggestion in the development of a child. If we could make the mothers understand the disastrous effects of fear thoughts, and of bribery, we would have accomplished a great deal in developing honest, fearless men and women."

Today there will be an educational center at Maywood and Saturday one will be conducted at Monterey Park. There are seventeen centers operating in Los Angeles, with a meeting at least once a week, and in thickly settled districts as many as four a week. The Mother's Educational Center has its headquarters with the Chamber of Commerce, and is supported jointly with the Community Chest.

Mrs. George L. Eastman and Mrs. Charles Wondries, both members of the Hollywood Woman's Club, assisted as chairmen of the day yesterday.

The scores will be in the hands of mothers next week. The Mother's Educational Center will celebrate American Child Health Day May 1, at the banquet hall of the Chamber of Commerce.

Girl Victim of Crash Will be Buried Saturday

Funeral service for Agnes Emerson, killed in an automobile accident at Paso Robles Wednesday, will be conducted tomorrow at 2 p.m. at Guadalupe Chapel, 1433 West Main street, with burial at Hollywood Cemetery.

Miss Emerson was on her way to San Francisco with her fiance, Lieut. Walter B. Barr of the city police, and their machine overturned on the highway, pinning both beneath. Barr escaped with slight injuries. Miss Emerson leaves her mother, Mrs. Kathleen Emerson; a sister, Mrs. Harry Edwards, both of this city, and an aunt, Mrs. Agnes Shanley of San Francisco.

The service will be in charge of Walter C. Blue as funeral director.

OUR MARY LOSES GEMS AT BANQUET

Bracelet Presented Film Actress by Husband is Unaccountbbly Lost

Search for a diamond and platinum bracelet containing thirty-six stones and valued at more than $5000, missed by Mary Pickford following a banquet given by members of the United Artists to Hiram Abrams, president of the organization, at the Biltmore on the 6th inst., was under way last night by police and private detectives.

A report of the loss was confirmed by Miss Pickford yesterday. She stated that the bracelet was a gift to her from Douglas Fairbanks and carried a considerable personal value to her for that reason.

She does not know just when she lost it, she averred, and is not quite sure she wore it to the banquet, but believes she did.

A liberal reward has been offered for the return of the bracelet, but despite advertising of various kinds for traces of its present whereabouts, nothing had been heard of it last night. It was insured.

MILLION IN RENTAL FOR GRAND SITE

New $700,000 Building to be Erected This Summer at Seventeenth

Involving a total rental of $1,350,000, a lease for ninety-nine years was signed yesterday on property located at the southwest corner of Grand avenue and Seventeenth street.

A new building is to be constructed on the site which is now occupied by the Pierce Arrow Motor Car and Truck agency, which firm will vacate the property on July 1, next. The building will be of Class "A" commercial construction and will cost between $700,000 and $800,000. Ground is to be broken shortly after the present lease by the motor company expires.

It is understood in automobile circles that the building is to be occupied by a motor accessory concern. Richard T. St. John, real estate dealer, who negotiated the deal for both parties, refused either to affirm or deny the statement concerning the automobile accessory concern.

The property has a frontage of 120 feet on Grand avenue and a depth of 195 feet on Seventeenth street. H. F. Vollmer is the owner and E. T. Off and L. D. Sale are the lessees.

LECTURE POSTPONED

The lecture on "Escrows" to have been given tonight at Central Y.M.C.A., by Edward L. Farmer, vice-president of the Title Insurance and Trust Company, has been postponed until the 24th inst., it was announced yesterday.

WOMAN EDUCATOR IS DEAD

Mrs. Mary Feitshans Was Pioneer Feminine Member of Illinois School Board; Long Resident Here

Mrs. Mary Flanders Feitshans, 81 years of age, woman pioneer in public education work and mother of Frederick R. Feitshans, member of the Los Angeles Board of Education, died last evening at her home, 441 South Evergreen avenue.

Mrs. Feitshans was the first woman member of the Illinois State Board of Education and, it is believed, the first woman in the United States to hold a place on a State Board of Education. She was devoted especially to kindergarten work and is credited with having done much to get that movement started in the public schools.

At 61 years of age, Mrs. Feitshans entered the University of California at Berkeley for post-graduate work in philosophy. She originally was graduated from Lake Erie Seminary, near Cleveland, O., and later returned to it as the youngest teacher it ever had. She taught also in Springfield and other Illinois schools.

When the world's exposition was held in Vienna she attended as a commissioner of education from the United States.

Mrs. Feitshans came to California with her husband in 1887 when he came to Berkeley to see about an offer that would have made him president of the University of California. He was at the time superintendent of Springfield (Ill.) schools. He died on the

The Lancer

NICE friendly people—these Russian Communists.

Choking with sobs, they ask why it is that the world has this unkind prejudice against them.

When they are not doing a single darn thing—except trying to bring about a mutiny in our army; trying to sow seeds of treason and sedition in every large city in the world; trying to bring on another world war by stirring up the Balkans.

THE GARDEN OF WARS

This attack upon King Boris of Bulgaria is like throwing a match into a powder magazine.

The Balkans are, in fact, the garden where the world wars grow.

THE REAL CAUSE

I never could understand why Woodrow Wilson did not state frankly the real cause of the World War.

Frankness was not to have been expected of the nations of Europe; but it should have come from us.

The World War was caused by the fact that Russia was trying to force her way down to the warm waters of the Mediterranean—through the Balkans. Germany was trying to force her way down to the Persian gulf. Their paths crossed. Only war could settle the debate.

Oddly enough the success of either would have been fatal to England.

THE WILD COSSACK

Doubtless this affair of Boris will result in nothing—right now. But it has sown a seed that will keep on germinating.

One day Russia is going to come bursting out of her snows with a wild Cossack yell. There is going to be another World War. And Russia is going to win it. And England's sun is going to set. And for some time thereafter, this will be a hell of a world to live in.

THE LOST ATLANTIS

It used to be that scientists were conservative chaps; who only stated what they could prove.

But there is a new kind of scientist more gabby than a life insurance agent.

One of this latter kind has made some announcements about the lost continent of Atlantis. He says that the thing sunk 1,000,000 years ago; that they had airplanes, electric lights and steam power.

He forgot to mention whether they had cross-word puzzles; or whether the sporting editions of the newspapers were printed on pink or green paper.

Incidentally, it may be remarked that nobody except this wise guy has the slightest information or clew showing that there ever was such a continent . . . much less all these intimate family details.

MICHAEL ARLEN

This young American author—Michael Arlen—seems to have found the magic alchemy in his books—a sappy, hokum plot adorned with brilliant conversation and sophisticated words.

Underneath the crackle and sizzle of "The Green Hat" is a "Fireside Companion" story—about a lady who suffered the gibes and arrows of gossip and scandal in noble silence and got killed in a convenient automobile accident in the end.

HIGH-TONED HOKUM

If you will just think it over, the most successful novels and plays in the world have had a foundation of maudlin, nursemaid melodrama.

Harold Bell Wright and Gene Stratton Porter have so far outsold other American authors that it couldn't be called a race. The most successful stage producer is John Golden; his productions have been one unbroken line of knock-outs.

And my gosh; look at 'em: "Turn to the Right," "Seventh Heaven," "The First Year," "Lightnin'," "The Wheel," etc., etc.

All hokum, done—at times brilliantly and beautifully.

LIGHT DIFFRACTION TO BE LECTURE TOPIC

Dr. J. A. Anderson of the research staff of the Mt. Wilson Observatory, will speak on the "Diffraction of Light" at the regular Friday-evening demonstration lecture tonight in the Norman Bridge Laboratory of Physics of the California Institute of Technology, Pasadena.

LITTLE HAZEN J. IS HOST FOR KHJ

Concert Celebrates Success of Vending Scheme

Peerless Laundry is Sponsor for Gypsy Program

Leighton Arcade Orchestra in Performance

BY CLAIRE MELLONINO

The great radio family of KHJ had a sumptuous banquet spread for them last night, a musical feast which excited the admiration of even the most jaded palate! The evening was divided into two programs the first of which had as host the Hazen J. Titus Fruit Cake Company.

I am sure all of you remember the birthday party which the Titus Fruit Cake Company gave in honor of "Little Hazen J." that delicious morsel of chocolate covered replica of his father, the famous Hazen J. Titus Fruit Cake. And as KHJ sponsored his advent into the world we were very pleased last evening to hear of the rapid growth and success which he is attaining.

In the sixty days of "Little Hazen J's" career more than 2000 Automatic Fruit Cake Machines have been spread over California from which you may procure a never-ending supply of individual fruit cakes.

Hazen J. Titus, the man who made "The Great Big Baked Potato" famous, must feel very proud to be the dad of such a spectacular commercial infant. There seems to be every reason to expect that at no great distant date 200,000 Automatic Fruit Cake Machines will be supplying the children of America with a wholesome sweet containing none of the dangers which mothers fear in cheap candy.

LAUNDRY IS HOST

J. Howard Johnson, representing the Hazen J. Titus Fruit Cake Company, selected as artists for last night's program the Orpheus Four Male Quartet, Catherine Jackson, harpist; Calmon Luboviski, violinist and Uncle Remus. There is a certain joy and mental freedom which comes from constant association of a group of artists such as these.

The second host of the evening was the Peerless Laundry Company, again represented by J. Howard Johnson. This is one of our most constant and faithful hosts to KHJ and will present programs over our station for a year.

They are one patron to whom many busy housewives in the city are grateful for fine work, perfectly done, and withal such courteous treatment as keeps their customers loyal. The spotless building which houses the work of the Peerless Laundry at Main street and Slauson avenue is always open to visitors.

The artists on their program last evening were Chico de Verde's Russian Gypsy Trio, Burkman Brothers Hawaiian String Quartet, Hatch Graham, banjoist and singer, Sam Hines, monologist of Pasadena, and Frances Gabrielle, operatic soprano affectionately known as the mysterious soprano of KHJ.

GYPSY TRIO PLAYS

We were very glad for the evening radio family to be able to hear some of the tantalizing and charming gypsy music which the Chico De Verde Trio have been giving on our matinee programs. Last evening Miss Gabrielle sang a Lullaby of Gilberti, Frimi's "Indian Love Call" and Brelhi's "Song of the Soul" with an emotional abandonment which is the keynote of her tremendous popularity.

Sam Hinds, the Burkman Brothers and Hatch Graham achieved their usual success.

It was our pleasure at noon to introduce Bert Crossland's Palais de Glace Orchestra. It revealed a versatility not usually found in an organization of that character. The program also marked the debut of Lillian M. Wheeler, whose delightful soprano voice was as refreshing as a shower. She was assisted at the Knabe by Edyth Petesech.

The Pacific States Electric Company entertained the afternoon audience with the popular Arion Trio, composed of Neva Chilberg, violin, Esther Tyner Novis, 'cello, and Lilyan Ariel, piano—and those two infectious Latin spirits, Jose Arias and Antoinette Friend.

From 5:30 to 6 p.m. our listeners were given the first opportunity of hearing by line telephony through KHJ the Leighton Arcade Cafeteria Orchestra under the leadership of Jack Cronshaw. This orchestra will be heard from KHJ daily except Sunday from 12 to 12:30, noon, and from 5 to 5:30 every day except Sunday and Monday. On Sunday they will be on the air from 6 to 6:30.

After Prof. Walter Sylvester Hertzog's daily tale of American history, the stage was occupied by Dickie Brandon, Sunny Jane Hughes, Dorothy Tiefel, 10-year-old pianist, pupil of Ida M. Martin, Leola Dolbec, 10-year-old reader, and two pupils of Carter Weaver, Phyllis Louise Jones and Francis V. Earnest, Jr.

Probably many people missed Dick Winslow from last night's "Children's Hour." This was because he had been chosen from all the children of Radioland by the community of Ocean Park to make a personal appearance where he exhibited the many talents which he has developed under his resourceful Mother. Last night Dickie told us about the KHJ Caravan to Catalina. Minnie Lucas also contributed a group of readings.

At 7:30 Fred L. Goddard spoke on "Steamer Day in Honolulu." This was followed by an address on "The Care of the Baby," by Dr. Lillian Whiting. At 8:15 the audience heard the brief remarks of Motley H. Flint, director-general of the 1925 Shrine convention.

PROFESSOR OFF TO EAST

Prof. J. H. Montgomery, head of the department of religious education, University of Southern California, will leave today to attend the annual session of the Religious Educational Society, which will meet the 22nd to 25th inst., at Milwaukee.

PIONEER WOMAN EDUCATOR DIES

(Continued from First Page)

return trip east. Since that time Mrs. Feitshans spent much time here and in Kansas City, Mo., until about nineteen years ago when she came here for permanent residence.

For some years Mrs. Feitshans has been the leader of the Progress Circle of Hollywood and until the last maintained an interest in public affairs.

She was born in a log cabin near Woodstock, Ill. Her father was a forty-niner, crossing the plains in the gold rush of the period. Later he returned to his family in Illinois.

Mrs. Feitshans leaves two children, Mrs. C. A. Kraus, Providence, R. I., and Mr. Feitshans. Mr. Kraus once was head of the physical chemistry department of the University of California and now is head of the chemical research department of Brown University.

Funeral services will be conducted in the C. R. Vesper Chapel, 1930 East First street tomorrow afternoon at 2 o'clock.

SAILORS ARE FREED

Pair Taken in Delinquency Case Ordered Back to Ship

Samuel W. Wiley and Glenn N. Johnston, sailors on the U.S.S. Mississippi, were freed of charges of contributing to the delinquency of two minor girls yesterday by Judge Archbald, who ordered them to return to their posts on their ship. The order was made at the request of the naval authorities who were apprised of the charges against the sailors by Dep. Dist.-Atty. Florence Woodhead. According to the complaint against the men, they entertained the girls at a party in an apartment taken by the sailors while theye were on shore leave.

TRIO FACE CRIME CHARGE

In addition to the disappointment Babe Colima, Tony Guardina and Philip Norton are asserted to have felt when they lugged two heavy packing cases out of the cellar of Dr. W. E. McPherson of 1043½ New Jersey street and found they contained books and not liquor, they were held to answer a burglary charge by Justice Baird yesterday. The books were medical books, worth about $230.

NEW STEEL PLANT GETS UNDER WAY

Ceremonies Formally Open Industrial Project in South Side of City

A new era in Los Angeles industrial development was reached yesterday when the $200,000 plant of the American Manganese Steel Company, Downey Road and Slauson avenue, was formally opened.

The opening ceremonies were conducted in the presence of Wesley G. Nichols of Chicago, president of the company, and D. H. Young of Oakland, western manager, and A. W. Daniels, general sales manager.

Among the guests were Horace G. Miller, president, and Robert Miller, vice-president of the Union Iron Works of Los Angeles, who constructed the plant. The guests numbered more than 500, and included a special delegation from the Chamber of Commerce.

The plant is the sixth operated by the company. The only other one west of Denver is at Oakland. Initial production will approximate 100 tons a month and consist largely of drills to be used in nearby oil fields and the Nevada, Arizona and New Mexico mines. There will also be a considerable volume of exports from the local plants all of which will be shipped from Los Angeles Harbor.

The plant will employ thirty-five men exclusive of the office force. O. W. Carlson has been appointed business manager, while H. A. McPherson will be plant manager.

LUMINARIES OF FILMDOM SPEED EAST

Three Sections of Train Take Many to Meetings of Organizations

Yesterday three complete sections of the California Limited pulled out of the Santa Fe station, each section filled with film notables and executives.

The purpose of the large gathering of cinema lights headed toward New York is for various national meetings of their respective organizations scheduled to take place in and about New York next week.

Among those on board were A. M. Asher, vice-president of the Corinne Griffith Productions, Mrs. Asher and their son, Billy. Asher will represent Corinne Griffith Productions at the big First National Pictures convention scheduled for Monday at French Lick. First National releases the Griffith Productions.

On the same train was Louis B. Mayer of the Metro-Goldwyn-Mayer organization, Mrs. Mayer, their two daughters and Pete Smith, publicity directer. Mayer will attend the first annual meeting of Metro-Goldwyn-Mayer executives in New York Monday.

Sol Lesser of West Coast Theaters also will be in the party, his objective being the First National meeting. Jack Coogan, Sr., and the famous "kid" Jackie were also in the party headed eastward.

The entire party will not be away from this city more than three weeks. The meetings of First National and Metro-Goldwyn-Mayer this year promise to be the greatest in film history and it is expected the officials will return with big plans for production and enlargement.

SUSPECT IN FLIGHT SHOT BY OFFICER

Pistol, Woman's Stockings Found in Pocket of Youth Searched by Police

While searching a suspected burglar last night at Sunset Boulevard and La Brea avenue, Officer Hensel found a pistol in one of the man's pockets.

The suspect drew another gun from another pocket and fled. When he refused to halt, Hensel fired his pistol once and brought the fugitive down with a slight wound in the hip. At the Receiving Hospital the wounded suspect gave his name as Vincent F. Tudsen, 18 years of age, said he was a logger and lived at the Webster Hotel, Sixth and Wall streets.

Officers Hensel and Ryan of the Hollywood division came upon the youth while searching the vicinity of the home of F. J. Morris, 1623 Vista street, for a burglar, who Morris reported had been seen in the rear of his home flashing a light.

In one of the youth's pockets, the officers report they found a pair of women's stockings. After the suspect was treated at the Receiving Hospital he was booked on a charge of suspicion of burglary and carrying concealed weapons.

Ranch Resort's Proprietor Dry Squad Prisoner

George Chessman, proprietor of the Silver Peak ranch, an exclusive resort at Walnut, eight miles west of Pomona, was arrested last night on a charge of illegal possession of liquor. He was later released on $500 cash bail.

The arrest was made by Detectives Benton and Dyce of the District Attorney's staff under the direction of Capt. Bond of the Sheriff's dry squad. A disgruntled employee, who was discharged from his job at the hotel, is said to have furnished the officers with information that led to the arrest. Chessman's place is an inn located in the heart of an orange grove, patronized by persons of wealth from Pasadena and Los Angeles.

Mr. Chessman stated there could be no ground for prosecuting him inasmuch as what liquor he possessed was prewar stock legally held. Capt. Bond refused to give out any of the details connected with the arrest last night.

WATER WAGON IS WOBBY PERCH

Watts Man Breaks His Ribs in Fall But Volstead Act Remains Intact

A fall from the water wagon yesterday landed Juan Barrella, 66 years of age, of 747 Eagle street, Watts, in the Receiving Hospital with several broken ribs. The Volstead Act was not broken, however, as it was a real water wagon and Barrella, not Col. R. E. Morse, was the doughty skipper.

BOND FRAUD SUSPECT TO FACE TRIAL

Pepall Must Go Back to Canada, Judge Rules in Refusing Him Liberty

Andrew H. Pepall, former Canadian government agent, charged with embezzling $385,000 while redeeming a $14,000,000 Province of Ontario bond issue in London in 1920, must return to Canada to face trial on four counts.

U. S. Judge James yesterday denied an application for a writ of habeas corpus for Pepall, which the latter's attorneys filed in District Court a few days after United States Commissioner Turney had ordered the prisoner held without bond for removal to Toronto.

Pepall was arrested last January. Two others, one a former Treasurer of the Province of Ontario, have been convicted of embezzlement and they are expected to testify against Pepall when he is brought to trial in the Dominion. In all, $600,000 is alleged to have been embezzled by Pepall and his cohorts. They are charged with buying the bonds, issued during the war, below the market price and pocketing the difference.

GIRL TELLS OF FATALITY IN TRAFFIC

Says Gallon of Wine Went With Three on Wild Ride That Ended in Death

A Ford coupe, a gallon of wine, Lesia Triggs, R. O. Graves and Marie Gahlau all went riding together in Alhambra the night of November 30, 1924. Miss Gahlau testified yesterday in the manslaughter trial of Graves and Triggs before Judge Reeve and a jury.

After they had had ten or eleven drinks each, she swore, the coupe ran over the curb and killed David Fraser. Then someone—she thought it must have been Graves—said: "Drive like hell." Triggs, she said, did so. When they were arrested, she said, Triggs at first admitted he had been driving, but later he and Graves told officers she was the driver.

Miss Gahlau herself is charged with the same offense, but not jointly with Triggs and Graves, and her case comes up next week. Only one person can be convicted of the three. The case will continue today.

PRICE RECORD SET FOR BULL?

(Continued from First Page)

bull has been peddled in Los Angeles or not, and can't tell you a thing—no, sir; not a thing."

Comes now to the phone Robert T. Lyons of Glendale, a Southern California bull authority:

RECORD PRICE

"Only one bull in the State worth worth $110,000; that's Prince Aggie—no, not Agee, A-a-g-i-e, that's right. I didn't know he'd been sold, but they've had lots of offers for him. That price is a world record. Carnation Stock Farm at Seattle once paid $106,000 for a Holstein bull, biggest price I know of up to now."

This bull's tale is near the end. That is not a statement intended for the nature student. It serves merely to introduce the additional fact that Snodgrass was appointed by the National Holstein Association to select the consignment of five Holstein cattle to represent California in the National Holstein Sale at Grand Rapids, Mich., June 4, next. Now the question arises whether Snodgrass has sold the best bull in California, or is the reported sale all a cock and bull story?

Anyway, that's a lot of money for a bull. Still, on the animal's prize-winning record, it's a lot of bull, too.

Booze Law Coil Tangles Former Policeman, Wife

Charles J. Bunjes, former Los Angeles police officer, and his wife were held for trial yesterday by Justice Wilson of El Monte on a charge of maintaining a nuisance. Both were arrested by George Contreras, chief of the District-Attorney's dry squad, on the 6th inst. in their home at 1307 East Sixty-first place, when the officer reported he confiscated a quantity of liquor.

Bunjes was held for trial in addition on a charge of selling liquor in violation of the Wright Act. At the same time a jury in Justice Wilson's court found Mrs. Bunjes guilty on a charge of possession of liquor and acquitted Bunjes on a similar charge. Sentence was not passed on Mrs. Bunjes.

CHAMBER GIVEN THANKS

A vote of thanks for the support given by the Chamber of Commerce to the Better Salary Committee of Los Angeles, representing the various organizations of postal employees of the city, was received from the latter and read before the board of directors of the chamber at its meeting yesterday.

BISHOP'S COCOA

I drink it

COCOA SYRUP
Soda Fountain Style
Take 2-3 cup sugar, 1-3 cup BISHOP'S COCOA and 2-3 cup water. Mix sugar and cocoa, add enough water to make a smooth paste. After adding salt and balance of the water boil slowly 5 minutes. Cool and add vanilla.

What for Dessert?

Something simple and something good appeals to every one. A sponge cake is stirred up in a few minutes. Top it with the best liked of any sauce—Cocoa Syrup (soda fountain style). You will have "company-like" dessert for little trouble and expense.

GOING STRONG

There were eight home runs on the opening day of the big leagues. Even with Babe Ruth out of the line-up business is running as usual.

TRANSFORMATION SCENE

The World Court should establish an iron foundry at Geneva for the purpose of transforming swords into plowshares. It might be worth while as an object lesson to humanity.

AN ORIENTAL VISITOR

Hsuan Tung, former Manchu Emperor of China, is planning an immediate visit to this country and is likely to be in our midst in May. In other days the idea of a Chinese ruler making a journey overseas and exposing himself to the gaze of the world was preposterous. But nowadays anything may happen. The Mikado may soon be broadcasting bedtime stories for the children of Zanzibar.

THE BIG STUFF

The city of London has been spending nearly $100,000,000 in extending its docks, although it already has the reputation of having capacity for more shipping than any other port. London used to be the center of the world's maritime commerce, but when Los Angeles spends $100,000,000 on piers and docks as a mere afterthought our harbor will be the marvel of at least two continents.

WOES OF THE PEACEMAKER

The result of President Coolidge's decision as arbitrator of the Chilean-Peru misunderstanding, no matter how just and equitable it may be, indicates the unenviable position of one who agrees to settle a dog fight. He is certain to be attacked by the owner of the losing canine. Chile throws up her hat and cheers at the result, while Peru threatens and attacks the American Embassy.

BUYING MEAT

We read that the United States Attorney is on the trail of the fellows who sell shoulders for hams and "soak" the innocent consumer to the extent of 10 cents a pound on inferior bacon. The investigation might be well pushed into the fresh-meat field, where one frequently pays the exorbitant price asked for the best and gets something that tastes like the long-to-be-remembered "preserved" meat days. Every family buyer knows it.

COLD WAVE COMING

The head of the Canadian Weather Bureau insists that there has been no appreciable change in climate in the world during the last 100,000,000 years. It has all been pretty much the same. He figures, however, that in about 40,000,000 years another glacial epoch is due. It might be a good idea to stock up on heavier underwear or switch to woolen socks. People who are strong for preparedness will not be caught unguarded.

THE JAMMED JAIL

There are nearly 900 offenders in the County Jail at this time. It is the greatest roster ever known in the history of the ancient institution and the call for the use of the new hoosgow amounts to a shriek. The tanks are filled to bursting. In other days the jail was thought to be crowded to the limit when it housed 300 wights and wastrels. Now it is herding nearly three times that number and the prisoners have to use shoe horns to get into their cells. The cells are more like a bargain-day rush than anything else; and are no place for a captious and querulous gentleman of luxurious tastes.

NATURE'S HARMONIES

Now the professor is setting our woes to music. It seems that rheumatism is really a tune. When it is being played off key or with a discord the pain breaks out. Life is a succession of harmonies. There is a melody in everything we do. When we have stomachache we have merely fumbled the wrong notes or struck the minor chord. When all is smooth and serene and the body is free from pain it simply means that the instrument is in perfect tone and the symphony is being discoursed in proper tempo and phrasing. When you have sciatica send for a piano-tuner instead of a chiropractor.

THE VALUE OF WASTE

It is both interesting and enlightening to read of the metamorphosis, it might be termed, of the waste burner at a great lumber plant in Louisiana. For sixteen years it consumed all the shavings, edgings and waste lumber generally, now estimated to have been worth $1,500,000. All this is now used in a paper mill, which, combined with the sawmill, gives steady employment to 4500 men at the town of Bogalusa. The company has planted 10,000,000 young pine trees on the cut-over tracts, which, with the waste from the sawmill, now supply the paper mill, and in twenty-five years the trees left standing will be supplying logs for the sawmill.

TOO MANY COOKS

European political events are assuming features of a "free-for-all" rather than the well-regulated race which marked prewar elections and Cabinet appointments. The old boast of highbrow statesmen on the continent of a generation ago has veered around. The pedagogic air with which the masters of politics used to patronize Americans in the dogma that "Politics is a science which only matures with age like a rich Burgundy" has evaporated. The muddle in Germany and France has gone back to chaos.

The German Presidential election and the trading for Cabinet ministers in Paris are so overheated that they even forget Franco-Teutonic grievances. Briand, the veteran master juggler of portfolios, was stumped for the first time in his champion score of eight Cabinet formations. The Germans are faced with such a prolific crop of candidates for the Presidency, most of whom are unknown quantities, that they have dragged old Marshal Von Hindenburg from his senile seclusion. Trading on the Board of Exchange in New York or the Bourse of Paris was never so wild as is the barter of party votes from hand to hand in the Reichstag and the Chamber of Communes in Berlin and Versailles.

Too many cooks spoil the broth. Both the French and the Germans are fond of their vegetable soup and potage, but when the cook mixes asparagus and onions, rhubarb and bitter root, the mess seems to be too nauseating, even for their promiscuous taste. Bickering for the Socialistic vote appears to be the source of most of the trouble in both countries. The Socialists themselves have split up in so many different shades of Utopian dreams that the right-left-to-the-left-right and the moderate-Social-Democrats cannot agree with the advanced-Democrat-Socialists on the carving of the upper Right Wing for the benefit of the candidate whom the Conservative-Liberal-National-Fusionists of the Left Wing have chosen for their standard bearer to handle the portfolio of the treasury. Inflation of the franc or no inflation, tithe or no tithe, that is the question!

There is not even a flock of dark horses from which they might lasso one at random, because every member of the Senate and the Chamber is a candidate for a ministry job in France, and every Heinie and Fritz has a right to boost himself into the chair recently vacated by the late Herr Ebert in Germany.

Could only Karl Marx and Marat lift their eyes from their premature graves, what a spectacle would they behold in the confusion which is the result of their handiwork! The science of political economy, as a toy in the hands of the proletariat, is as safe a seat of learning as the gunpowder barrel of Guy Fawkes in the basement of the House of Parliament in London. There is only one difference. At the first sign of a blast of the barrel there would be a scramble for safety. At the first sign of the purse strings of the treasury hanging loose there is a scramble to get hold of them by the very men who repudiate money and finances as the bane of society.

Money may be only a fictitious medium of values; but Russian, German and French followers of the "Rote Fane" and the "Standard Sanglante" have by now found out to their sorrow that even the bread-line doles handed out by their leaders are a bitter crust of black bread, while the erstwhile soap-box orators are driven around in their silver-lined limousines, after cutting the purses which once belonged to the proletariat.

NEW PACIFIC CURRENTS

Reports from the masters of over 300 vessels to the governments of the United States, Australia, British Columbia, Japan, Chile, Peru and other countries on the Pacific show that very marked and important changes have taken place during the past year in the old ocean currents and that several new ones, some of them very large and strong, are now flowing. These currents are believed to have caused the wrecking of many ships, among them the Cuba, belonging to the Pacific Mail Steamship Company, which was lost on a reef off San Miguel Island, and the Concepcion, belonging to a South American company, on the rocks off the port whose name she bore, in Chilean waters by a current suddenly set up along the southern coast.

A few of these currents are thought to have been caused by the same seismic disturbance which created such havoc in Japan over a year ago, though some of them have not been charted, or, indeed, noted, until recently. Old Pacific shipmasters who used to know every current in the Pacific now confess that they are ignorant of many of them. The greatest change is the alteration of the old well-charted north-and-south currents to east-and-west currents. Even the great Japanese current itself is said to have been altered to some extent. This stream in the sea, sweeping up from the south, tempers the waters of the North Pacific and the climate of British Columbia. It is lucky that it was not more considerably changed than it has been, else the effect might have been a disastrous one for those regions. But the fact that, instead of longitudinal currents, there are now lateral ones, setting strongly in toward both the east and the west coasts of the Pacific, is bad enough.

Of course, until the new hydrographic surveys have been finished we shall not know the extent of the mischief that was wrought by the many submarine temblors following the great Japanese quake. These disturbances, according to a series of reports made by captains of merchant ships to their companies, appear to have followed two fairly distinct belts across the ocean.

Official soundings have not been made of what is said to be the deepening of the great trench in the sea bottom off the Peruvian and Chilean coasts. This deepening, however, has been established by unofficial soundings. It was accompanied by landslides in the Andes near the coast and by changes in the currents along shore.

More than twenty years ago Joaquin Miller pointed out in a magazine article that the Pacific was misnamed—that it was fully as turbulent as any other ocean. He wanted it renamed the Balboan Ocean, after its discoverer. In the light of recent events it would seem that it cannot be relied upon as pacific, either at top or bottom, for at least fifty navigators have reported disturbances which they called earthquakes while their ships were at sea and every week adds to the number of new currents, so that the dear old Pacific now has all the mariners guessing.

Well, nothing can be done about it except to wait for the new charts and, when they are out, to watch them very closely. But what a field is the Pacific for a new Conrad!

JOHN SINGER SARGENT

"An American, born in Italy, educated in France, who looks like a German, speaks like an Englishman and paints like a Spaniard" is the phrase in which a recent magazine article summed up the cosmopolitanism of John Sargent. But, though he spent much of his time in Europe and found perhaps his most notable triumphs in London, Sargent was the product of American traditions, ideals and culture and in the annals of art will always rank as an American painter.

In 1874 he began his studies at Paris under Carolus-Duran from whom he caught that touch of Velasquez that characterizes so many of his portraits. At the age of 25 he painted a masterpiece, now exhibited in the Metropolitan Museum under the title of "Madam X," and at once took his place among the coming portrait painters of the world.

Since that time the number of famous men and women who have passed before his easel outnumber those of any other great painter. Among them were Theodore Roosevelt, Woodrow Wilson, John D. Rockefeller, Gen. Wood, Choate, Ada Rehan, Ellen Terry, Eleonora Duse, Coventry Patmore, Joseph Pulitzer, Mr. and Mrs. Field, Joseph Jefferson, James Whitcomb Riley, John Barrymore (a sketch as Hamlet,) nearly half the British aristocracy and numbers of lesser celebrities.

Sargent was a prodigious worker; he started to sell his work at an age when his competitors were still in the student class; when he passed away a half-finished portrait was still on his easel. Consequently his material rewards were in proportion to his artistic genius. He obtained fair prices for his pictures during his lifetime. The Chicago Art Institute paid $30,000 for his full length portrait of Mrs. Swinton. His Ellen Terry as Lady Macbeth brought $15,000. Yet no critic could ever accuse John Singer Sargent of ever attempting to commercialize his art.

Finally he was accorded the honor, never granted before to any painter, of having his pictures during his life time hung in the National Gallery in London. William Lyon Phelps said of him shortly before his death:

> Sargent belongs to the great portrait painters of all time, his pictures revealing the mysterious but unmistakable stamp of genius. In fact, everything he does shows this quality, which makes his paintings the envy of competitors and the pride and glory of American art. He has no successful living rival; he is in a class by himself.

PROGRESS FOR MEXICO

There is an encouraging movement for the continued general betterment of Mexico under the rule of President Calles. The lopping off of thousands of useless hangers-on from the government pay roll; the warning against the prevalent custom of abusing the government and insulting the army and the movement in the direction of at least a limited prohibition of the use of intoxicants, all indicate a desire to approach nearer to the ethical plane occupied by other civilized nations.

The Mexican City Excelsior, in commending the action of President Calles in his determination to keep the expenses within the normal receipts of the government, said recently that the discharge of the useless employees is "a boon to the country. Mexico needs workers. Let all these useless hands go back where they belong, to the soil, to the factory, to commerce. Being a Mexican does not give anybody the right to live at the treasury's expense." It is reported, too, that the President is opposed to negotiating any new loans, declaring that under his control the country shall live within its resources. Where vast capital is required for great public improvements he announces that they will be undertaken gradually as capital becomes available.

President Calles has avowed himself a total abstainer, and as Governor of Sonora is said to have enforced prohibition on his State. One State has adopted a dry law and others are showing symptoms. The press as a rule opposes absolute prohibition and charges the dry element with doing politics to please the President. They suggest many expedients instead of outlawing alcohol entirely; but the very fact that the subject is so widely discussed shows the trend of the public mind.

It is not too much to believe that the visit of President Calles to European capitals and his friendly and dignified reception at the White House prior to his inauguration has had its full share in continuing the progressive uplift in the southern republic.

THE VOTE SWELLS

There are now 380,000 lawful voters in the city of Los Angeles and the man whom they decide upon for Mayor should be a citizen well worth while.

Just About It
by James J. Montague

ACCOUNTING FOR JOB

Though Job displayed an iron nerve,
When subject to the Devil's hazing,
Which, moralists may well observe,
Was to be the last degree amazing.
If he had topped a ball five times
In swift monotonous succession,
As has the author of these rhymes,
He might have lost his self-possession.

The old man suffered frightful ills,
He lost his children and his riches,
But had he lost a dozen pills
In sundry traps and ponds and ditches
Just when at last he'd found his game,
I freely venture the prediction
That he'd have also lost the name
For being patient in affliction.

In all the troubles that he had,
In all the grief that hovered o'er him,
He never grumbled or got mad
Or cursed the day his mother bore him.
But had he tried, when in the rough,
Five easy niblick shots—and missed 'em—
I'm rather sure the patient stuff
Would have departed from his system.

We would not hear of Job today
As bearing persecutions meekly,
If he had ever had to play
The course I dub around on weekly.
No wonder he was filled with cheer,
And never sour or discontented,
For in his happy day and year
The game of golf was not invented!

FAITH

If the story of creation,
Told on mountain, hill and plain,
And the plan of man's salvation
Were but figments of the brain,

Still the charming, wondrous story
Told beneath the eastern skies
Fills the earth with peace and glory,
Soothes the heart and dries the eyes.

In the years when war went sweeping
On red pinions through the sky,
Faith's sweet message stayed the weeping,
Healed the wounds and hushed the sigh.

When the serpent, sin, came stealing
In the fane, the home, the mart,
Faith was there and, humbly kneeling,
Blessed and purified the heart.

Faith adorns the path of duty,
Bears the load and pays the toll,
Fills the life with love and beauty
And with truth enrobes the soul.

WHAT KAASEN TOOK TO

BY RANSOME SUTTON

Dog teams and fur-clad drivers, racing with death [illegible] of the world where the ice age has never ended, where [illegible] up and down day and night along the southern [illegible] man's breath pops like toy pistols—nothing could have [illegible] tacular. Several teams of half-wild wolf-dogs, sirring [illegible] the pony express, covered the 660 miles between the [illegible] terminus at Nenana and Nome in 127½ hours, the [illegible] aging nearly 5.2 miles an hour.

During the trip the huskies were fed frozen fish once each day. At night they bedded themselves in snow. It doesn't pay, dog drivers say, to treat huskies tenderly. It softens their natures and unfits them for Arctic conditions. Petting pleases the dog in them, but the wolf part doesn't understand, and a husky is liable to repay a pat with a snap.

• • •

Not the drivers and their teams, but the peculiar cargo, makes this trip memorable. The cargo consisted of thirty tiny bottles of antitoxin, and the whole package, including the packing, weighed less than twenty pounds. It was greatly needed in Nome, for twenty-seven of the 750 inhabitants were "down with the diphtheria," and all the others had been exposed.

The story of antitoxin is a scientific romance. It begins and ends in blood. Since microscopes were invented chemists have discovered that blood is not a simple fluid; it is very complex. The blood stream itself is a transparent solution of salts and water, almost identical with sea water. Through this salty serum two kinds of living organisms float like fishes in the Gulf Stream—the red and the white corpuscles. The reds do nothing but carry oxygen from the lungs to the tissues; the whites do police duty, patrol the blood stream on the lookout for invading bacteria. Finding a bacterium, the white defenders surround and devour it. But sometimes the bacteria get the upper hand, then they produce a poison called toxin, which "gasses" the white knights—unless the blood can produce enough antitoxin, in the form of antibodies, to neutralize the poisonous gases. Immune persons escape, because their blood is rich in antibodies. Afflicted persons must be supplied with antibodies from the outside, otherwise the white corpuscles will be gassed and the patient dies.

Scientists have learned that, if killed bacteria are injected into the veins of horses, the blood responds exactly as if the bacteria were alive and produces a copious supply of antibodies. It is like standing up dead soldiers in front of an army—the bugles sound and the defending forces prepare for battle. When horse blood in this condition is injected into the veins of a diphtheria patient, the horse-made antibodies immediately neutralize the poisons produced in the human blood by the germs, whereupon the gassed white corpuscles "come to" and savagely assail the germs.

• • •

Nome's S.O.S. was heard by the health authorities in Washington. Then the veins of a few horses, previously inoculated with killed bacteria, were tapped and thirty small vials of the life-saving serum were neatly packed and hurried to Mineola, where a waiting airplane received it and carried it to the Pacific Coast, whence it was relayed by fast steamer to Anchorage, Alaska, thence carried by a snow-plowing train to Nenana on the Yukon, where the sled trip started.

To produce the serum and send it to Nome brought into spectacular play the topmost energies of civilized genius—medical skill, a knowledge of bacteriology, the annihilation of distance by means of steam power on land and on water, the airplane's transcontinental flight, the snow plow's defiance of the Ice King's barricades and, finally, the work of the wolf-dogs, which began where civilization ends. It proves to the world that Americans will do their level best to help one another in time of trouble, regardless of difficulties.

TAKE A LOOK AT YOURSELF

By The Foothill Philosopher

A man sentenced to death for the crime of murder declares, in a sensational interview, that his execution will not stop crime. Of course, it will not. However, it is fairly certain that the "cure for crime" would not be found in the liberation of convicted criminals and it is debatable whether a life sentence for murder would be a deterrent of homicide.

"Once I walked with the wealthy and influential," says this murderer. "Now I face death, with few friends, and all because fate decreed to tear from under me all that which I had built—turning me back from a trail of good to a trail of bad."

This man probably will go to the gallows as blind, morally and spiritually, as he was when he committed the crime for which he must answer with his life. His weakness has been and is that he has always considered forces, things and events to be responsible for his condition and never dared to face the truth of his own responsibility.

A man may be, apparently, in control of $1,000,000, but if he does not control himself he is poor. On the other hand, one may appear to be poor, but if he be in possession of himself he is "rich beyond the dreams of avarice." In the last analysis no one truly owns anything that is not a part of himself. We possess only that which we are. Before I came to the world I owned nothing in the world and when I leave "this bank and shoal of time" I will own nothing here. I may say I own property. If I should lose my mind I'd be bankrupt. HUNT MURDERER IN UNDERWORLD

Police Lay Bootleg War Crime to Ring Hirelings

One Slain, Another Wounded in Separate Forays

Two Men Held in Connection With Gun Battles

The trails of the underworld were being followed yesterday by detectives in search of the killers, apparently in the hire of a powerful rum ring, who signalized the reopening of the dormant bootleg war here Wednesday night by shooting to death one man and seriously wounding another in two separate forays.

Detective Lieutenants Craig and Jarvis, working on both cases, are convinced that the killing of Joseph Perlini at his home at 2214 Duane street, and the wounding of Harry Friesch in a street gun battle were directly due to the resumption of hostilities between two or more rum rings operating in the city.

Two men are under arrest in connection with the murder and wounding. John Lenzini, partner of the slain man, is held on suspicion of murder. The suspect vigorously denies the charge and declares that two young men entered the place occupied by himself and his partner and shot the latter without a word of warning.

Joel Warren, who was seated in a car with Friesch and Harry Margolis in the 700 block on Valencia street when another machine raced by pouring a stream of lead at them, is held on suspicion of carrying concealed weapons. Margolis was released from custody yesterday after being held over night for questioning. Friesch's condition is still serious.

Police Pistol Sharps Stage Initial Match

In the first police interdivisional pistol match, the Central division team vanquished the Sawtelle team yesterday at the Elysian Park range.

The five-man team from Central scored 1861 points out of a possible 2000 against 1831 made by the Sawtelle team.

Officer Holman of Central was high man with a mark of 390 out of a possible 400. Central's average was 372 and Sawtelle's marksmen scored an average of 362.

The winning team was composed of Officers Holman, Hamilton, Todd, Boen and Stevens. Sawtelle was represented by Capt. Kiercey, commanding officer of the division; Motorcycle Officers Gregg and Carlson and Officers Rasmussen and Cawthorn.

Brothers Held on Charges of Extortion Plot

Grover Willis McPherson and his brother, L. E. McPherson, were accused of extortion in a complaint issued yesterday by Dep. Dist.-Atty. Ryan.

It is charged that the brothers demanded $500 from Perry McMillan under threats of accusing him of familiarity with the wife of Grover Willis McPherson.

McMillan notified the authorities of the asserted blackmail attempt and two investigators from the District Attorney's office were said to have witnessed the payment by McMillan of $100 to the McPhersons. Both are under arrest.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

BY THE SENTRY ON HIS BEAT

As chairman of the City Council's Public Utilities Committee Councilman Allan, candidate in the Second Councilmanic District (Hollywood,) has worked for better service from the public utilities and at the same time so increased franchise fees that the city's income from this source has been increased $160,000 annually.

Election of Councilman Mushet to the office of City Controller at the primaries was urged yesterday by Dwight Hart, former State Senator and well-known Los Angeles business man. In a letter to Mr. Mushet indorsing his candidacy Mr. Hart said: "It is important that the voters of Los Angeles be fully informed of your qualifications to fill the office of City Controller. Your long record of public service, your ability as a certified public accountant, and your accomplishments as City Auditor for several years and as chairman of the City Council's Finance Committee for the last four years are excellent recommendations in behalf of your candidacy for Controller."

In the absence of Assemblyman Mark A. Pierce, who is in Sacramento attending the present session of the Legislature, business men of the Tenth Councilmanic District have, according to announcement made yesterday, been conducting a vigorous campaign in his behalf with the object of electing him to the City Council at the primaries May 5. Those in charge of his campaign have obtained the active support of the following committee: Olin Wellborn, Bernal H. Dyas, E. P. Clark, Arnold M. Cannan, Edward Boutin, Walter C. Blue, Clark F. Mead, W. H. Pierce, F. I. Wheat, Rev. C. C. Pierce, Hanyen Lesh, George K. Willett, Mrs. J. A. Norris, Gene Murphy, William E. Lanigan, Freedom R. Hickey, R. C. Goodwin, Robert T. Brain, James Duckworth, Frank Murphy, S. M. Beane, Daisy Van Pelt, Jarvis Barlow, Henrietta Curtis, Walter Lindlay, W. R. Dougarty, Mary Morrison, J. T. Mahoney, James C. Garrett, Wilbur McCray, Gos Olsen, Eliza B. Murphy, John F. Tafe, Mrs. Jessie L. Bishop, Mrs. Leona A. Pendleton, Annie M. Brain, Connie V. Adair, Mrs. Nancy Lou Saunders, V. M. Tanner, Alice M. Schriefer, Mrs. Marion Morgan, Class F. Hilf, A. V. Lowe, C. C. King, Lorin Lamar, Henry Cole, Mrs. Bertha S. Berry, J. Lowenstein and Laura M. Morrison.

The candidacy of Clarence W. Horn in the Twelfth Councilmanic District has been indorsed by Superior Judge Charles S. Burnell.

Councilman Sanborn, candidate for re-election in the Ninth Councilmanic District (Hollenbeck Heights,) has obtained an agreement from the Santa Fe Railroad which will assure the rapid construction of the new Macy-street viaduct.

Councilman Edwin Baker, candidate for re-election in the Fourteenth Councilmanic District (Highland Park, Eagle Rock and Garvanza,) has opened headquarters at 5924 Pasadena avenue and at 975 Annandale Boulevard.

Assemblyman Willard E. Badham, candidate in the Fifth Councilmanic District, is working nights at Sacramento closing up the work of the Ways and Means Committee, of which he has been a member for three terms, in order to be ready to return to Los Angeles next week to take personal charge of his Councilmanic campaign.

The executive committee of the United Church Brotherhood has indorsed the candidacy of Charles S. Lamb in the Fourteenth Councilmanic District.

POLICE REPORT WOMAN DIES NATURAL DEATH

Police reported yesterday that Mrs. Helen Omo, said to be a wealthy Chicago woman, stopping at the Rossiyn Hotel, died from natural causes. She had been at the hotel since December 4. Mrs. Omo leaves a son, Don L. Omo of 646 Bitter street, Chicago, and a daughter, whose name was not learned, of 1847 School street, Chicago. Her body was taken to the George A. Fitch morgue to await word from the family.

WIFE HIT IN VOECKELL WILL

Is Cut Off With $5, While Bulk of $350,000 is Left By Murdered Man to Friend

James A. Watt, described merely as a friend, inherits the bulk of the $350,000 estate of the late Henry G. Voeckell, Central-avenue druggist, while Mrs. Frieda Voeckell is left $5 in Voeckell's will, filed yesterday for probate. Voeckell was beaten to death, presumably by bandits, in his store the morning of March 18, after several previous attempts had been made to rob him.

To a son, Charles B. Voeckell, is left one-third of the estate which he is to receive at 35 years of age. Three sisters, Miss Theresa Voeckell Klanke and Miss Gertrude Voeckell, are to receive $5000 each. The remainder goes to Watt.

Voeckell had cash and valuable papers secreted all over his store, a sarcastic note foretelling ill-luck for thieves wrapped up with each package. A feature of his furnishings was a large bear trap, so arranged that it would capture any one who stood before his cash register in a normal position and attempted to open it. Voeckell had had plans drawn for a six-story workingmen's hotel, to cost $450,000, and to be erected at Washington street and Central avenue.

The will was drawn December 28, 1922. It was filed on behalf of Watt, who is named as executor, by Attorneys G. C. DeGarmo and H. B. Cornell.

TRIAL ORDER CONTESTED

Having been awarded $5000 in Superior Court for damages said to have been caused by an automobile driven by M. M. Cohn, 6820 Denver avenue, Otis and Jennie Northrup of 327 West Forty-fifth street, yesterday appealed to the State Supreme Court from an order of Superior Court granting a new trial of the case to Cohn. Mrs. Northrup was seriously injured while crossing Monsta avenue at Forty-fifth street on October 13, 1923.

CLUB SPEAKERS DISCUSS PEACE

Session Told "Go Slow" is Lesson Learned

Six Resolutions Are Adopted by Delegates

Retiring President Honored at Annual Banquet

BY MYRA NYE
"Times" Staff Correspondent

SANTA BARBARA, April 16.—"Clubwomen can never be lulled into apathy in their hopes and work for world peace. We are willing to go slow. That is the greatest lesson we have learned in our work in international relations. But woman is designed to lead in great humanitarian measures because she has the capacity to hold onto an abstract idea," said Mrs. John C. Urquhart in the outstanding address of the three-day convention of the Los Angeles district convention held in this city with the Arlington Hotel as headquarters.

The high light for today was the subject of international relations, with a luncheon held at the hotel. Miss Lloyd Galpin, chairman for the district, presiding.

"I hope through this study of men and nations," continued Mrs. Urquhart, "we have also learned the art of letting go. Let go of grudges, delusions, prejudices, selfish ambitions, memories that generate bitterness and desire to get even, habits that annoy, opinions not founded on reason and justice. Let go of envy, hatred and things that bring wrinkles as well as war, the thoughts that are boomerangs striking back. War comes from within, not from without. If we have learned this in our club work we have truly started the great crusade which must end in peace and understanding."

RESOLUTIONS ADOPTED

Mrs. Urquhart's address made a profound impression not only upon the assembly but the entire community.

Other addresses today are: "The Southern California Council of International Relations," Kenneth S. Bean, and "The International Mind," Miss Galpin.

The six resolutions presented yesterday were acted upon and adopted with no discussion; the profound silence that greeted the first one, presented by the Ebell Club of Los Angeles, being an indication of the serious consideration of the women. This was the one providing for the sterilization of men who have attacked girls or women. The others were: The discouragement and boycotting of newspapers that feature crime and are a menace to the family life by lurid details of scandal and crime; indorsement of the State Indian welfare bills, 336 and 7; approval of the action of the student body of University of Southern California in upholding by individual action the Eighteenth Amendment, and the courtesy resolution for the Santa Barbara Woman's Club, Mrs. Elyar Fillmore, president, which has been compelled to provide for exactly double the number of delegates and guests expected. Their work has been most graceful and effective.

PRIZE PLAY GIVEN

"Uncle Sam's Workshop," the prize play by Louise Taylor Gerdine of the Pasadena Civic Club, inspired by Mrs. Maynard Force Thayer, State chairman of American citizenship, was presented, cast and directed through the courtesy of the Santa Barbara Woman's Club. Misses Betty and Margaret Barr directed, Donald Stewart and Florence McNally played the American boy and girl, respectively; Miss Lau Thurmand, who is president of the Carpiteria junior auxiliary, played "Hail Columbia," and other members of the cast are members of the Santa Barbara Woman's Club.

With Mrs. Charles H. Toll presiding for the last time as president, the annual banquet of the federation at the Arlington was the most brilliant social function of the convention. Mrs. Toll was showered with flowers and rare gifts and Mrs. J. B. Lorber equally honored, and especially so the evening previous with the banquet given for her by the Santa Monica Bay Woman's Club, where she served as vice-president under Mrs. Urquhart and subsequently became president.

Together with her official family just elected she was installed with delightful ceremonies. Miss Helen Broadwell, called the "baby president" of the State, president of the Covina Monday Afternoon Club, gave the musical program at the banquet presenting a group of Spanish songs in costume, two of them composed by Charles Lummis and one by Gertrude Ross. Mrs. Urquhart installed the officers and Mrs. Toll in addition to Dr. Aked addressed the assembly in closing.

Diet and Health

ANSWERS TO MOTHERS

Infectious Diseases

Mrs. M.—The infectious diseases, such as diphtheria, scarlet fever, measles, etc., are spread largely through personal contact, through inhaling directly the infectious material through the cough or talking of the patient, or through getting the infectious material on the hands and then into the system.

Anything that comes in contact with the discharges from a patient may be able to transfer the germs to a susceptible person. Such contaminated things are called "fomites" (from the Latin word meaning "tinder," or something that starts a flame.)

You can see that humans, or dogs, cats, fleas, insects, etc., and inanimate things such as books, toys, dishes, etc., can act as fomites. Objects that have been in contact with a patient should be disinfected by thorough washing or boiling, if this can be done, or by long exposure to the sun and air.

Reducing During Pregnancy

"Dear Doctor: I'm sure I've helped to increase the demand for your booklets on reducing. I reduced from 186 to 149 in three months during pregnancy, with increased health and vitality and a very easy delivery as a result. My baby weighed nine and one-quarter pounds!

"I found exercise very beneficial where the fat was in bunches. I took some exercises every day, cutting down on them and leaving off the more strenuous ones during the last months. I have reduced since then to 138 pounds. In another month I will have reached the mark I'm after—130. Every day people tell me I'm getting younger, and want to know how it is done. So I just tell them about you. Often when I meet some one I've not seen for a long time, I have to make myself acquainted all over again. They all say that I don't seem to be the same woman. I say that I am the same woman, minus about fifty pounds of fat.

"Will you please send a booklet on reducing to a fat friend? A self-addressed, stamped envelope for her and 10 cents in stamps are inclosed. Very gratefully.—Mrs. S."

A nine and one-quarter-pound baby is a whopper. I shudder to think what he would have weighed had you not dieted! There is no doubt we can control the weight of the baby to an extent. One of my friends, who specializes in obstetrics, makes all of his obese patients reduce and he watches the weight of all his prospective mothers very carefully, and believes that overlarge babies can be prevented. Of course the baby's weight is somewhat dependent upon its size, so if he comes from good-sized stock, we will have to permit him to tip the scales somewhat heavily.

I would not advise such a rapid reduction as yours—thirty-seven pounds in three months—twelve pounds a month. You did not say but I presume you did it during the first of your pregnancy. By the last of the term the weight of the fetus, secundines (afterbirth water, etc.,) will amount to fifteen to twenty pounds, so if there is no gain in weight during the last three or four months, that indicates that the mother has lost weight.

I am glad you were so successful, but let me repeat that I think it was too rapid a reduction. I have had quite a number of letters from those who have reduced with benefit during pregnancy.

Chafing Babies

Your baby is too fat, Mrs. R. Make him count his calories! Seriously, cut down his food. Too fat babies have a lowered resistance, as do too thin babies. Be careful to dry him thoroughly after his baths and use a mild cold cream or oil in the creases, instead of talcum.

(Tomorrow—Answers to Correspondents.)

My Dear Followers: When sending for material which we offer you, please remember to inclose a stamped, self-addressed envelope bearing your full name and address. The pamphlet on reducing and raising is the only one for which you must inclose 10 cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the stamped, self-addressed envelope if you expect me to send you the information I have offered.

CROSSING OF LOS FELIZ PROTEST

Complaint Against Up for Immediate Rail Commission

As a move toward the elimination of the hazardous crossing of the Southern Pacific at Los Feliz Boulevard and Tropico, the Los Angeles Grade Crossing Committee today filed a complaint with the railroad with the State Commission.

A traffic check was made at the crossing showing that trains pass the intersection the sixteen hours of the day, 15,000 vehicles use the crossing. On Sundays traffic is about 30,000.

Commission officials announced that the matter will be turned over to the engineering department for immediate investigation.

The commission will also order the elimination of the dangerous crossing upon application of the Glendale Chamber of Commerce, which is expected to construct a viaduct across San Fernando Road and Broadway. During a hearing before Commissioner Bloomfield, developed that the city is ready to serve the Glendale Railway Company. Commissioner Bloomfield pointed out the safety of the proposed crossing and estimated that public safety was the chief factor in decision.

Hollywood to Host to Boys Y.M.C.A.

Hollywood has completed preparation to be host to hundreds of boys from all parts of Southern California, representing organizations, who will visit the cinema capital for what is known as the Y boys' holiday at the Y-wood.

Yesterday Goss stated that Behind, Shoshone was the scene of Grauman's Indian Village, attended an invitation to the leaders of four of the Y.M.C.A. clubs including Vance Fawcett, Hi Y, Dick Linthicum of the Valley Hunt Club in the Crown Chiefs, Jack Burnside of the Pioneers and George Bowman of the Friendly Indians.

At Grauman's Egyptian theater the day's festivities will be opened with a special matinee performance of "The Iron Horse," the conclusion of the picture the boys will march to the Hollywood Bowl, where a basketball game will be served and an elaborate program of speeches and music will be given. A. L. Gilbert, international secretary of the Y.M.C.A., and Middle-West division of the Y.M.C.A., will deliver the principal address.

Sorority Tea

Among the interesting affairs in fraternity circles is the reception planned for tomorrow afternoon at the home of Miss Genevieve Moloney, 1236 South Wilton Place, when Beta Delta chapter of Alphi Phi is entertaining with an elaborate tea in honor of the newly installed Alpha Sigma chapter of Delta Gamma. Five hundred invitations have been issued and the hours are from 3 to 6 o'clock.

Dinner Club

The last of the series of three dinner-dances with which the Dinner Club is entertaining this season at the Midwick Country Club, is taking place this evening, when many dinner parties will be given by hostesses, closing the season's festivities. The patronesses of the club this year includes Mrs. Roy Bayly, Mrs. Ernest Duque, Mrs. Charles Forve, Mrs. Paul Hammond, Mrs. Eugene A. Hawkins, Jr., Mrs. Van Buren Jarvis, Mrs. William Bradford Joyce, Mrs. James G. Scarborough, Jr., Mrs. Dwight Whiting and Mrs. Edwin Stanton. Among the hosts, who are entertaining with dinner parties are Mr. and Mrs. Eugene A. Hawkins, Jr., Mr. and Mrs. Edgar Dulin, Mr. and Mrs. Harrison Lobdell and Mr. and Mrs. John Henry Russell. The first affair of the season was December 10, the second taking place February 6.

Afternoon Affair

One of the delightfully planned affairs given as a prenuptial courtesy in honor of Miss Marie Crimson, a bride of the week, was the tea with which her cousin, Miss Ruth Jennings, who came from Salt Lake City to assist as bridesmaid at the wedding Wednesday evening, entertained at the Mary Louise on Monday afternoon. The tea tables were lovely with their decorations of sweet peas and other spring flowers in the pastel shades with a profusion of greenery, the place cards and favors carrying out the approaching bridal motif.

SUBDEB ON TRIP THROUGH EAST

She Plans to Enter Finishing School

Miss M'lee Cole

ONE of the attractive young subdebs who is enjoying a most delightful trip through the East is Miss M'lee Cole, daughter of Mr. and Mrs. Harry M. Cole of 1131 North Geneva street, Glendale. Accompanying her mother, Miss Cole left last Saturday for New York by way of the Panama Canal. After a visit through the Middle West, Miss Cole is planning to enter a finishing school in New York or Washington, D. C.

HOUSEHOLD SUGGESTIONS

Wooden Skewers

Keep the wooden skewers that come in the roast from the butcher. They are almost certain to come in handy, if not in actual cooking, they are useful to get into niches and corners when cleaning paint.

Poor Economy

It is unwise to give medicine to one child when it has been prescribed for another, even if their symptoms seem identical. Their constitutions may be very different and it is better to have the doctor see the little patient and prescribe anew.

Only Five Minutes More

The well-groomed woman takes the few minutes necessary to change her frock after the afternoon party before she goes into the kitchen to prepare dinner. Then she always has a clean feeling about the clothes she wears when she goes out.

CORNISH PASTIES

Chop half a pound of tender beef in small pieces and mix with two peeled and chopped potatoes, one peeled and finely chopped onion and a seasoning of salt and pepper. Roll short pie pastry one on a flounced board one-quarter inch in thickness and cut in rounds with a large biscuit cutter; place a tablespoonful of the meat mixture in the center of the pastry rounds, wet the edges, fold over and press together; place on a buttered baking sheet and bake in a hot oven forty minutes. Serve hot with brown gravy.

CARROT SALAD

Mix in a bowl rubbed with a crushed clove of garlic, two cupfuls of grated raw carrot, one cupful of chopped white celery, half a cupful of chopped seeded olives and half a cupful of French dressing. Serve on beds of shredded lettuce.

SWISS ROLL

Beat six tablespoonfuls of sugar to a cream and beat into it six tablespoonfuls butter; beat until light and creamy; beat in three eggs, one at a time, and beat one minute after the addition of each egg. Sift three-quarters of a cupful of sifted flour with a few grains of salt and beat into the mixture with one teaspoonful of grated lemon rind. Line a shallow baking pan with buttered paper, spread the mixture over half an inch thick and bake in a quick oven fifteen minutes. Turn out on a clean, dry cloth, sprinkle with granulated sugar, fill with soft jam, roll up carefully and let stand with the folded edge down for one hour. Cut in slices and pour over an orange-flavored custard sauce.

SAGO SOUP

Bring six cupfuls of clear consommé to a boil and stir in while boiling a cupful of quick-cooking sago and cook thirty minutes. Beat the yolks of two eggs with three-quarters of a cupful of milk, add half a cupful of the hot soup, mix well and stir into the soup, add a seasoning of salt, pepper and a grate of nutmeg. Reheat, but do not boil, and serve.

CHATEAU POTATOES

Cut four cupfuls of potatoes in small balls with a potato scoop cutter, wash them well, drain, place in a saucepan, cover with cold water, bring to a boil, add a teaspoonful of salt and simmer for six minutes; drain well, heat two tablespoonfuls of butter in a frying pan, add one tablespoonful of olive oil and when hot add the potatoes, taking care to have the potatoes cover the bottom of the pan in one layer; shake the pan over the fire until the potatoes are a light amber, place the pan in a hot oven and cook until a golden brown; drain off the fat and serve covered with Maitre d' Hotel butter.

The Fireplace in Summer

The porch fireplace will be attractive in the summer months with the aid of a trellis of wood made to fit in front of the grate. A flower box on either side of the grate holding a growing creeper trained over the trellis to hide the grate makes the fireplace surprisingly pretty and homey.

BABY SMOTHERED BY PILLOW IN HIS CRIB

Hugh Holley, baby son of Mr. and Mrs. Richard Holley of 101 South Seaside avenue, San Pedro, was found strangled in his crib yesterday morning by his mother. The infant's head had become wedged during the night between the pillow and a corner of his bed, strangling him. Mrs. Holley is in a serious condition as a result of the tragedy.

Fine fabric rugs look their prettiest on these NEW pattern floors

HOMEFURNISHING stores are now exhibiting the NEW colorful floors of Armstrong's Linoleum. You should see these designs that decorators have planned—rich designs that architects have seized upon to create more beautiful interiors.

There are neat inset tiles, marble tiles, Handcraft tiles, close figures, Jaspés—colors and patterns to match your hangings and to show your furniture and fabric rugs at their very best.

These new floors are easy to have. They are quickly cemented in place by experts over a layer of builders' deadening felt. From a worn, shabby, bothersome, splintery wood floor to a smooth, bulgeless, unbroken surface of Armstrong's Linoleum is only a single day. Waxed and polished occasionally, such a floor is a source of beauty for a lifetime. Easy to clean? Instead of heavy scrubbing on weary knees, substitute a few light strokes of your dry mop!

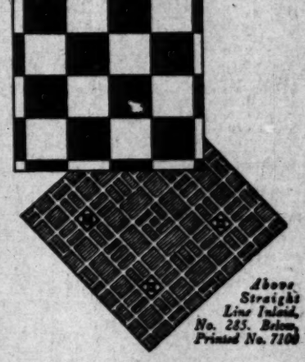
Ask to see the patterns that are

New for bedrooms and living-rooms

This richly quiet, two-toned pattern is called Jaspé. You can have it in green, blue, brown, or gray. The heavier pieces of dining-room and living-room furniture look so well on its softly rippling surface. For the pretty bedroom there are a host of colorful arabesques, medallions, and close-figured patterns in genuine inlaids, or in the even more moderate-priced printed linoleum.

New for entrance halls and sun porches

Prim black and cream tiles, colored tiles in richly marbled combinations all inset by hand—what entrance hall or sun porch could fail to be inviting with one of these new floors? Handcraft tiles of green, gray, blue, and red; Dutch tiles (an idea borrowed from the ruddy kitchens of spick-and-span Holland); and granites of blue, green, and cork-tan. Be certain you see them all.



Above Straight Line Inlaid, No. 285. Below, Printed No. 7100

Beautiful linoleum rugs for those who rent—Ideal for summer use

In genuine inlaids or sturdy, long-wearing printed linoleum, the new patterns of Armstrong's Linoleum Rugs await your inspection. Fresh beauty of design, cheerful patterns. These rugs are really built for all-year-round wear; but many women plan to use them particularly in the summer months while their fine wool rugs are stored away. These Armstrong's Linoleum Rugs lie flat. There's practically no wear-out to them.

CLIMAX NEARS IN SEMIFINALS

Six Groups of Orators to Talk on Constitution

Winners Will Participate in "Times" Contest

Civic Organizations Offering Prizes to Victors

SEMIFINALS CALENDAR

National Oratorical Contest semifinals will take place at 7:30 tomorrow evening, as follows:

Group A, Chaffey Union High, Ontario.

Group B, High School at Bakersfield.

Group C, Glendale Union High School.

Group D, High School of South Pasadena.

Group E, Bovard Hall, U.S.C., Los Angeles.

Group F, Belmont High School, Los Angeles

No admission fee.

[Full page of Pictures on Page 10, Part II.]

After months of preparation and hundreds of elimination tests the National Oratorical Contest on the Constitution will draw one step nearer its climax this evening when thirty-two young orators, representing the best forensic talent among 20,000 pupils in the 140 high schools from Fresno to San Diego, will clash at the semifinals.

The orators, divided into six groups, each group to meet at the contest center of its section, will battle for the honor of a place in The Times grand finals to be conducted in Los Angeles on the 24th inst. There will be six winners, one for each group, at tonight's meets. These six will be the contestants at The Times grand finals, where the winner of first place will receive a prize of $1000 and will get a chance to take part in the national grand finals in Washington, May 8.

NAMES OF ORATORS

The names of the orators who will take part in tonight's group meets, the schools they represent and the place of each meeting are as follows:

The orators of Group A, meeting at Chaffey Union High School, Ontario, are: Arthur Ribbell, representing San Diego High School; Merle Mann, Brawley High School; Virgil Pinkley, San Bernardino High School; George F. Mott, Jr., Riverside High School; Clayton E. Murdock, Escondido High School.

The orators of Group B, meeting at Bakersfield High School, are: Harry Smith, representing Bakersfield High School; Leonard Kirkpatrick, Taft High School; Bertram Edless, Fresno High School; Emma Culp, Visalia High School.

The orators of Group C, meeting at Glendale Union High School, are: Morris Panarsky, representing San Pedro High School; Frank Colston, Moorpark High School; Gregson Bautzer, Long Beach High School; Elsie Forsythe, Glendale High School; Melvin Clark, Venice High School; Tom Jones, Gardena High School.

The orators of Group D, meeting at South Pasadena High School, are: Dudley Kebow, representing South Pasadena High School; Leland Brooks, Santa Maria High School; Howard Bull, Covina High School; Ronald Anderson, Pomona High School; Virginia Cook, Excelsior High School, Norwalk.

The orators of Group E, meeting at Bovard Hall, University of Southern California, are: Herbert Wenig, representing Hollywood High School; Roy Candee, Polytechnic High School; Karl Kreder, Manual Arts High School; Frank Phillips, Jefferson High School; Charles S. Crail, Jr., Los Angeles High School; Mary Louise Wages, Franklin High School; Bernard Harrison, Lincoln High School.

The orators of Group F, meeting at Belmont High School, Los Angeles, are: Donald Newcomer, representing Burbank High School; Herman Kretzer, Roosevelt High School; Eugene S. McElmeel, Loyola College; Howard Kennedy, Owens Valley High School, Bishop; Arthur L. Redden, Belmont High School.

MUSIC TO BE FEATURED

Elaborate preparations have been made to conduct each meet in a fitting manner. In addition to the addresses of the young orators, there will be attractive musical features. At Bovard Hall music will be furnished by the Girls' Glee Club of the University of Southern California and the Manual Arts High School Band. At Belmont High School, the High School Orchestra will play and the Glendale program includes several selections by the High School Band and the Boys' Glee Club Quartet. At South Pasadena a high school chorus will sing and there will be a harp solo by one of the students.

The chairmen who will preside at the different meets are as follows: At Ontario, Merton E. Hill, principal of Chaffey Union High School; at Glendale, Albert D. Pearce, president of the Board of Trustees of the Glendale Union High School; at Belmont, Mark Keppel, Superintendent of Schools of Los Angeles county; at Bovard Hall, Mrs. Susan M. Dorsey, superintendent of Los Angeles schools.

All the auditoriums have been handsomely decorated with the national colors, and in some places persons interested in the contest have furnished floral decorations from their private gardens. Large delegations from each of the participating schools will be present to root for their champions, space having been reserved for these groups in a conspicuous place, roped off and indicated by placards in the manner employed at political conventions.

CLUB PRIZES

The only prizes to be awarded at the group meets are the silver cups presented by civic and municipal service organizations. At Bakersfield this trophy is furnished by the Exchange Club, at Ontario by the Lions' Club, at South Pasadena by the Kiwanis Club, at Glendale by the Glendale Chamber of Commerce, at Bovard Hall by the Los Angeles Chamber of Commerce and at Belmont by the Los Angeles Rotary Club. These trophies will be presented by the heads of these various organizations after the winners are announced, the cup in each case to go to the school represented by the victor.

A flood of reservations for seats has been received by Contest Director Blanks during the last ten days, and the indications are that the aggregate audience that will hear the young silvertongues express themselves on the Constitution at the six meets will run between 10,000 and 12,000. The meeting at each place opens at 7:30 p.m. and there is no admission fee, a cordial invitation being extended to the general public to attend.

ARMY-NAVY CLUB DRIVE ANNOUNCED

Manager Miller Tells of Plans for Membership Campaign and Expansion

The launching of an intensive campaign for membership in the recently reorganized Army and Navy Club of Los Angeles was announced yesterday by C. E. Miller, the manager of the organization. The campaign will be conducted from the Biltmore, where the club has taken up its quarters after moving from the Bank of Italy Building, following the reorganization and the election of a new set of officers.

The plans for expansion will be carried out on a sliding scale basis, Mr. Miller said. "When the first 500, constituting the charter membership, have been secured, the temporary quarters at the Biltmore will be enlarged to make provision for reading and smoking rooms and other facilities," he explained. "When we have gained 1000 members negotiations will be opened with a group of financiers for the erection of a permanent club home, which will probably involve an investment in excess of $1,000,000.

The board of governors as at present constituted is composed of Col. Perry Widener, bank president, and also president of the Association of the Army of the United States, the largest army organization in the country; Col. John Quinn, former national head of the American Legion; Col. Walter P. Story, Gen. T. C. Lyster, H. B. Henshey, judge-advocate in the Army during the war, H. S. Howland, Congressman Walter Lineberger and G. B. Stephens.

ACTOR SPAGNOLIA IS EXONERATED, FREED

Genaro Spagnolia, Italian film actor, yesterday was released from the City Jail where he had been held on a complaint charging that he attempted to assault Miss Lorraine Decker and periled the lives of tenants of a rooming-house by turning on the gas. His release was ordered by Detective Lieutenant Hickey after Miss Decker had denied that Spagnolia attempted to harm her. Spagnolia was arrested on complaint of Duncan MacCullom, who lived at the rooming-house at 1139 Laguna avenue, where the actor and Miss Decker resided. Detective Hickey said he found no evidence to back up assertions by MacCullom.

DRIVER EXONERATED IN TRAFFIC FATALITY

By a "Times" Staff Correspondent

SANTA MONICA, April 16.—A verdict of unavoidable accident was given today by a Coroner's jury which investigated the death of Robert Gillies, 42 years of age, of 3023 Wilshire Boulvard, this city. The inquest was at the Mendenhall morgue, and was conducted by Deputy Coroner McDonald. Gillies died Sunday at Santa Monica Hospital. He was injured March 25 last, at One Hundred and Twenty-fifth street and Santa Monica Boulevard, Sawtelle, by a car driven by Julius Raphael of Los Angeles.

MOTHER IS REPORTED FINED IN LABOR CASE

The conviction of Mrs. J. F. Kennedy of Los Angeles on a charge of permitting Hazel Kennedy, her 8-year-old daughter, to appear in a San Diego vaudeville house without a license was secured by State Department of Labor agents in that city Wednesday, the department here was advised yesterday. A warrant for Mrs. Kennedy's arrest was issued in San Diego Police Court some time ago, the officials say, but because the young actress was taken on a nation-wide tour it was not until Tuesday that her arrest was effected here, when Mrs. Kennedy voluntarily offered to go to San Diego and plead guilty. The mother was fined $50, according to the department advice. She was also sentenced to thirty days in jail, but this was suspended on the condition that the child will not appear hereafter without a license.

MARSHALS GO NORTH WITH NINE PRISONERS

United States Marshal A. C. Sittel and Deputy Marshal Eddie Rice left last night for McNeil's Island, near Tacoma, and Seattle and Spokane (Wash.) with nine prisoners, five of whom were Chinese, convicted of violating the Harrison Narcotic Act. The Chinese are subject to deportation. The other four prisoners are James Dwight Stevens, a sailor, charged with violating the Mann White Slave Act, and Josie Lane, accused Harrison Act violator, both destined for trial in Seattle; Harvey Wilson, held under the Mann Act, to be tried in Spokane, and Jessie Rust, witness.

BOY STRUCK BY AUTO

Ralph Borger, 13 years of age, was struck and seriously hurt yesterday at Belvedere by an automobile driven by Mrs. Stein of Belvedere. He was taken to Santa Fe Hospital. Deputy Sheriff Sweesy was assigned to investigate.

BLEDSOE CITES CRYER FAILURES

Jurist Says Mayor's Sins of Omission Are Issue

Former Judge is Speaker at Franklin School

Briegleb Writes Reasons for Backing Candidate

Declaring that Mayor Cryer's four years in the Mayor's office has been a record of "executive and administrative ineptitude," former Judge Bledsoe spoke last night at a mass meeting held at Franklin High School. The candidate said: "My criticism of Mayor Cryer is because of his executive and administrative ineptitude. He displays a lack either of disposition or ability, perhaps both, to make himself the intelligent and effective champion of the city's rights that we have a right to expect of one occupying the Mayor's chair. His record is not to be weighed in the light of things done. Sins of omission may be just as productive of disaster as sins of commission. It is the sins of omission that I am particularly concerned with in this present campaign. It is what he has failed to do when called upon to act and to protect Los Angeles that has given urge and cause for this present campaign. The issue in the campaign is not what Congress may do in the Imperial Valley, but what Cryer has not done in the city of Los Angeles. Upon that issue my candidacy is based.

PRAISE WHEN DUE

"When the present Mayor has done something worth while and justifying an expression of confidence and appreciation from those who have in the past supported him, I have not hesitated to give expression of my appreciation.

"It was ever given with emphasis as it was given with sincerity. But because one has been faithful in a few things is no reason why he should be awarded praise for all things. And as to outstanding things, things of moment, things calculated to affect vitally our city's future and growth, it is my deliberate judgment that praise should be denied.

"As my friend, William H. Anderson, in his letters to the lawyers of our city, so aptly phrased it: 'I have reluctantly become convinced that he did not only not possess any (of the requisite) qualifications other than good intentions and personal integrity, but that he possessed no initiative, no ability to make up his own mind on any subject before him and was evidently dependent upon those surrounding and influencing him for any determination as to how, when, and why he should act upon the sundry business matters involved in the administration of his official duties; or in other words, that he was not the Mayor of Los Angeles.'

"Having myself reluctantly come to this conclusion I am opposed to his continuance in the enjoyment of the title of the office for another four years."

BRIEGLEB DELIGHTED

Following up his enthusiastic verbal indorsement of the mayoralty candidacy of Judge Benjamin F. Bledsoe with a letter to the Bledsoe-for-Mayor committee, Rev. Gustav A. Briegleb, pastor of the Westlake Presbyterian Church, gives his reasons for supporting the former Federal jurist as follows:

"It has been my intention for some weeks past to address a communication to you expressive of my delight in noting that Judge Benjamin F. Bledsoe announced his candidacy for Mayor of Los Angeles.

"Having known Judge Bledsoe for a number of years, it is with great joy that we hail his entrance into this campaign. To his integrity of character no man can have any doubt. His stand upon great moral issues has always been beyond question.

VIGILANCE NEEDED

"The effort to elect him will require great vigilance and endless perseverance, for no man with his ear to the ground can mistake the ominous sounds which come from the camp of the forces of unrighteousness, who would make of our splendid city a place of lawlessness and vice."

Continuation of the regular Friday afternoon meetings of the women supporters of Judge Bledsoe at main headquarters, 425 South Spring street, will today be signalled by an especially attractive program of music and speeches. Paul LaBoniff, tenor, has volunteered to give a group of songs. Esther Ray Dawn, one of the whistlers of the Southland, whose popularity is standard, will also be on the program. Miss Esther McKenzie will be the accompanist. Several good speakers, together with the usual informal discussion at the close of the speaking schedule, will constitute the remainder of the program.

ANGELENOS INVITED TO BEACH EXPOSITION

An invitation to city officials, members of the Chamber of Commerce and the Los Angeles public to attend the fifth annual harbor industrial exposition of Southern California, in Long Beach, the 22nd to 29th inst., was extended by the Long Beach Chamber of Commerce at the meeting yesterday of the board of directors of the Los Angeles chamber. The invitation, in the form of a parchment scroll bearing the seal of the Long Beach Chamber of Commerce, was signed by Ray R. Clark, Mayor of Long Beach; H. F. Burmester and J. David Larson, respectively, president and executive secretary of the Long Beach chamber, and by Paul C. Graham, chairman of the of the exposition committee.

MOTORSHIP STALLED; TUG GOES TO HER AID

The Wilmington Transportation tug Jimmie K, left Los Angeles Harbor yesterday to take in tow the motorship Katherine R., operated by the Inter-American Navigation Company, which ran out of fuel about 800 miles south of Los Angeles Harbor. The vessel was en route from Salina Cruz, Me., to the harbor here with a cargo of tomatoes. The cargo, it is believed, will prove a total loss because of the delay. The motorship is awaiting the tug at Cape San Lucas, where she sought shelter after her fuel gave out.

Seven Liners Scheduled to Dock With Passengers

Returning Hawaii Tourists Included in Number

Four Yachts Expected to Go on Southern Cruises

Heading the list of seven liners bringing 1000 passengers to Los Angeles Harbor today, the liner City of Los Angeles will dock at 9 o'clock this morning, carrying 320 passengers, mail and 3600 tons of canned and fresh pineapples, molasses and other Hawaiian Island products. Aboard also are a dozen automobiles which tourists took with them on their excursions over the islands.

That the island cruises are attracting many pleasure seekers through Los Angeles from outside cities is indicated by a report from the Los Angeles Steamship Company that half its passenger traffic originates outside Southern California.

The Pacific Steamship Company's greyhound H. F. Alexander also will arrive this morning on her second trip of the season, bringing 250 tourists from Seattle and San Francisco. Other passenger carriers during the day will be the Admiral Fiske from San Francisco, Yale from San Diego, Newport from San Francisco, East Asiatic motorship Siam from Gothenburg, Sweden, and the Lochgoil from Europe.

The Manchuria of the Panama-Pacific Line will bring several hundred more passengers from the Atlantic Coast tomorrow, and the President Hayes will arrive from New York Monday on her fifth trip around the world for the Dollar Line. She will be in command of Capt. F. E. Anderson, former commander of the Diana Dollar.

PLEASURE CRAFT TO TAKE WEEK-END TRIP

Four yachts are expected to get under way for a cruise of several days down the Mexican west coast during the week-end, where game fishing is reported excellent, tuna and swordfish running in record numbers near the southern end of the peninsula. They include Don Lee's Invader, Hal Roach's Gypsy, Harry Mallen's Harry, Jr., and the Pasado Manana.

The Black Swan, with her owners, Mr. and Mrs. F. C. Huble, and guests aboard, is expected back Monday from an extended cruise which she set out for Jamaica, but is understood to have been diverted to the Revillagigedos Islands, the little known group several hundred miles off the Mexican west coast, where a party of American and Mexican scientists are proceeding from San Francisco to study the flora and fauna.

The steamer M. J. Scanlon, largest coastwise lumber schooner recently built on the coast for the Hammond Lumber Company, and brought here under charter to John Chapman, sails northward today to go under charter to the General Steamship Corporation to carry Puget Sound lumber to the Atlantic Coast. On her return she is expected to be put on the coastwise lumber run by the Hammond company.

The new Matson Company tug Mazi, ninety-one tons net, recently bought from the Shipping Board on the east coast, is expected here shortly, en route to the Hawaiian Islands to tow pineapple barges between the Hawaiian Islands. She will call here for bunkers, and may change her crew here. The Mazi formerly was known as the Mocaltauka.

The Annette Rolph, which has been running between here and the Northwest under lumber charter, will make her first trip here today from the Columbia River, after inaugurating the James Rolph, Jr.'s, new coastwise freight service between Portland, San Francisco and here. Three other vessels, the Georgina Rolph, Viking and the James Rolph II, will follow on the run, giving a five-day service in and out of here.

The new passenger steamer Princess Marguerite, of 2710 tons net, recently completed on the Clyde for the Canadian Pacific Steamship Company, and flying the British flag, is due here Sunday, en route to her owners at Vancouver. She will be placed on a run on the Puget Sound with her sister ship the Princess Kathleen, a recent caller here, and one of the most elaborate small passenger carriers ever visiting here.

The freighter Dorothy Luckenbach, Capt. Arthur H. Sears, arrived here yesterday, fifteen days and eight hours from the New York pier, and with a total steaming time, not counting the delay at the Panama Canal, of fourteen days and eleven hours, is within a few hours of her own record, established more than a year ago. She has 3906 tons for here. The Lewis Luckenbach, Capt. E. H. Read, is due Sunday morning from the Puget Sound, en route to Philadelphia with more than 8,000,000 board feet of lumber, consigned to the New Jersey city at the Quaker City. Her former world's record lumber cargo was 7,500,000 feet.

News of Ships and Sailings at Pacific Ports

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 16.—Reduction in rates on shipments of canned goods and dried fruits from the Pacific Coast to Europe have been agreed upon by representatives of the twelve steamship companies operating in this trade, it was said here today. This was taken, it is said, to meet the competition of trans-shipment rates of the International Mercantile Marine from the Pacific Coast to Europe, via the Panama-Pacific Line, which recently announced a reduction in its rates.

Six hundred tons of cement were taken on at the Redwood City wharf of the Pacific-Portland Cement Company by the McCormick freighter Silverado, which arrived from Los Angeles today. This consignment was the first to leave this wharf, which was completed several weeks ago.

TACOMA, April 16.—Taking on nearly 600 tons of copper at the smelter, where she arrived this morning, the Holland-American freighter Moordijk began loading 20,000 deors.

Coming with 4,000 tons of freight, the Isthmian liner Greylock is slated to arrive some time during the night. She will take on a large amount of lumber for her return trip to North Atlantic ports. The Clarement of the McCormick Line, with a general cargo, is due this evening to pick up a cargo of lumber for her return trip south.

The Williams liner Willhile is scheduled to arrive some time tomorrow morning from eastern ports.

The freighters Caddopeak and Skagway of California, both got away for Seattle about noon today. Lumber was the chief cargo.

Docking early this morning from downsound ports, the S.

STARS ARE CAST

GAYNE WHITMAN, DON ALVARADO GET FINE ROLES

By Grace Kingsley

Warner Brothers don't allow the talents of their players to rust in napkins or their lights to be hidden under bushels, or to do any other sort of such like flops. Wherefore it was all on the cards that Gayne Whitman, matinee idol of the Morosco during the past six years, shouldn't be allowed to loaf very long before being cast in a picture.

The engaging young man has been cast for one of the leading roles in "The Wife Who Wasn't Wanted," Beas Meredyth's story which James Flood is directing for the Warners.

Although Whitman isn't entirely new to pictures, it has been some time since he worked before a camera. Consequently the first day he was as nervous as a Follies girl meeting her first millionaire, but that soon wore off, and Flood has become very enthusiastic over Whitman's work. His dramatic scenes with Irene Rich show his years of training on the stage.

Another important part in the picture is being played by Don Alvarado, also lately signed by Warners. Alvarado is a young Spaniard recently signed because of his type and personality. He had little or no screen or stage experience, but his purely Latin type and photographic qualities, coupled with the work he has done as an extra and in bits, has won him bigger parts. It is the Warners' intention to groom him for leads in the very near future.

"The Wife Who Wasn't Wanted" is the first story Miss Meredyth has turned out for the Warners. It was taken from the novel by Gertie de Wentworth-James, and is admirably suited to Miss Rich and Huntly Gordon as the leads.

"WHAT PRICE GLORY" BOUGHT BY MACLOON

If Louis Macloon keeps on grabbing plays, there won't be a bit of good of eastern managers sending companies to Los Angeles.

That much-discussed, sensationally successful war play, "What Price Glory," by Laurence Stallings and Maxwell Anderson, has been secured by Macloon for presentation at one of his theaters here, probably the Playhouse, though it may possibly succeed "No, No, Nanette," at the Mason, if that most charming of musical comedies ever stops running.

Mr. Macloon returned yesterday from New York, and fired that big news gun first, clatter out of the box. Well he might, as the play is without doubt the most sensational hit that New York has housed within remembrance. It is a World War play, written by two men who were in it, and whose clear vision of that terrible conflict made them able to reproduce a terrifically vivid dramatic picture of it.

"What Price Glory" is now in its thirty-ninth week at the Plymouth Theater in New York, and many have been the bids of outside managers for it, but to all of them the authors have said nay. Somehow Macloon in his artless Japanese way managed to get around them, with the result that Los Angeles theatergoers will probably have a chance to see the play before any of the rest of the country outside of New York sees it. Just how anxious managers have been to secure the play is evidenced by the fact that one of them in Cleveland offered the authors and New York managers the large sum of $20,000 to be allowed to play the piece a fortnight. Their offer was refused. The authors are very jealous of their property and the manner of its presentation.

Just who will play the role of Flagg in the piece—which is the role played by Louis Wolheim in New York, isn't at all settled. Mitchell Lewis's name has, however, it is known, been mentioned in connection with the role.

Monte Blue H—l Bent

Maybe you aren't aware of the thrilling fact that Monte Blue was once a railroad engineer. However, such is the fact.

Now comes the news that Monte broke all speed records in the Royal Gorge, thereby giving his co-workers and train crew the thrill of their lives, while making location scenes near Canon City, Colo., for "The Limited Mail," the Warner Brothers production, in which Monte is featured. The company has just returned from the Royal Gorge with the thrilling scenes safely canned.

Although it has been many years since Monte Blue sat in overalls at the throttle of a steam locomotive, and although the controls of the big modern "moguls" are quite different from the simple throttle, reverse lever and air brake of the star's day, still Monte's quick wit and practical mind enabled him to save the day when he found himself in the cab of what was practically a runaway locomotive, corkscrewing around the sharp turns of the Royal Gorge at a much higher speed than trains are supposed to make over this stretch.

Verschleiser Starts

With a new series of six feature productions, five of which have already been selected, Ben Verschleiser will immediately start on one of the most extensive programs planned by any of the independent producers for the remaining months of 1925.

The deal with Verschleiser was consummated last week by Samuel Briskin and George Davis, president and treasurer, respectively, of Banner Productions, who made a special trip to the Coast to arrange the details of the transaction.

"The Love Gamble," the first of the new series, will be placed in production next week at the Principal Pictures studio on Santa Monica Boulevard. This is an adaptation of Maisie Greig's popular novel, "Peggy From Beacon Hill." It will be followed by "The Checkered Flag," from the novel by John Mersereau; "Brooding Eyes," from John Goodwin's "The Man With the Brooding Eyes;" "Whispering Canyon," a classic of the great lumber forests of the West, and "Salvage," from the recent serial story by Zola Forrester. The sixth of the series has not yet been chosen.

ROBERTS BAND TOMORROW

Hal Roberts and his Golden State band will appear in its last indoor concerts tomorrow at the Philharmonic Auditorium, before leaving on an extended concert trip that is to include many of the large eastern cities.

The matinee program starts at 2:15 and the evening program at 8:15. Both programs will include classical and popular numbers.

From whiskered comedy to titled gallantry is Raymond Hatton's newest shift in screen personality. In "The Devil's Cargo" and "Adventure" he dodged his barber and contributed guffaws to the picture. In his latest role, a featured part in "In the Name of Love," he plays a dapper marquis and contributes a love scene to the play.

McAVOY CHOSEN

Will Play Featured Part in Elinor Glyn's "Only Thing"

May McAvoy has been chosen to play the featured role in "The Only Thing," Elinor Glyn's latest story, which Metro-Goldwyn-Mayer will produce.

Whether this is an indication that Mme. Glyn has written a new type of story far different from her "Three Weeks" and "His House," or whether the charming May has developed a new strain of sophistication while engaged in "Ben Hur," is problematical.

The predilections made by Metro-Goldwyn-Mayer officials last year when May was hurriedly dispatched to Rome have been more than fulfilled, according to those who have seen her portrayal of "Esther" before the kleigs. Miss McAvoy is one of the few prominent players to steadfastly refuse long-term offers with producing companies. Not since she obtained her release from Famous Players-Lasky has she given serious consideration to such advances.

She is now in the ninth month of her featured role in "Ben Hur," and as no finishing date has been scheduled for this production, the starting date of Mme. Glyn's newest vehicle will be only tentative.

Feeling that a new job called for a new home, Bess Meredyth, screen scenarist, has just established a new residential headquarters. Miss Meredyth has just moved into a bungalow on Crescent Heights Boulevard. Her moving is a real scope for the furniture dealers, for she is furnishing the place with Persian rugs and Persian tapestries. She recently signed a new contract to write exclusively for Warner Brothers. Her latest scenario, which she has just finished, is "The Wife Who Wasn't Wanted."

John Goodwin's sensational book, "Without Mercy," has been purchased by Metropolitan Productions Inc., according to an announcement from William Sistrom, production manager, and will soon go into filming at the Hollywood studios. George H. Melford has been signed to direct "Without Mercy" and Monte Katterjohn will adapt the story for the screen.

SPOKEN PANTOMIME BY RANSOME CLASS

Real English Type Delights and Charms at Gamut

BY FRANCIS KENDIG

"Once upon a time — a long, long, oh, a very long time ago, in the days when there were real fairies"—and that is the way of the delightful English pantomime staged last evening at Gamut by Ethel Ransome. This production, one of the most unique which I have ever seen, is to be given again tonight and tomorrow afternoon, and the following Saturday afternoon.

First it must be explained that this example of the true English pantomime is not the "dumb show," with action only, as Americans generally think of the word. Instead the English pantomime contains words, action, ballet, singing and plot. This one, "Pinkie and the Fairies" is by W. Grayham Robertson, an English playwright, and was made famous at Her Majesty's Theater, London.

No parent with children between the ages 4 and 10, or any age, for that matter, should miss seeing this charming pantomime. One might discuss broadly the play itself, the action, the starlets, but of even more importance is the evidence of fine training, the beautiful diction, the charm of bearing, which these children display. That, and the fact that here is entertainment of high order, staged especially for children, are to me the most important things about the production.

There was a time when I loved to play hide and seek in the dusk, and catch lightning bugs in the rose garden, but that was a long time ago—not really very long, but how thoroughly sophisticated and unimaginative we do try to make ourselves as soon as we leave childhood a few years behind. And the truly glorious thing about Miss Ransome's production is that it was given from a child's own viewpoint.

The second performance will no doubt be smoother even than was the first; of course, even with these talented children, the lines and lines which they must commit occasionally slip their memories in the speed of performance. The dances and various effects were beautiful and well managed. The costumes were brilliant—in fact, it was, all in all, a somewhat expensive production.

Too much can scarcely be said regarding the real merit of producing entertainment for the impressionable age of childhood. Certainly this wholesome entertainment is far better for a child than the disgusting and revolting sex plays to which parents send their children every Saturday afternoon, and more frequently. Miss Ransome herself is an adorable actress, but she is more than just that, for behind her production is purpose and vision.

SCHIPA PLEASES IN SECOND PROGRAM

Tito Schipa, premier lyric tenor of the Chicago Opera, presented his second concert of the season to a crowded house last evening at Philharmonic. As before he was assisted by Jose Echaus, pianist, in solos and accompaniments.

The audience for the most part was highly pleased in every respect by the account which the tenor gave of himself, and since the program was almost entirely in Italian, with some French, and but two English songs, their applause and appreciation is but another proof that beautiful music speaks more truly to the soul than to the intellect.

Tito Schipa possesses that marvelous faculty of repose so longed for, and so rare. His audience drinks in the golden notes, and from the encores which he gave it would seem that their thirst might never be quenched. He sings with such exquisite nuance; his charm of manner and generosity in matter of encores strengthen the good impression which he creates.

It is hard to choose from among so many beautiful numbers, but it was interesting to note the unusual effects in "Quiereme Mucho" (Reig) and "Song of Cuba" (Schipa.). Always quieting, soothing through sheer beauty, his temperament sustains, to an exquisite warmth. His Debussy was an exquisite encore and "O Sole Mio" greatly pleased his audience.

Ruth Clifford seems to have carved herself a permanent niche in the Universal film fold. She scored a distinct hit in "Butterfly" and shortly afterward was cast to play the lead opposite House Peters in "The Tornado," his first starring vehicle under his new contract with Laemmle. This picture was a box-office success and again Miss Clifford's worked was highly praised. Now she is to appear opposite Peters in "The Titans," which Edward Sloman is to direct for Universal. Production is scheduled to start on the new picture in a few days.

"SPIRIT" WAS VEIL-CLAD MEDIUM

Detective Tells How "Ghost of Youth's Grandmother" Was Seized in Seance and Proved to Be Female in the Flesh at Spiritualists' Hearing

By a "Times" Staff Correspondent

LONG BEACH, April 16.—How the ethereal spirit of a young man's grandmother, which flitted about in a ghostly dark room, suddenly became a female in the flesh clad only in a small thin strip of gauze was related in Justice Brayton's court today by Detective Sergeant J. E. McClelland, where five so-called spiritualists were facing charges of criminal conspiracy. The hearing grew out of the raid here on March 1 conducted by police on "Power Center," where officers broke up a spooky seance after a fist fight.

The defendants are M. Thompson, his wife, Elizabeth Thompson, widely advertised spiritualist medium, their daughter, Thelma Thompson of Chicago; Nell Wood, and Mr. and Mrs. Clarence Pollard.

The spiritualists had agreed to produce the spirit of the grandmother of Pierce A. Hodge, Huntington Park follower of the science, Detective Sergeant McClelland testified.

.. WEIRD OBJECT APPEARS ..

"Taking Policewoman Hattie Philbrick and Mr. Hodge with me, we went to Power Center and paid $6 for admission to the seance," the officer testified. Hodge was led to a place in front of a cabinet by Thelma Thompson, daughter of the medium. Gripping Hodge tightly by the wrists to prevent him from moving too near the cabinet, the girl announced that the spirit of the youth's grandmother would be revealed to him.

Then there came from the cabinet a weird object visible from the waist up. It moved about but made no sound and Hodge, at a signal from Detective Sergeant McClelland, broke away from his girl guide and made a lunge at the figure. The "spirit" attempted to get back into the cabinet, but Hodge held, the officer testified, and a battle ensued in which, the officer declared, he received a punch in the face from M. Thompson, husband of the "spirit."

CLAD ONLY IN VEIL

Policewoman Philbrick switched on the lights and summoned Detective Sergeant Glenn from outside the building. When the lights went on the scene revealed Mrs. Elizabeth Thompson, in the role of the young man's grandmother, stretched on the floor. About her legs was tangled the thin gauze veil. That was all the clothing the woman wore, the officer testified.

The undressed "spirit," her husband, daughter, Mr. and Mrs. Pollard and Nell Wood were arrested, McClelland testified that receipts of the session, amounting to $116 were seized by him, together with a large amount of literature, and that in the money bag he found a marked $10 bill he had tendered for admission.

Hearing in the case will be continued tomorrow.

ILLEGAL FILM AGENTS HIT

First Move in Drive Against Illegitimate Booking Enterprises Results in Arrest of Two Men

First move in a campaign by the Better Business Bureau of the Los Angeles Advertising Club to drive out illegitimate screen booking agencies from Los Angeles and Hollywood came yesterday in a raid upon the offices of the Hollywood Booking Agency, 6042 Sunset Boulevard, and the arrest of its principals, Ben Goldstein, 1210 North Bronson avenue, a "casting director," and E. F. Crouchly, 610 Vista street, "booking agent."

The two men were charged in a complaint issued by Chief Deputy City Prosecutor Concannon and sworn to by James L. Marshall, a police officer, with failing to procure a permit from the State Labor Board.

The arrests followed an investigation by Ferriss Miller, head of the Better Business Bureau; Deputy State Labor Commissioner Baker and Officer Marshall.

At the time of the arrest the two men were endeavoring to sell the business, which, it is averred, suffered a sudden slump following an announcement that members of the Motion-Picture Producers of America, Inc., would shortly establish booking agencies to handle all of the business of studios working under the Hays plan.

Goldstein and Crouchly were arraigned yesterday before Police Judge Frederickson and were given until the 24th inst. to plead.

SIGN CITY HALL CONTRACT

Council Sends Austin, Parkinson and Martin Bid Back to Board; Mandamus Proceedings Expected

Municipal officials indulged in considerable activity yesterday concerning the selection of the architect for the proposed new $5,000,000 City Hall, which has resolved itself into a duel of wits between the City Council and the Board of Public Works.

The Council seemed to have achieved yesterday's decision, as their contract with Curlett & Beelman was received, adopted, and later signed by President Workman, while City Attorney Stephens disapproved the Board of Public Works' contract with John C. Austin, John Parkinson and Albert C. Martin and forwarded a caustic communication embodying his reasons.

The board acknowledged receipt of the rejected contract, which had been sent to the City Attorney for his approval as to form, and voiced no comment. It is believed, however, that attorneys for Austin, Parkinson & Martin will file a writ of mandamus against Mr. Stephens, demanding that he appear in court and show cause why he refused to approve the contract.

The Curlett & Beelman contract was delivered to the Council at yesterday morning's session and was approved in short order.

The fee to the architect for the design and supervision of the new City Hall has been set at 6 per cent, or $300,000.

WORKMAN'S FATHER SIGNED OLD CONTRACT

When President Workman signed the contract between the City Council and the architectural firm of Curlett & Beelman for the design and superintendence of the proposed new $5,000,000 City Hall, he dug up out of the city archives a similar contract signed by his father, the late Mayor W. H. Workman, November 1, 1887, with the firm of Caukin & Haas to design the present City Hall.

The ancient contract set forth that the architects were to receive a fee of 5 per cent on the sum of $175,000, to be expended on the erection of the building. The 6 per cent fee to the present architects amounts to $300,000, nearly double the cost of the original hall.

W. B. Wilshire signed the old contract as a witness.

FIRE CHIEFS OF COUNTY CELEBRATE

Leaders of Thirty-two Companies Are Present at Get-Together Meeting

The first birthday of the Los Angeles County Fire Department was celebrated at Graham yesterday when battalion chiefs and captains of the county's thirty-two fire companies held a get-together meeting with County Fire Chief Flintham and representatives of the citizens' committee in the thirty-two fire districts.

One of the features of the meeting was the "surprise" presentation to Chief Flintham of a gold fire badge, set with a diamond, the gift from men of the department and members of the citizens' committee. The badge is a token to Chief Flintham of the appreciation felt for the efficient building up of the county fire department within only a little more than a year's time.

CLUB TO BE ENTERTAINED

PERSONALS—
Business

LADIES of means, your attention please. We are manufacturers of a line of cosmetics that for excellence and purity have no equal. Thousands of stores, beauty parlors and individuals gladly bear testimony to that. Our now famous trademark was first introduced in 1905. The business was started in the smallest way conceivable. It is growing from year to year without the aid of advertising, merely upon its irresistable merits. This in itself speaks louder than praise in a field that is dominated mainly by national advertising. Many of our appreciative patrons have urged us repeatedly to step to the front to incorporate and combine with outside capital. We finally have done so and have incorporated under Cal. State laws and now wish to place $40,000 of our capital stock with as few parties as possible, because we ourselves know and feel that the opportunity we offer is too good for indiscriminate distribution. Our business is open to the strictest investigation for those who wish to join us with $1000 or more. Please address H, box 156, TIMES OFFICE.
